Why on earth have you agreed to allow rob Willis to take over the pub formerly known as the bay tree inn in Seaford when you know very well he was part of causing huge disturbance and nuisance to neighbouring residents throughout the last year?? I am really shocked and appalled by this. And over and above that you are allowing him to open at 10 a.m. when you know there are huge issues with awful loud music and loud drunken people in the garden until at least 1 a.m. in the mornings, when are we supposed to get a break from listening to the shrieking, yelling and swearing? This is highly irresponsible of you, who do not even live in Seaford presumeably, and deeply disrespectful to local residents who actually have to deal with this man's poor management. Last night rob allowed people to gather around tables to chat until 1a.m., as though it were part of the pub to be used as normal. It wasn't just one or two people popping out here and there for a smoke. The plough does not allow this so why should rob allow it? They were also emptying out the glass at half past midnight! I texted him to let him know all of this was disturbing, but he did not respond, despite having tried to describe himself in a letter to me as an approachable man who is not happy if the neighbours are not happy. His letter to me to reassure me things will change does not replace his actual actions.

Subject: Re: Bay Tree Inn Review Hearing

Dear Mr Michael Moss,

I wrote to the council to complain about Mr Willis as new Manager of the newly named pub, as I have had to complain since he has been designated person and do not understand why he has been allowed to take over. however at the time of writing I was unaware of the review application. I would like to have my concerns raised at the review, if this is possible, however, I have no wish to be present at the hearing, I am not comfortable with having to face lawyers, it is not me who needs to prove anything. I just want a respectable pub with a responsible manager who will keep music levels confined to the pub itself, and clients under control and stop them from being over loud with their shouting and swearing for hours on end when outside. the same faces continue to appear despite the change, so how will Mr Willis be changing the pub? It needs to be through strong management and not just placating words and name change.
Thank you for enquiring.

Kind regards

Kate Homewood Richardson
