SIGNIFICANT GOVERNANCE ISSUES 2018/19

The Managers’ Assurance Statement will help you consider whether there are any significant governance issues which have occurred in 2017/18 and which may be considered appropriate for inclusion in the Council’s Annual Governance Statement. Please identify any Significant Governance Issues.

Guidance from the Chartered Institute of Public Finance and Accountancy (CIPFA) indicates that a single definition of a significant governance issue is not possible. Officers will need to exercise judgement in deciding whether or not a particular issue should be regarded as falling into this category. Factors which may be helpful in exercising this judgement include:

- The issue has seriously prejudiced or prevented achievement of a principal objective.
- The issue has resulted in a need to seek significant additional funding to allow it to be resolved, or has resulted in significant diversion of resources from another aspect of the Council.
- The issue has led to a material impact on the accounts.
- The Audit and Standards/Governance Committee has advised it should be considered significant for this purpose.
- The Head of Audit and Counter Fraud has reported on it as significant for this purpose in the annual opinion on the internal control environment.
- The issue, or its impact, has attracted significant public interest or has seriously damaged the reputation of the Council.
- The issue has resulted in formal action being undertaken by the Section 151 Officer and/ or Monitoring Officer.
