Introduction

Introduction

Welcome to Lewes District Council's Annual Financial Report 2011/12. This document provides a summary of the Council's financial performance in the year and a look forward to 2012/13. The main purpose of the document, however, is to present the Council's formal Statement of Accounts.

The Key Accounting Standards and Statements

We have followed the Chartered Institute of Public Finance and Accountancy's Code of Practice on Local Authority Accounting in the UK (the 'Code') in putting together our Statement of Accounts for 2011/12. The accounts fairly reflect Lewes District Council's financial position for the financial year ended 31 March 2012. Our accounting policies are outlined in this document and have been fairly and consistently applied. We keep proper and up to date accounting records and take all reasonable steps to prevent and detect fraud and other irregularities.

The Director of Finance is the statutory officer responsible for the proper administration of the Council's financial affairs. He is required by law to confirm that the Council's system of internal control can be relied on to produce an accurate Statement of Accounts. His statement of assurance for 2011/12 appears on page 122 of this document.

It is a requirement of the Code of Practice that the Council prepares its Financial Statements in a way which makes them easy to compare with those of other local authorities and private sector bodies. In some years, the accounting 'rules' that we must follow change: for 2011/12 the most significant change is the adoption of a new class of assets, Heritage Assets, which is shown separately on the Balance Sheet. Note 1 to the Financial Statements on page 20 explains how this change has impacted on the figures that we published last year in our Statement of Accounts 2010/11 and Note 2 (11) on page 31 sets out the rules that we now follow.

An explanation of the purpose of the Core Financial Statements follows:

Movement in Reserves Statement

This Statement shows the movement in the year on the different reserves held by the Council, analysed into 'usable reserves' (i.e. those the Council can apply to fund expenditure or reduce local taxation) and other reserves.

Introduction

Comprehensive Income and Expenditure Statement

All local authorities are required to maintain a Comprehensive Income and Expenditure Statement. This records all of the expenditure and income used in the day to day provision of all services including Council housing and also includes any gain or loss from the use and disposal of assets within the period. The Statement also shows how much is received from council taxpayers and from general government grants to help meet the net cost of services.

Balance Sheet

The Balance Sheet provides a snapshot of our financial position as at 31 March 2012 and includes the General Fund and Housing Revenue Account balances. It sets out what we own, what we owe and what is owed to us at that point in time.

Cash Flow Statement

This Statement summarises the total cash movements during the year for both capital and revenue purposes.

Supplementary Financial Statements

In addition to the Core Financial Statements we are legally obliged to maintain the following financial statements separately from our other funds and accounts.

Housing Revenue Account (HRA)

This account shows the transactions that have arisen because we are a local housing authority. We are responsible for collecting money from tenants who rent the houses and flats that we own, and we use that money to manage, maintain and improve those homes. We also have to pay Government a 'negative' amount of housing subsidy which means that part of our tenants' rent is paid into the national housing pot and used elsewhere in the country. The transactions within this account are included within the Comprehensive Income and Expenditure Statement and HRA balances are included within the Balance Sheet.

Collection Fund

This account shows the transactions that have arisen because we are a billing authority. This means that we are responsible for collecting non-domestic rates which we pay over to Government. It also means that we are responsible for collecting council tax which we pay over to the precepting authorities – the Police, the Fire Authority, the County Council, and the Town and Parish councils – as well as to our own General Fund. The transactions within this account are not included within the Comprehensive Income and Expenditure Statement because they do not relate to the day to day operational services we deliver.

Review of 2011/12 and Outlook for 2012/13

Review of 2011/12

This part of the Statement of Accounts provides a summary of what happened in financial terms during the year.

The Council's expenditure and income is categorised as either revenue or capital:

- Revenue expenditure and income represents the money we spend or receive on a day to day basis in delivering operational services, like refuse collection and recycling and parks and open spaces. There is a clear separation between the General Fund (which provides general services for the benefit of all of our residents across the district and is financed from the council tax, government grants and other income such as fees and charges) and the Housing Revenue Account which provides council housing services specifically for our tenants and which is financed mainly by their rent.
- Capital expenditure is the money we spend on assets that last for many years, like buildings and vehicles. We finance this mainly from government and other grants, from the sale of our assets, and from our own revenue resources. Following the HRA reform at the end of 2011/12 we now also finance a significant amount by borrowing which we pay back from our income over time, much as a private homeowner would repay a mortgage.

General Fund

Our Comprehensive Income and Expenditure Statement is shown on pages 15 and 16. It records a deficit for the year of £53.574m after taking into account amounts charged to the accounts in accordance with accounting regulations but which are then reversed through the Movement in Reserves Statement (shown on pages 13 and 14). The most notable example is £56.673m in respect of an exceptional Housing related payment to the Government. Taken together, the two Statements demonstrate an overall £0.207m increase in the General Fund Balance, which increases the amount held to a total of £2.063m at 31 March 2012. In other words, the General Fund Revenue Account (against which council tax is raised) made a surplus of £0.207m after reserve movements and the Council has set this aside for use in the future.

Comparing actual spending to budget - the table on the next page compares our actual net spending for 2011/12 with our original budget for the year. The expenditure analysis by Lead Councillor Portfolio is consistent with the allocation of responsibilities which the new Council agreed following its election in May 2011. The table also shows how net expenditure was financed. Please note that the table excludes the effect of the accounting charges referred to above and which were required to comply with the Code used to prepare the Financial Statements, for example, to reflect depreciation, changes in the value of land and buildings used in the delivery of services, and pension valuations. Due to this, and because different line headings are used to prepare the budget from those required for the Financial Statements, the table cannot be directly agreed to the Comprehensive Income and Expenditure Statement. The excluded items have no net impact on the General Fund Balance.

Review of 2011/12 and Outlook for 2012/13

Comparison of budgeted and actual General Fund net expenditure

Services by Lead Councillor Portfolio		2011/12 Net Expenditure		Variance
		Budget	Actual	
		£'000	£'000	£'000
1	Finance and Resources	2,274	2,154	(120)
2	Health and Environment	3,391	3,087	(304)
3	Housing	949	1,009	60
4	Leader of the Council	1,559	1,474	(85)
5	Planning	1,145	887	(258)
6	Waste and Recycling	2,733	2,038	(695)
7	Capital Accounting and Treasury Management	(80)	(130)	(50)
8	National Accounting Requirements	33	13	(20)
9	Environment Agency Levy	126	119	(7)
10	Contingency	50	0	(50)
11	Target for efficiency savings	(257)	0	257
12	Net Cost of Services	11,923	10,651	(1,272)
13	Net transfer to Earmarked Reserves	462	1,341	879
14	Net Revenue Expenditure of Lewes District Council met by Government Grants and Local Taxpayers	12,385	11,992	(393)
15	Non-Domestic Rates redistribution	3,250	3,250	0
16	Revenue Support Grant	1,005	1,005	0
17	Council Tax Freeze Grant	185	185	0
18	New Homes Bonus Grant	0	211	(211)
19	Total Demand on the Collection Fund (Council Tax Precept and Surplus)	7,548	7,548	0
20	Total Funding	11,988	12,199	(211)
21	Deficit/(surplus) for 2011/12 (14 - 20)	397	(207)	(604)

Review of 2011/12 and Outlook for 2012/13

Explaining the differences - In February 2011 the Council set a net expenditure budget of £12.385m to meet the Lewes District Council requirements for delivering services in 2011/12. This represents the net cost of providing our services after taking into account:

- £41.8m of income from specific government grants
- £5.7m of income from fees & charges, rents & sales
- £0.1m of income from investments

The Council agreed to withdraw £0.397m from its General Fund Balance which, together with the Government's new council tax freeze grant of £0.185m, allowed it to set a council tax rate for 2011/12 in line with that set for 2010/11 - that is, no increase.

The actual net expenditure for 2011/12 was £11.992m (on the basis set out on page 4), £0.393m less than forecast in the budget (line 14 in the table above). In addition, the Council received a new Government grant of £0.211m, the 'New Homes Bonus' which had not been anticipated at budget time. The major variances between the budget and the actual results are explained below:

	£m
1 Net Revenue Expenditure – Original Budget 2011/2012	12.385
2 Less: - Exceptional income items arising during the course of the year with prudent provision (including contributions to Reserves) made in the budget at that time	(0.815)
3 Service income received in year in excess of budget	(0.389)
4 Service expenditure in year below budget	(0.559)
5 Add: Service income received in year below budget	0.066
6 Service expenditure in year in excess of budget	0.214
7 Revenue funding of Capital Programme	0.012
8 Add: - Net additional contribution to Reserves. This arises for a number of reasons including:	
• additional income received and held in Reserve pending use (eg the New Homes Bonus)	
• variations in expenditure on projects funded from Reserves (eg the election in May 2011)	
• new initiatives agreed by Cabinet in year and funded from Reserves (eg support for Programme Nexus and IT Upgrade initiative)	0.867
9 Sub-total variations	(0.604)
10 Net Revenue Expenditure – Actual 2011/2012 including New Homes Bonus	11.781

Review of 2011/12 and Outlook for 2012/13

The reduction in Net Revenue Expenditure has been used to top-up the General Fund Working Balance.

Reserves – at the request of Budget holders £0.124m of the reduction in the net cost of services for 2011/12 was carried forward into the 2012/13 financial year to allow work underway to be completed. £0.619m has been added to reserves to support a major programme of updating and investing in the Council's IT resources. The New Homes Bonus, £0.211, has been added to the Service Priority and Change Management Reserve.

The reconciliation between the General Fund Revenue Account, which we keep for budget monitoring and reporting purposes, and the statutory Comprehensive Income and Expenditure Statement (CIES) is as follows:

	£'000
<u>Budget Monitoring and Reporting Summary:</u>	
(Surplus) for year before final transfer to Reserves (page 4 line 21 column 2)	<u>(207)</u>
<u>Statutory Reporting Summary</u>	
Deficit on the provision of all services reported in the CIES (page 16)	53,574
Less Deficit in respect of the Housing Revenue Account included above (page 110)	<u>(54,610)</u>
(Surplus) on provision of General Fund services	(1,036)
Adjustments between accounting basis and financing basis under regulations (page 14)	174
Net transfer from reserves (page 14)	655
Net (surplus) for year	<u>(207)</u>

Housing Revenue Account (HRA)

Income exceeded expenditure by £0.162m in 2011/12, an improvement of £0.390m against the budgeted deficit of £0.228m. The table overleaf analyses the main variations between the budget and outturn. At 31 March 2012 the HRA balance is £2.738m.

Review of 2011/12 and Outlook for 2012/13

	£m
Additional income	
- works recharged to tenants and leaseholders	0.023
Reduced expenditure	
- repairs	0.128
- employee costs	0.084
- uninsured losses (insurance excesses)	0.077
- gas and electricity	0.067
- external support and advice	0.041
- Housing Subsidy payment to Government	0.033
Less increased expenditure	
- Corporate recharge from General Fund (Programme Nexus, etc)	(0.048)
- interest on borrowing	(0.021)
Miscellaneous net variations	0.006
Total variation (increase in net surplus)	0.390

Capital expenditure

Total capital expenditure managed through our 2011/12 Capital Programme was £61.898m. The largest single item was a statutory payment to the Government, £56.673m, required under the national arrangements to move local authority Housing to a self-financing basis. This replaces the previous system of Housing subsidy in England. The following table lists the major areas where capital investment was made. It also shows how this expenditure was funded.

Review of 2011/12 and Outlook for 2012/13

Type of project	£m
HRA Housing self-financing reform payment	56.673
HRA Housing Investment Programme	2.426
General Fund Housing Investment Programme	0.571
General Fund Services Capital Programme	2.228
Total Capital Expenditure	61.898
Type of funding	
Major Repairs Allowance: a Government grant wholly given to maintain the value of the Council's housing stock	2.167
Capital receipts: money from the sale of Council property	0.641
Grants and Contributions: from external partners, like the Government (£1.012m), English Heritage (£0.050m) and property developers (£0.162m)	1.324
Reserves: money set aside from revenue in previous years	0.854
Revenue Financing: contributions from the Housing Revenue Account (paid for by tenants' rent) and General Fund	0.239
Borrowing: external loans specifically to finance the Housing self-financing reform payment	56.673
Total Capital Financing	61.898

The majority of our capital expenditure was financed from sources outside the Council – for example, from Government and from external partners – and this reliance on financial support from outside the Council to maintain a substantial and sustainable capital programme will continue into the future.

Reserves and Balances Summary

Sound financial management and a proven track record of striking the right balance between spending and the need to maintain a core level of resources to support the General Fund and the Housing Revenue Account means that our finances are in a healthy state.

Our financial wellbeing is evidenced by combined balances totalling £4.801m held by the General Fund and the Housing Revenue Account that will be used to support our future spending plans. A further £9.281m held in earmarked General Fund reserves, and £0.573m in the HRA within the Major Repairs Reserve will be used to support our specific and one-off spending priorities. £2.098m in capital receipts is available to support our forward capital programme, along with £0.583m of capital grants and contributions.

Review of 2011/12 and Outlook for 2012/13

Treasury Management

Our external loan debt at 31 March 2012 stood at £56.7m, all of which was long-term and is associated with our Housing stock. This increased by £51.7m during 2011/12 because of the need to finance the payment to the Government due as a result of the housing self-financing reform programme. Our Treasury Strategy of using revenue cash balances as an alternative to 'external' borrowing means that the Council's actual long-term debt is £13.5m less than the underlying amount which could have been borrowed over the years to fund capital investment. The total invested at the year end, including cash on deposit at the bank, was £4.4m (excluding a deposit made with Landsbanki hf, the Icelandic Bank, which is currently in administration – see Note 38 on page 99 for further details).

Asset Values

A formal review of the value of the Council's property assets has taken place. In some cases the value of individual assets has increased significantly. In accordance with accounting requirements, the overall increase in value of Property has been credited (total £3.1m) to the Comprehensive Income and Expenditure Statement shown on page 15 and page 16.

Pensions

Accounting regulations require Councils to show any deficit or surplus on the Pension Fund within the Balance Sheet. The Lewes share of the Pension Fund administered by East Sussex County Council was assessed at 31 March 2012 by the actuary as having a deficit of £13.93m compared with a deficit of £9.60m at 31 March 2011. This represents a liability incurred now which is payable over many years in the future as pensionable employees retire. The significant increase in the liability in the year reflects the fact that the financial assumptions at 31 March 2012 are less favourable than a year previously (see page 104).

Looking ahead –outlook for 2012/13 and beyond

General Fund

In October 2010, the Government published its Spending Review which fixed the budgets for all Government departments for four years through to 2014/2015. The spending review put in place a deficit reduction plan, with the Government's priority being to secure economic stability at a time of continuing uncertainty in the global economy and to put Britain's public services on a sustainable long term footing. The consequence of the Spending Review for local authorities has been significant reductions in Government funding. In order to close the gap between spending need and the diminished resources available, local authorities are driving efficiency improvements and re-prioritising services.

We have set ourselves a savings target of £1.6m over the next three years, with £1.2m of that to be found in 2012/2013 and 2013/2014. We have already identified potential savings of £0.7m and will aim to achieve them by working more efficiently,

Review of 2011/12 and Outlook for 2012/13

reducing operating costs further, looking at new ways of working, 'investing to save' and making better use of procurement and IT. These are key elements within the Programme Nexus initiative that the Council has adopted.

Our core grant funding from the Government for 2012/2013 is £0.5m lower than the amount that we received in the previous year on a like-for-like basis. The Government offered every local authority a special grant equal to a 2.5% rise in council tax, if it agreed to freeze its council tax at the 2011/2012 level. A key promise of the Council is to save money and where possible put money back into our residents' pockets and so we have taken up this offer. As a result will receive a grant of £0.186m.

The Council set a net General Fund budget of £7.443m for 2012/2013, with a savings target of £0.336m. The Council Tax for a Band D property is £192.48, which, as noted above, is unchanged from 2011/2012. £0.468m of the General Fund working balance will be used, to leave £1.595m at 31 March 2013. The General Fund will also hold £6.666m in Earmarked reserves at the same date. The amount of Council Tax collected in previous years has exceeded previous forecasts, generating an estimated surplus of £0.060m which is to be used to finance spending in 2012/2013. The overall movement in the budget is summarised below:

	£'000
2011/2012 Service portfolio base	12,049
Less Savings identified and implemented before and during the year	(724)
Adjusted base budget	11,325
Pay and price increases	287
Lower car park income	77
Reduction in income received from investments	102
Other Increases in costs or reductions in income	104
Receipt of New Homes Bonus Grant	(519)
Increased income from sale of Recycling materials	(130)
Other Increases in income or reductions in costs	(160)
2012/2013 Service portfolio base	11,086
Less Savings incorporated in budget	(400)
Less Savings target for 2012/2013	(336)
Adjusted Base Budget 2012/2013	10,350
Changes in use of reserves, balances and one-off items	1,291
Special grant from Government to support Council Tax freeze	(371)
Net Revenue Budget Requirement for 2012/2013	11,270
Less: external support from Government (Formula Grant)	(3,767)
Less: use of Collection Fund surplus	(60)
2012/13 Net General Fund Budget to be funded from Council Tax	7,443

Review of 2011/12 and Outlook for 2012/13

Housing Revenue Account

The budgets in respect of the Council's housing stock are kept separate from other services. Spending is paid for either by tenants' rents and service charges – there is no general contribution from the Council Tax. As noted above, before 2012/2013 a system of Government subsidy was in operation, but from 1 April 2012, the Housing Revenue Account (HRA) is entirely self-financing.

For 2012/2013 the average projected rent for all Council dwellings is £80.57 per week, an increase of 7.3% when compared with 2011/2012. The average rent increase was agreed after detailed discussion with representatives of the 'Tenants of Lewes District' (TOLD) organisation. The actual average rent is £3.85 lower than the formula rent target under the Government's 'rent restructuring' system which local authorities and registered social landlords are required to follow. As rent restructuring is phased in over future years, the gap between actual average rents and the target will close. Tenants also pay a range of service charges, depending on the property in which they live. All tenants pay a Special Services Charge which will be an average of £0.25 per property per week. Total income generated from rents, service charges and other contributions towards expenditure in 2012/2013 is estimated to be £15.6m. We plan to add £0.4m to the HRA working balance during the course of the year, and can make a £2.0m contribution towards the cost of capital projects. Following self-financing reform, the HRA needs to service long-term borrowing of £67.6m. Interest payments are projected to be £2.2m.

We continue to plan for the repair and management of the housing stock over the longer term. By using up to date survey data concerning the condition of our housing stock, we can estimate how spending needs will develop over the next 30 years, as well as make projections as to the resources that will be available to fund them. Our 30 year Housing Business Plan is sustainable.

Capital Programme

Under the 'Prudential Framework' within which all local authorities are required to operate, the Council's capital expenditure plans are required to be both affordable and sustainable in the longer term. The impact of financing the capital programme on the council tax in future years is a key element in assessing affordability. Although the Council is free to borrow to fund capital projects, borrowing brings a long term cost in terms of both paying back the loan itself and the interest which is charged and is not a viable option – unless the cost of this borrowing is supported by Government grants or income which is generated from the projects when complete.

The Capital Programme represents the allocation of funding to specific projects – in some cases those projects will be completed over a number of years. The overall Capital Programme for 2012/2013 is split into 3 distinct elements.

- *General Fund Capital Programme*- £5.75m, including £2.2m for our Agile Working and office rationalisation project, £0.61m for a major parks development project in Peacehaven and £0.59m for the replacement of vehicles.

Review of 2011/12 and Outlook for 2012/13

- *HRA Housing Investment Capital Programme* - £5.81m in respect of major repairs and improvements to the Council's housing stock, of which £3.65m will be funded from a Major Repairs Reserve, and £2.16m from revenue resources.
- *General Fund Housing Investment Programme* £1.49m, consisting predominantly of Private Sector Housing grants, to be funded from capital receipts and Government grant.

Conclusion

With careful planning over recent years, we have given ourselves a sound financial base, but there are many challenges ahead. Our spending plans, levels of balances and reserves, along with our capital resources, all need to be carefully projected to make sure we have access to sufficient resources for the future.

John Magness, Director of Finance, 29 June 2012

Movement in Reserves Statement

This statement shows the movement in the year on the different reserves held by the Council, analysed into 'usable reserves' (i.e. those the Council can apply to fund expenditure or reduce local taxation) and other reserves. The Surplus or (Deficit) on the Provision of Services line shows the true economic cost of providing the Council's services, more details of which are shown in the Comprehensive Income and Expenditure Statement. These are different from the statutory amounts required to be charged to the General Fund Balance for council tax setting and to the Housing Revenue Account for rent setting purposes. The Net increase or decrease before transfers to earmarked reserves line shows the statutory General Fund Balance and Housing Revenue Account Balance before any discretionary transfers are made to or from earmarked reserves.

	General Fund Balance	Earmarked General Fund Reserves	Housing Revenue Account (HRA)	Capital Receipts Reserve	Major Repairs Reserve	Capital Grants Unapplied	Total Usable Reserves	Unusable Reserves	Lewes District Council Total Reserves

Comprehensive Income and Expenditure Statement

This statement shows the accounting cost in the year of providing services in accordance with generally accepted accounting practices, rather than the amount to be funded from taxation. The Council raises taxation to cover net expenditure in accordance with regulations; this may be different from the accounting cost. The taxation position is shown in the Movement in Reserves Statement.

2010/11				2011/12			
Gross Expenditure £000	Gross Income £000	Net Expenditure £000		Gross Expenditure £000	Gross Income £000	Net Expenditure £000

Balance Sheet

The Balance Sheet shows the value as at the end of the accounting period of the assets and liabilities recognised by the Council. The net assets of the Council (assets less liabilities) are matched by the reserves held which are reported in two categories:

- *usable reserves, i.e. those that the Council may use to provide services, subject to the need to maintain a prudent level of reserves and any statutory limitations on their use (e.g. the Capital Receipts Reserve may only be used to fund capital expenditure or repay debt).*
- *unusable reserves, i.e. those that the Council is not able to use to provide services. This includes reserves that hold unrealised gains and losses where amounts only become available to provide services if the assets are sold; and reserves that hold timing differences.*

Certificate of the Responsible Financial Officer

In compliance with Part 3 regulation 8(2) of The Accounts and Audit (England) Regulations 2011 I certify that the Statement of Accounts for the financial year 2011/12 presents a true and fair view of the financial position of Lewes District Council at 31 March 2012 and of its income and expenditure for that year.

Signed John Magness CPFA
Director of Finance

Date

Cash Flow Statement

The Cash Flow Statement shows the changes in cash and cash equivalents of the Council during the financial year. The statement shows how the Council generates and uses cash and cash equivalents by classifying cash flows as operating, investing and financing activities.

The amount of net cash flows arising from operating activities is a key indicator of the extent to which the operations of the Council are funded by way of taxation and grant income or from the recipients of services provided by the Council. Investing activities represent the extent to which cash outflows have been made for resources which are intended to contribute to the Council's future service delivery and cash flows arising from financing activities are useful in predicting claims on future cash flows by providers of capital (i.e. borrowing) to the Council.

2010/11		2011/12
Restated		
£000		£000
(41,213)	Net surplus or (deficit) on the provision of services	(53,574)

2,872	Cash and cash equivalents at the end of the reporting period (Note 20 p74)	(1,262)

Notes to the Financial Statements

Note 1. CHANGES TO ACCOUNTING POLICIES AND TO PRIOR PERIOD FIGURES

Change to Accounting Policy

The Code of Practice on Local Authority Accounting in the United Kingdom 2011/12 has adopted Financial Reporting Standard 30 Heritage Assets which is a change in accounting policy. Heritage assets are now to be recognised, measured at valuation, and reported as a separate class of non-current asset on the Balance Sheet retrospectively back to 1 April 2010.

For 2011/12 the Council is required to change its accounting policy for Heritage Assets and recognise them at valuation. Previously, Heritage Assets were recognised within the Property, Plant and Equipment classification in the Balance Sheet as either Other Land and Buildings at fair value, or as Community Assets at cost or insurance valuation. The Council's accounting policies for the recognition and measurement of Heritage Assets are set out in Note 2 (11) on page 31.

In applying the new accounting policy, the Council has identified that two assets previously held as Other Land and Buildings should now be recognised as Heritage Assets at the same valuation as each has been independently assessed by the Council's external valuer at market value. The Council has also identified that the assets that were previously held as Community Assets should now be recognised as Heritage Assets at the same valuation – i.e. at cost or insurance valuation – as the cost of seeking specialist independent valuations outweighs the benefits to users of the financial statements.

The Council has not identified any Heritage Assets that were not previously recognised in the Balance Sheet.

The effect of the change in accounting policy is to reclassify assets in the Balance Sheet at 1 April 2010 and 31 March 2011 from Property, Plant and Equipment to Heritage Assets at the same valuations held at those two dates. There is no effect on other parts of the Balance Sheet, neither is there any effect on the Comprehensive Income and Expenditure Statement nor on the Movement in Reserves Statement because there is no change in the depreciation policy for these assets.

	Opening Balances as at 1 April 2010	Restatement required	Restated Opening Balances as at 1 April 2010
Effect on Opening Balance Sheet at 1 April 2010	£000	£000	£000
Property, Plant and Equipment	248,859	(3,049)	245,810
Heritage Assets	0	3,049	3,049
	248,859	0	248,859

Notes to the Financial Statements

	As previously stated at 31 March 2011	Restatement required	As restated at 31 March 2011
	£000	£000	£000
Effect on Balance Sheet at 31 March 2011			
Property, Plant and Equipment	201,329	(2,996)	198,333
Heritage Assets	0	2,996	2,996
	201,329	0	201,329

Changes to Prior Period Figures in the Comprehensive Income and Expenditure Statement

Cultural, environmental, regulatory and planning services

The 2011/12 Service Reporting Code of Practice (SeRCOP), published by the Chartered Institute of Public Finance and Accountancy, has introduced a presentational change which allocates the previous service line 'Cultural, environmental, regulatory and planning services' into three separate service lines on the face on the Comprehensive Income and Expenditure Statement.

For comparative purposes in 2011/12, this requires a corresponding reallocation of the figures set out in the Comprehensive Income and Expenditure Statement within the audited Statement of Accounts 2010/11 as follows:

	Gross Expenditure £000	Gross Income £000	Net Expenditure £000
Statement of Accounts 2010/11			
2010/11 Comprehensive Income and Expenditure Statement:			
Cultural, environmental, regulatory and planning services	14,983	3,902	11,081
Statement of Accounts 2011/12			
2010/11 Comprehensive Income and Expenditure Statement:			
Cultural and related services	4,495	566	3,929
Environmental and regulatory services	7,939	2,412	5,527
Planning services	2,549	924	1,625
Total of reallocations	14,983	3,902	11,081

Notes to the Financial Statements

Highways and transport services

Until 31 March 2011, the Council was statutorily responsible for operating a Concessionary Travel Scheme (free bus passes for persons either of a pensionable age or with a qualifying disability). From 1 April 2011, statutory responsibility for operating a Concessionary Travel Scheme transferred to East Sussex County Council.

For comparative purposes in 2011/12, the Highways and transport service line set out in the Comprehensive Income and Expenditure Statement within the audited Statement of Accounts 2010/11 has been reallocated. This allows the figures for the concessionary travel scheme to be shown separately so that the figures for all other Highways and transport services are comparable between 2010/11 and 2011/12.

The reallocation of the 2010/11 figures is as follows:

	Gross Expenditure £000	Gross Income £000	Net Expenditure £000
Statement of Accounts 2010/11			
2010/11 Comprehensive Income and Expenditure Statement:			
Highways and transport services	1,876	1,126	750
Statement of Accounts 2011/12			
2010/11 Comprehensive Income and Expenditure Statement:			
Highways and transport services – concessionary travel scheme	1,102	93	1,009
Highways and transport services – other services	774	1,033	(259)
Total of reallocations	1,876	1,126	750

Notes to the Financial Statements

Note 2. ACCOUNTING POLICIES

1) General Principles

The Financial Statements summarise the Council's transactions for the 2011/12 financial year and its position at the year-end of 31 March 2012. The Accounts and Audit (England) Regulations 2011 require the Council to be prepare annual Financial Statements in accordance with proper accounting practices.

Proper accounting practices primarily comprise the Code of Practice on Local Authority Accounting in the United Kingdom 2011/12 (the 'Code') and the Service Reporting Code of Practice 2011/12 (SeRCOP), both of which are published by the Chartered Institute of Public Finance and Accountancy (CIPFA).

The accounting convention adopted in the Financial Statements is historical cost, modified by the revaluation of certain categories of non-current assets and financial instruments.

2) Accruals of Income and Expenditure

Activity is accounted for in the year that it takes place, not simply when cash payments are made or received.

In particular:

- Income from the sale of goods is recognised when the Council transfers the significant risks and rewards of ownership to the purchaser, and it is probable that economic benefits/service potential associated with the transaction will flow to the Council.
- Income from the provision of services is recognised when the Council can measure reliably the percentage of completion of the transaction and it is probable that the economic benefits or service potential of the transaction will flow to the Council.
- Supplies are recorded as expenditure when they are consumed – where there is a gap between the date supplies are received and their consumption, and where amounts are significant, they are carried as inventories on the Balance Sheet.
- Expenses in relation to services received (including services provided by employees) are recorded as expenditure when the services are received, rather than when payments are made.
- Interest receivable on investments and payable on borrowings is accounted for respectively as income and expenditure on the basis of the effective interest rate for the relevant financial instrument rather than the cash flows fixed or determined by the contract.
- Where income and expenditure have been recognised but cash has not been received or paid, a debtor or creditor for the relevant amount is recorded in the Balance Sheet. Where it is doubtful that debts will be settled, the balance of debtors is written down and a charge made to revenue for the income that might not be collected.

Notes to the Financial Statements

3) Cash and Cash Equivalents

Cash is represented by cash in hand and deposits with financial institutions repayable without penalty on notice of not more than 24 hours. Cash equivalents are investments that are short-term, highly liquid investments held at the Balance Sheet date that are readily convertible to known amounts of cash on the Balance Sheet date and which are subject to an insignificant risk of changes in value. Cash and cash equivalents are shown net of bank overdrafts that are repayable on demand and which form an integral part of the Council's cash management.

4) Exceptional Items

Where items of income and expense are material, their nature and amount is disclosed separately on the face of the Comprehensive Income and Expenditure Statement and also in the notes to the Financial Statements.

5) Prior Period Adjustments, Changes in Accounting Policies and Estimates and Errors

Prior period adjustments may arise as a result of a change in accounting policies or to correct a material error.

Changes to accounting policies are only made when required by proper accounting practices or the change provides more reliable or relevant information about the effect of transactions, other events and conditions on the Council's financial position or financial performance. When a change is made it is applied retrospectively (unless stated otherwise) by adjusting opening balances and comparative amounts for the prior period as if the new policy had always applied.

Changes in accounting estimates are accounted for prospectively, i.e. in the current and future years affected by the change, and do not give rise to a prior period adjustment.

Material errors discovered in prior period figures are corrected retrospectively by amending opening balances and comparative figures for the prior period.

Notes to the Financial Statements

6) Charges to Revenue for Non-Current Assets

Services, support services and trading accounts are charged with the following amounts to record the cost of holding non-current assets during the year:

- Depreciation attributable to the assets used by the relevant service
- Revaluation and impairment losses on assets used by the service where there are no accumulated gains in the Revaluation Reserve against which the losses can be written off
- Amortisation of intangible fixed assets attributable to the service

The Council is not required to raise council tax to fund depreciation, revaluation and impairment losses or amortisations. However, it is required to make an annual contribution from revenue towards the reduction in its overall borrowing requirement (equal to an amount calculated on a prudent basis in accordance with statutory guidelines, locally 4% of the underlying amount measured by the adjusted Capital Financing Requirement, excluding amounts attributable to Housing Revenue Account (HRA) activity).

Depreciation, revaluation and impairment losses and amortisations are therefore replaced by a contribution in the General Fund Balance (the Minimum Revenue Provision - MRP), by way of an adjusting transaction with the Capital Adjustment Account in the Movement in Reserves Statement for the difference between the two.

7) Employee Benefits

Benefits Payable during Employment

Short-term employee benefits are those due to be settled within 12 months of the year-end. They include such benefits as wages and salaries, paid annual leave and paid sick leave, honoraria and non-monetary benefits (e.g. cars) for current employees and are recognised as an expense for services in the year in which employees render service to the Council. An accrual is made for the cost of holiday entitlements (or any form of leave, e.g. time off in lieu) earned by employees but not taken before the year-end which employees can carry forward into the next financial year. The accrual is made at the wage and salary rates applicable at the year-end because the difference between these and the wage and salary rates applicable in the following accounting year when the employee takes the benefit, will not be material. The accrual is charged to the Surplus or Deficit on the Provision of Services, but then reversed out through the Movement in Reserves Statement so that holiday benefits are charged to revenue in the financial year in which the holiday absence occurs.

Notes to the Financial Statements

Termination Benefits

Termination benefits are amounts payable as a result of a decision by the Council to terminate an officer's employment before the normal retirement date or an officer's decision to accept voluntary redundancy, and are charged on an accruals basis to the relevant service line in the Cost of Services section of the Comprehensive Income and Expenditure Statement when the Council is demonstrably committed to the termination of the employment of an officer or group of officers or making an offer to encourage voluntary redundancy.

Post-Employment Benefits

Employees of the Council are members of the Local Government Pensions Scheme, administered by East Sussex County Council. The scheme provides defined benefits to members (retirement lump sums and pensions), earned as employees worked for the Council. The Local Government Pensions Scheme is accounted for as a defined benefits scheme.

- The liabilities of the East Sussex County Council pension fund attributable to the Council are included in the Balance Sheet on an actuarial basis using the projected unit method – i.e. an assessment of the future payments that will be made in relation to retirement benefits earned to date by employees, based on assumptions about mortality rates, employee turnover rates, etc and projections of earnings for current employees
- Liabilities are discounted to their value at current prices, using a discount rate of 4.8%. This is consistent with accounting requirements to use a rate equivalent to the current rate of return available on a high quality corporate bond of equivalent term to the scheme liabilities. Measurement of the discount rate is based on the nominal spot yields for a Government backed loan at various maturities averaged over 20 years, plus an additional yield (the credit spread) which reflects the extra risk involved in using AA corporate bond yields within the iBoxx over 15 years index.
- The assets of the East Sussex County Council pension fund attributable to the Council are included in the balance sheet at their fair value:
 - quoted securities – current bid value
 - unquoted securities – professional estimate
 - unitised securities – current bid value
 - property – market value

Notes to the Financial Statements

- The change in the net pensions liability is analysed into seven components:
 - current service cost - the increase in liabilities as a result of years of service earned this year allocated in the Comprehensive Income and Expenditure Statement to the services for which the employees worked.
 - past service cost or gain - the increase or decrease in liabilities arising from current year decisions whose effect relates to years of service earned in earlier years – charged or credited to the Surplus or Deficit on the Provision of Services in the Comprehensive Income and Expenditure Statement as part of Non Distributed Costs.
 - interest cost - the expected increase in the present value of liabilities during the year as they move one year closer to being paid – charged to the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement.
 - expected return on assets - the annual investment return on the fund assets attributable to the Council, based on an average of the expected long-term return – credited to the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement.
 - gains or losses on settlements and curtailments - the result of actions to relieve the Council of liabilities or events that reduce the expected future service or accrual of benefits of employees - charged or credited to the Surplus or Deficit on the Provision of Services in the Comprehensive Income and Expenditure Statement as part of Non Distributed Costs.
 - actuarial gains and losses - changes in the net pensions liability that arise because events have not coincided with assumptions made at the last actuarial valuation or because the actuaries have updated their assumptions – charged to the Pensions Reserve.
 - contributions paid to the East Sussex County Council pension fund - cash paid as employer's contributions to the pension fund in settlement of liabilities; not accounted for as an expense.

In relation to retirement benefits, statutory provisions require the General Fund Balance to be charged with the amount payable by the Council to the pension fund in the year, not the amount calculated according to the relevant accounting standards. In the Movement in Reserves Statement, this means that there are appropriations to and from the Pensions Reserve to remove the notional debits and credits for retirement benefits and replace them with debits for the cash paid to the pension fund and any such amounts payable but unpaid at the year-end. The negative balance that arises on the Pensions Reserve thereby measures the beneficial impact to the General Fund of being able to account for retirement benefits on the basis of cash flows rather than as benefits are earned by employees.

Notes to the Financial Statements

Discretionary Benefits

The Council also has restricted powers to make discretionary awards of retirement benefits in the event of early retirements. Any liabilities estimated to arise as a result of an award to any member of staff are accrued in the year of the decision to make the award and accounted for using the same policies as are applied to the Local Government Pension Scheme.

8) Events after the Balance Sheet date

Events after the Balance Sheet Date are those events, both favourable and unfavourable, that occur between the end of the financial year and the date when the Statement of Accounts is authorised for issue. Two types of events can be identified:

- those that provide evidence of conditions that existed at the end of the reporting period - the Statement of Accounts is adjusted to reflect such events where they have a material effect
- those that are indicative of conditions that arose after the reporting period - the Statement of Accounts is not adjusted to reflect such events, but where a category of events would have a material effect, disclosure is made in the notes of the nature of the events and their estimated financial effect

Events taking place after the date of authorisation for issue are not reflected in the Statement of Accounts.

9) Financial Instruments

Financial Liabilities

Financial liabilities are recognised on the Balance Sheet when the Council becomes a party to the contractual provisions of a financial instrument and are initially measured at fair value and are carried at their amortised cost. Annual charges to the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement for interest payable are based on the carrying amount of the liability, multiplied by the effective rate of interest for the instrument. The effective interest rate is the rate that exactly discounts estimated future cash payments over the life of the instrument to the amount at which it was originally recognised. For most of the borrowings that the Council has, this means that the amount presented in the Balance Sheet is the outstanding principal repayable (long-term borrowing) plus the accrued interest (short-term borrowing), and the interest charged to the Comprehensive Income and Expenditure Statement is the amount payable for the year according to the loan agreement. For the Council's outstanding long-term Lender's Option Borrower's Option (LOBO) loan agreement, which has provision for stepped interest rates, the interest charged to the Comprehensive Income and Expenditure Statement is the amount payable based on the rates which are expected to prevail over the full term of the loan, presuming no exercise of options.

Notes to the Financial Statements

Gains and losses on the repurchase or early settlement of borrowing are credited and debited to the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement in the year of repurchase/settlement. However, where repurchase has taken place as part of a restructuring of the loan portfolio that involves the modification or exchange of existing instruments, the premium or discount is respectively deducted from or added to the amortised cost of the new or modified loan and the write-down to the Comprehensive Income and Expenditure Statement is spread over the life of the loan by an adjustment to the effective interest rate.

Where premiums and discounts have been charged to the Comprehensive Income and Expenditure Statement, regulations allow the impact on the General Fund Balance to be spread over future years. The Council has a policy of spreading the gain or loss over the term that was remaining on the loan against which the premium was payable or discount receivable when it was repaid. The reconciliation of amounts charged to the Comprehensive Income and Expenditure Statement to the net charge required against the General Fund Balance is managed by a transfer to or from the Financial Instruments Adjustment Account in the Movement in Reserves Statement.

Financial Assets

Financial assets are classified into two types:

- loans and receivables – assets that have fixed or determinable payments but are not quoted in an active market
- available-for-sale assets – assets that have a quoted market price and/or do not have fixed or determinable payments (NB the Council does not hold any available-for-sale assets).

Loans and receivables are recognised on the Balance Sheet when the Council becomes a party to the contractual provisions of a financial instrument and are initially measured at fair value. They are subsequently measured at their amortised cost. Annual credits to the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement for interest receivable are based on the carrying amount of the asset multiplied by the effective rate of interest for the instrument. For loans that the Council has made which are repayable within the following financial year, this means that the amount presented in the Balance Sheet is the outstanding principal receivable plus the accrued interest (short-term investments), and interest credited to the Comprehensive Income and Expenditure Statement is the amount receivable for the year according to the loan agreement. The position is the same for any loans made which are repayable beyond the following financial year (long-term investments), except that outstanding interest receivable within the next year is included under “short-term investments”.

Notes to the Financial Statements

The Council has made a number of loans to employees (e.g. travel season tickets, car loans) which have been advanced at less than the market interest rate. These are known as soft loans and the Code requires the difference between the market interest rate and the actual interest rate to be credited to the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement and added to the amortised cost of the loan in the Balance Sheet. However, the Council does not treat these as soft loans and therefore, in a departure from the Code, only credits the actual loan interest receivable to Financing and Investment Income and Expenditure, and makes no adjustment to the cost of the loan held on the Balance Sheet. The impact of this differing accounting treatment is not material to the Statement of Accounts.

Where assets are identified as impaired because of a likelihood arising from a past event that payments due under the contract will not be made, the asset is written down and a charge made to the relevant service (for receivables specific to that service) or to the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement. The impairment loss is measured as the difference between the carrying amount and the present value of the revised future cash flows discounted at the asset's original effective interest rate.

Any gains and losses that arise on the derecognition of an asset are credited or debited to the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement.

10) Government Grants and Other Contributions

Whether paid on account, by instalments or in arrears, government grants and third party contributions and donations are recognised as due to the Council when there is reasonable assurance that:

- the Council will comply with the conditions attached to the payments, and
- the grants and contributions will be received.

Amounts recognised as due to the Council are not credited to the Comprehensive Income and Expenditure Statement until conditions attached to the grant or contribution have been satisfied. Conditions are stipulations that specify that the future economic benefits or service potential embodied in the asset acquired using the grant or contribution are required to be consumed by the recipient as specified, or future economic benefits or service potential must be returned to the transferor.

Monies advanced as grants and contributions for which conditions have not been satisfied are carried in the Balance Sheet as creditors. When conditions are satisfied the grant or contribution is credited to the relevant service line (for attributable revenue grants and contributions) or Taxation and Non-Specific Grant Income (for non-ringfenced revenue grants and all capital grants and contributions) in the Comprehensive Income and Expenditure Statement.

Notes to the Financial Statements

Where capital grants are credited to the Comprehensive Income and Expenditure Statement, they are reversed out of the General Fund Balance in the Movement in Reserves Statement. Where the grant has yet to be used to finance capital expenditure, it is posted to the Capital Grants Unapplied Reserve. Where it has been applied, it is posted to the Capital Adjustment Account (CAA). Amounts in the Capital Grants Unapplied Reserve are transferred to CAA once they have been applied to fund capital expenditure.

11) Heritage Assets

Tangible heritage assets

The Council's heritage assets are held within three categories:

- land and buildings
- civic regalia
- works of arts and museum exhibits

Land and buildings comprises three properties: Southover Grange built in the 16th century, Market Tower built in the 18th century and Newhaven Fort built in the 19th century. These assets are recognised, measured, impaired and depreciated in accordance with the Council's accounting policies on Property, Plant and Equipment.

Civic regalia is a static collection comprising the Chairman's chain of office and several smaller badges of civic office. These items are carried in the Balance Sheet at insurance valuation which is reviewed annually. Since these items are deemed to have indeterminate lives no depreciation is charged.

Works of art and museum exhibits comprises museum exhibits and military artefacts held at Newhaven Fort and various Works of Art items held at separate locations. These items are carried in the Balance Sheet at insurance valuation which is reviewed annually. Since these items are deemed to have indeterminate lives no depreciation is charged. The Council's collection of works of art and exhibits is relatively static and acquisitions and donations are rare. Where they do occur acquisitions are initially recognised at cost and donations are recognised at insurance valuation.

The carrying amounts of heritage assets are reviewed where there is evidence of impairment, e.g. where an item has suffered physical deterioration or breakage, and any impairment is recognised and measured in accordance with the Council's general policies on impairment.

Intangible heritage assets

The Council has no intangible heritage assets.

Notes to the Financial Statements

12) Intangible Assets

Expenditure on non-monetary assets that do not have physical substance but are controlled by the Council as a result of past events (e.g. software licences) is capitalised when it is expected that future economic benefits or service potential will flow from the intangible asset to the Council.

Internally generated assets (not including websites intended to promote or advertise the Council's goods and services) are capitalised only where it is demonstrable that the project is technically feasible and is intended to be completed, with adequate resources being available, and the Council will be able to generate future economic benefits or service potential by being able to sell or use the asset. Expenditure is capitalised where it can be measured reliably as attributable to the asset, and is restricted to that incurred during the development phase (research expenditure cannot be capitalised).

Intangible assets are measured initially at cost. Amounts are only revalued where the fair value of the assets held by the Council can be determined by reference to an active market. In practice, no intangible asset held by the Council meets this criterion, and they are therefore carried at amortised cost. The depreciable amount of an intangible asset is amortised over its useful life to the relevant service line(s) in the Comprehensive Income and Expenditure Statement. An asset is tested for impairment whenever there is an indication that the asset might be impaired – any losses recognised are posted to the relevant service line(s) in the Comprehensive Income and Expenditure Statement. Any gain or loss arising on the disposal or abandonment of an intangible asset is posted to the Other Operating Expenditure line in the Comprehensive Income and Expenditure Statement.

Where expenditure on intangible assets qualifies as capital expenditure for statutory purposes, amortisation, impairment losses and disposal gains and losses are not permitted to have an impact on the General Fund Balance. The gains and losses are therefore reversed out of the General Fund Balance in the Movement in Reserves Statement and posted to the Capital Adjustment Account and (for any sale proceeds greater than £10,000) the Capital Receipts Reserve.

13) Inventories

Inventories are included in the Balance Sheet at the lower of cost and net realisable value.

Notes to the Financial Statements

14) Investment property

Investment properties are those properties that are used solely to earn rentals and/or for capital appreciation. The definition is not met if the property is used in any way to facilitate the delivery of services or production of goods or is held for sale.

Investment properties are measured initially at cost and subsequently at fair value, based on the amount at which the asset could be exchanged between knowledgeable parties at arm's-length. Properties are not depreciated but are revalued annually according to market conditions at the year-end. Gains and losses on revaluation are posted to the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement. The same treatment is applied to gains and losses on disposal.

Rentals received in relation to investment properties are credited to the Financing and Investment Income line in the Comprehensive Income and Expenditure Statement and result in a gain for the General Fund Balance. However, revaluation and disposal gains and losses are not permitted by statutory arrangements to have an impact on the General Fund Balance. The gains and losses are therefore reversed out of the General Fund Balance in the Movement in Reserves Statement and posted to the Capital Adjustment Account and (for any sale proceeds greater than £10,000) to the Capital Receipts Reserve.

15) Leases

Leases are classified as finance leases where the terms of the lease transfer substantially all the risks and rewards incidental to ownership of the property, plant or equipment from the lessor to the lessee. All other leases are classified as operating leases.

Where a lease covers both land and buildings, the land and buildings elements are considered separately for classification.

Arrangements that do not have the legal status of a lease but convey a right to use an asset in return for payment are accounted for under this policy where fulfilment of the arrangement is dependent on the use of specific assets.

The Council as Lessee

Finance Leases

Property, plant and equipment held under finance leases is recognised on the Balance Sheet at the commencement of the lease at its fair value measured at the lease's inception (or the present value of the minimum lease payments, if lower). The asset recognised is matched by a liability for the obligation to pay the lessor.

Notes to the Financial Statements

Lease payments are apportioned between:

- a charge for the acquisition of the interest in the property, plant or equipment – applied to write down the lease liability, and
- a finance charge (charged to the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement).

Property, Plant and Equipment recognised under finance leases is accounted for using the policies applied generally to such assets, subject to depreciation being charged over the lease term if this is shorter than the asset's estimated useful life (where ownership of the asset does not transfer to the Council at the end of the lease period). The Council is not required to raise council tax to cover depreciation or revaluation and impairment losses arising on leased assets. Instead, a prudent annual contribution is made from revenue funds towards the deemed capital investment in accordance with statutory requirements. Depreciation and revaluation and impairment losses are therefore substituted by a revenue contribution in the General Fund Balance, by way of an adjusting transaction with the Capital Adjustment Account in the Movement in Reserves Statement for the difference between the two.

Operating Leases

Rentals paid under operating leases are charged to the Comprehensive Income and Expenditure Statement as an expense of the services benefitting from use of the leased property, plant or equipment. Charges are made on a straight-line basis over the life of the lease, even if this does not match the pattern of payments (e.g. if there is a rent-free period at the commencement of the lease).

The Council as Lessor

Finance Leases

Where the Council grants a finance lease over a property or an item of plant or equipment, the relevant asset is written out of the Balance Sheet as a disposal. At the commencement of the lease, the carrying amount of the asset in the Balance Sheet is written off to the Other Operating Expenditure line in the Comprehensive Income and Expenditure Statement as part of the gain or loss on disposal. A gain, representing the Council's net investment in the lease, is credited to the same line in the Comprehensive Income and Expenditure Statement also as part of the gain or loss on disposal (i.e. netted off against the carrying value of the asset at the time of disposal), matched by a lease debtor (long-term debtor) in the Balance Sheet.

Lease rentals receivable are apportioned between:

- a charge for the acquisition of the interest in the property – applied to write down the lease debtor (together with any premiums received), and
- finance income (credited to the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement)

Notes to the Financial Statements

The gain credited to the Comprehensive Income and Expenditure Statement on disposal is not permitted by statute to increase the General Fund Balance and is required to be treated as a capital receipt. Where a premium has been received, this is posted out of the General Fund Balance to the Capital Receipts Reserve in the Movement in Reserves Statement. Where the amount due in relation to the lease asset is to be settled by the payment of rentals in future financial years, this is posted out of the General Fund Balance to the Deferred Capital Receipts Reserve in the Movement in Reserves Statement. When the future rentals are received, the element for the capital receipt for the disposal of the asset is used to write down the lease debtor. At this point, the deferred capital receipts are transferred to the Capital Receipts Reserve.

The written-off value of disposals is not a charge against council tax, as the cost of fixed assets is fully provided for under separate arrangements for capital financing. Amounts are therefore appropriated to the Capital Adjustment Account from the General Fund Balance in the Movement in Reserves Statement.

Operating Leases

Where the Council grants an operating lease over a property or an item of plant or equipment, the asset is retained in the Balance Sheet. Rental income is credited to the relevant service line in the Comprehensive Income and Expenditure Statement. Credits are made on a straight-line basis over the life of the lease, even if this does not match the pattern of payments (e.g. there is a premium paid at the commencement of the lease).

16) Overheads and Support Services

The costs of overheads and support services are charged to those services that benefit from the supply or service in accordance with the costing principles of CIPFA's SeRCOP.

The total absorption costing principle is used – the full cost of overheads and support services are shared between users in proportion to the benefits received, with the exception of:

- Corporate and Democratic Core – e.g. costs relating to the Council's status as a multi-functional, democratic organisation.
- Non Distributed Costs – e.g. costs relating to discretionary benefits awarded to employees retiring early.

These two cost categories are defined in SeRCOP and accounted for as separate headings in the Comprehensive Income and Expenditure Account, as part of the Cost of Services.

Notes to the Financial Statements

17) Property, Plant and Equipment

Definition and Categories

Assets that have physical substance and are held for use in the provision of services, for rental to others, or for administrative purposes, and that are expected to be used during more than one financial year are classified as Property, Plant and Equipment. They exclude assets which are held purely for investment purposes (Investment properties) and Heritage Assets.

Property, Plant and Equipment consists of the following categories:

- Council Dwellings - properties owned by the Council used for social housing
- Other Land and Buildings – land and properties owned by the Council used for the provision of services
- Vehicles, Plant and Equipment – individual items or groupings of items used for the provision of services and which are purchased from capital resources.
- Infrastructure Assets – e.g. coast protection works, estate roads and lay-bys
- Community Assets – assets which are used for the community as a whole, with no determinable market value in their present use, and which are not likely to be sold e.g. allotments, amenity land, flint walls, open spaces

Recognition

Expenditure on the acquisition, creation or enhancement of Property, Plant and Equipment is capitalised on an accruals basis, provided that it is probable that the future economic benefits or service potential associated with the asset will flow to the Council and the cost of the asset can be measured reliably. Expenditure that secures but does not add to an asset's potential to deliver future economic benefits or service potential (i.e. repairs and maintenance) is charged to the Comprehensive Income and Expenditure Account as an expense when it is incurred. Assets valued at less than £10,000 are not included on the Balance Sheet, provided that the total excluded has no material impact.

Measurement

Assets are initially measured at cost, comprising:

- the purchase price
- any costs attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management

Notes to the Financial Statements

The Council does not capitalise borrowing costs incurred whilst assets are under construction.

Donated assets are measured initially at fair value.

Assets are then carried in the Balance Sheet using the following measurement bases:

- infrastructure and assets under construction – depreciated historical cost
- community assets – historical cost
- dwellings – fair value, determined using the basis of existing use value for social housing (EUV-SH)
- all other assets – fair value, determined as the amount that would be paid for the asset in its existing use (existing use value – EUV).

Where there is no market-based evidence of fair value because of the specialist nature of an asset, depreciated replacement cost (DRC) is used as an estimate of fair value.

Where non-property assets have short useful lives or low values (or both), depreciated historical cost basis is used as a proxy for fair value.

Assets included in the Balance Sheet at fair value are revalued sufficiently regularly to ensure that their carrying amount is not materially different from their fair value at the year-end, but as a minimum every five years.

Increases in valuations are matched by credits to the Revaluation Reserve to recognise unrealised gains, unless the gains arise from the reversal of a loss previously charged to a service in which case the gain will be credited to the Comprehensive Income and Expenditure Statement.

Where decreases in value are identified, they are accounted for by:

- where there is a balance of revaluation gains for the asset in the Revaluation Reserve, the carrying amount of the asset is written down against that balance (up to the amount of the accumulated gains)
- where there is no balance in the Revaluation Reserve or an insufficient balance, the carrying amount of the asset is written down against the relevant service line(s) in the Comprehensive Income and Expenditure Statement.

The Revaluation Reserve contains revaluation gains recognised since 1 April 2007 only, the date of its formal implementation.

Notes to the Financial Statements

Impairment

Assets are assessed at each year-end as to whether there is any indication that an asset may be impaired. Where indications exist and any possible differences are estimated to be material, the recoverable amount of the asset is estimated and, where this is less than the carrying amount of the asset, an impairment loss is recognised for the shortfall.

Where impairment losses are identified, they are accounted for by:

- where there is a balance of revaluation gains for the asset in the Revaluation Reserve, the carrying amount of the asset is written down against that balance (up to the amount of the accumulated gains)
- where there is no balance in the Revaluation Reserve or an insufficient balance, the carrying amount of the asset is written down against the relevant service line(s) in the Comprehensive Income and Expenditure Statement.

Where an impairment loss is reversed subsequently, the reversal is credited to the relevant service line(s) in the Comprehensive Income and Expenditure Statement, up to the amount of the original loss, adjusted for depreciation that would have been charged if the loss had not been recognised.

Disposals

When it becomes probable that the carrying amount of an asset will be recovered principally through a sale transaction rather than through its continued use, it is reclassified as an Asset Held for Sale. The asset is revalued immediately before its reclassification and then carried at the lower of this amount and fair value less costs to sell. Where there is a subsequent decrease to fair value less costs to sell, the loss is charged to the Other Operating Expenditure line in the Comprehensive Income and Expenditure Statement. Gains to fair value are recognised only up to the amount of any losses previously recognised in the Surplus or Deficit on Provision of Services. Depreciation is not charged on Assets Held for Sale.

If assets no longer meet the criteria to be classified as Assets Held for Sale, they are reclassified back to Non-Current Assets and valued at the lower of their carrying amount before they were classified as held for sale, adjusted for depreciation, amortisation or revaluations that would have been recognised had they not been classified as Held for Sale, and their recoverable amount at the date of the decision not to sell.

Assets that are to be abandoned or scrapped are not reclassified as Assets Held for Sale.

Notes to the Financial Statements

When an asset is disposed of or decommissioned, the carrying amount of the asset in the Balance Sheet is written off to the Other Operating Expenditure line in the Comprehensive Income and Expenditure Statement as part of the gain or loss on disposal. Receipts from disposals (if any) are credited to the same line in the Comprehensive Income and Expenditure Statement also as part of the gain or loss on disposal (i.e. netted off against the carrying value of the asset at the time of disposal). Any revaluation gains accumulated for the asset in the Revaluation Reserve are transferred to the Capital Adjustment Account (CAA).

Amounts received for a disposal in excess of £10,000 are categorised as capital receipts. A proportion of receipts relating to housing disposals (75% for dwellings, 50% for land and other assets, net of statutory deductions and allowances) is payable to the Government. The balance of receipts is required to be credited to the Capital Receipts Reserve, and can then only be used for new capital investment or set aside to reduce the Council's underlying need to borrow. Receipts are appropriated to the Capital Receipts Reserve from the General Fund Balance in the Movement in Reserves Statement (MiRS).

The written-off value of disposals is not a charge against council tax, as the cost of fixed assets is fully provided for under separate arrangements for capital financing. Amounts are appropriated to the CAA from the General Fund Balance in the MiRS.

Depreciation

Depreciation is provided for on all Property, Plant and Equipment by the systematic allocation of their depreciable amounts over their useful lives. An exception is made for assets without a determinable finite useful life (i.e. freehold land and Community Assets) and assets that are not yet available for use (i.e. assets under construction).

Depreciation is calculated on the following bases:

- Land – not subject to depreciation
- Dwellings and other buildings – straight-line allocation over the life of the property as estimated by the valuer
- Vehicles, plant, furniture and equipment - a percentage of the value of each class of assets in the Balance Sheet, as advised by a suitably qualified officer
- Infrastructure - straight line allocation over 20 years
- Community assets – not subject to depreciation

Where an item of Property, Plant and Equipment has major components with a significant cost in relation to the total cost of the asset, and with different estimated useful lives, the components are depreciated separately. This is limited to assets valued at over £1 million which have individual components valued at over £250,000, except for Council Dwellings where individual components are aggregated due to the nature, scale and materiality of this class of asset.

Notes to the Financial Statements

Revaluation gains are also depreciated, with an amount equal to the difference between current value depreciation charged on assets and the depreciation that would have been chargeable based on their historical cost being transferred each year from the Revaluation Reserve to the Capital Adjustment Account.

18) Provisions, Contingent Liabilities and Contingent Assets

Provisions

Provisions are made where an event has taken place that gives the Council a legal or constructive obligation that probably requires settlement by a transfer of economic benefits or service potential, and a reliable estimate can be made of the amount of the obligation.

Provisions are charged as an expense to the appropriate service line in the Comprehensive Income and Expenditure Statement in the year that the Council becomes aware of the obligation, and are measured at the best estimate at the Balance Sheet date of the expenditure required to settle the obligation, taking into account relevant risks and uncertainties.

When payments are eventually made, they are charged to the provision carried in the Balance Sheet. Estimated settlements are reviewed at the end of each financial year – where it becomes less than probable that a transfer of economic benefits will now be required (or a lower settlement than anticipated is made), the provision is reversed and credited back to the relevant service line.

Where some or all of the payment required to settle a provision is expected to be recovered from another party (e.g. from an insurance claim), this is only recognised as income for the relevant service if it is virtually certain that reimbursement will be received if the Council settles the obligation.

Contingent Liabilities

A contingent liability arises where an event has taken place that gives the Council a possible obligation whose existence will only be confirmed by the occurrence or otherwise of uncertain future events not wholly within the control of the Council.

Contingent liabilities also arise in circumstances where a provision would otherwise be made but either it is not probable that an outflow of resources will be required or the amount of the obligation cannot be measured reliably.

Contingent liabilities are not recognised in the Balance Sheet but disclosed in a note to the Financial Statements.

Notes to the Financial Statements

Contingent Assets

A contingent asset arises where an event has taken place that gives the Council a possible asset whose existence will only be confirmed by the occurrence or otherwise of uncertain future events not wholly within the control of the Council.

Contingent assets are not recognised in the Balance Sheet but disclosed in a note to the Financial Statements where it is probable that there will be an inflow of economic benefits or service potential.

19) Reserves

The Council sets aside specific amounts as reserves for future policy purposes or to cover contingencies. Reserves are created by appropriating amounts out of the General Fund Balance in the Movement in Reserves Statement.

When expenditure to be financed from a reserve is incurred, it is charged to the appropriate service in that year to score against the Surplus or Deficit on the Provision of Services in the Comprehensive Income and Expenditure Statement. The reserve is then appropriated back into the General Fund Balance in the Movement in Reserves Statement so that there is no net charge against council tax for the expenditure.

Certain reserves are kept to manage the accounting processes for non-current assets, financial instruments, retirement and employee benefits and do not represent usable resources for the Council – these reserves are explained in the relevant policies.

20) Revenue Expenditure Funded From Capital Under Statute

Expenditure incurred during the year that may be capitalised under statutory provisions but that does not result in the creation of a non-current asset has been charged as expenditure to the relevant service in the Comprehensive Income and Expenditure Statement in the year.

Where the Council has determined to meet the cost of this expenditure from existing capital resources or by borrowing, a transfer in the Movement in Reserves Statement from the General Fund Balance to the Capital Adjustment Account then reverses out the amounts charged so that there is no impact on the level of council tax.

Notes to the Financial Statements

21) Value Added Tax (VAT)

The Council's income and expenditure excludes any amounts related to VAT.

VAT collected on income is payable to Her Majesty's Revenue and Customs (HMRC) and VAT paid on expenditure is recoverable from HMRC.

22) Council Tax and Non-Domestic Rates

The Council in its capacity as a billing authority for council tax acts as an agent on behalf of the major preceptors (East Sussex County Council, Sussex Police Authority and East Sussex Fire Authority). The Council collects all of the income due from Council Tax payers, pays each major preceptor according to its own precept, and accounts for the income and expenditure in the separate statutory Collection Fund. However, within the Comprehensive Income and Expenditure Statement the Council accounts only for its own share of the council tax income due for the year. The Council's Balance Sheet records only its own share of the amounts of Council Tax debtors less the adjustments for doubtful debts as short-term debtors, its own share of income in advance as short-term creditors and its own share of any surplus or deficit on the Collection Fund as an adjustment within Unusable Reserves. The corresponding shares of debtors, creditors and Collection Fund adjustment that relate to the three major preceptor authorities are shown as a single net creditor or debtor in the Council's Balance Sheet.

Cash transactions relating to the collection of council tax and the payments over to the major preceptors are recorded in net terms as a Financing Activity within the Council's Cash Flow Statement.

Similarly, the Council collects income from payers of Non-Domestic Rates (business rates) on behalf of the Government under what is, in substance, an agency arrangement. It pays all of the income, less an allowance for the cost of collection, direct to Government. The Council accounts for all transactions within the separate statutory Collection Fund but does not account for the income or the payment over of business rates within its Comprehensive Income and Expenditure Account. The Council's Balance Sheet records a single creditor or debtor representing the net amount of Non-Domestic Rate debtors, adjustments for doubtful debts, income in advance, and other amounts due to or from the Government.

Cash transactions relating to the collection of business rates and the payments over to Government are recorded in net terms as a Financing Activity within the Council's Cash Flow Statement.

23) Group Accounts

The Council has reviewed its interests with external bodies as required by the Code and has concluded that it does not have any interests in subsidiaries, associated companies or joint ventures that would require the production of Group Accounts.

Notes to the Financial Statements

Note 3. ACCOUNTING STANDARDS THAT HAVE BEEN ISSUED BUT HAVE NOT BEEN ADOPTED

The 2012/13 Code has adopted amendments to IFRS 7 *Financial Instruments: Disclosures* (issued October 2010) that will result in a change of accounting policy effective from 1 April 2012. From this date the Council is required to provide disclosures for all transfers of financial assets that are not derecognised and for any continuing involvement in a transferred asset existing at the reporting date, irrespective of when the related transfer transaction occurred. The initial application of this IFRS has no material impact in the 2011/12 Financial Statements.

Note 4. CRITICAL JUDGEMENTS IN APPLYING ACCOUNTING POLICIES

In applying the accounting policies set out in Note 2, the Council has had to make certain judgements about complex transactions or those involving uncertainty about future events.

The critical judgements made in the Financial Statements are:

- the Council has £0.73m deposited with Landsbanki Islands hf which is in administration. The Council is assuming that the administrators will be able to realise sufficient value from the Bank's assets to repay in full the Council along with all of those creditors which the Icelandic Supreme Court has determined to have priority status.
- the preparation of Group Accounts is not required to reflect the Council's relationship with Wave Leisure Trust. Although the Council reviews the Trust's business plan each year to ensure that it meets the terms of a funding agreement between the two parties, it does not control the majority of the voting rights and does not have a right or the ability to direct the financial or operating policies of the Trust.
- a grant given to the Council for a specific purpose which must be used by a given date or otherwise returned is treated as having a condition attached and is not credited to the Comprehensive Income and Expenditure Statement (CIES) until the condition is met. A grant given to the Council which does not have a specified date for use is treated as having a restriction and is credited to the CIES when received.

Notes to the Financial Statements

Note 5. ASSUMPTIONS MADE ABOUT THE FUTURE AND OTHER MAJOR SOURCES OF ESTIMATION UNCERTAINTY

The Financial Statements contain estimated figures that are based on assumptions made by the Council about the future or that are otherwise uncertain. Estimates are made taking into account historical experience, current trends and other relevant factors. However, because balances cannot be determined with certainty, actual results could be materially different from the assumptions and estimates.

The items in the Council's Balance Sheet at 31 March 2012 for which there is a significant risk of material adjustment in the forthcoming year are as follows:

- **Pensions Liability:** estimation of the net liability to pay pensions depends on a number of complex judgements relating to the discount rate used, the rate at which salaries are projected to increase, changes in retirement ages, mortality rates and expected returns on pension fund assets. A firm of consulting actuaries is engaged to provide the Council with expert advice about the assumptions to be applied. The effects on the net pensions liability of changes in individual assumptions can be measured. For instance a 0.5% decrease in the discount rate assumption would result in an increase in the pension liability of £6.8 million. The effects of other changes in individual assumptions made by the actuary are set out within the sensitivity analysis section of Note 39 p105
- **Allowance for Doubtful Debts:** the Council has included in its accounts a provision for the impairment of doubtful debts of £0.8 million at 31 March 2012 (Note 19 p73) based on an assessment of future recoverability. However, if this allowance proves to be insufficient a further charge would be made to services within the Comprehensive Income and Expenditure Statement.
- **Property, Plant and Equipment:** the Council estimates the useful lives of Property, Plant and Equipment based on the period over which the assets are expected to be available for use. In addition, the estimation of the useful lives of Property, Plant, and Equipment is based on external technical evaluation and experience with similar assets. The estimated useful lives of Property, Plant and Equipment are reviewed periodically and are updated if expectations differ from previous estimates due to physical wear and tear, technical or commercial obsolescence and legal or other limits on the use of the relevant assets. A reduction in the estimated useful lives of the Property, Plant and Equipment would increase the cost of depreciation charged to services within the Comprehensive Income and Expenditure Statement and decrease the Balance Sheet Value. In 2011/12, the total depreciation charge to services was £5 million (Note 13 p58).

Notes to the Financial Statements

Note 6. MATERIAL ITEMS OF INCOME AND EXPENSE

Three items of income and expense are separately identified within the Comprehensive Income and Expenditure Statement rather than incorporated within the cost of specific service areas. This approach has been adopted because of their exceptional nature or value. Details are:

- Local authority housing – exceptional item: payment to the Secretary of State in order to exit the HRA subsidy system. For details of this charge to the Housing Revenue Account in 2011/12 see Note 6 to the HRA p115.
- Local authority housing – exceptional item: impairment loss/(reversals) of HRA property assets. For details of this charge to the Housing Revenue Account in 2010/11 see Note 4 to the HRA p114.
- Non distributed costs - exceptional item: change in inflation factor for retirement benefits. For details of this gain in 2010/11 see Note 39 p100.

Note 7. EVENTS AFTER THE BALANCE SHEET DATE

The Financial Statements were authorised for issue by the Director of Finance on 29 June 2012. Events taking place after this date are not reflected in the Financial Statements or notes

Notes to the Financial Statements

Note 8. ADJUSTMENTS BETWEEN ACCOUNTING BASIS AND FUNDING BASIS UNDER REGULATIONS

This note details the adjustments that are made to the total Comprehensive Income and Expenditure Statement recognised by the Council in accordance with proper accounting practice to the resources that are specified by statutory provisions as being available to the Council to meet future capital and revenue expenditure.

Adjustments between accounting basis and funding basis under regulations	Movement in Usable Reserves					
	General Fund Balance	Housing Revenue Account (HRA)	Capital Receipts Reserve	Major Repairs Reserve	Capital Grants Unapplied	Movement in Unusable Reserves
2011/12	£000	£000	£000	£000	£000	£000
Adjustments primarily involving the Capital Adjustment Account:						
Reversal of items debited or credited to the Comprehensive Income and Expenditure Statement:						
Charges for depreciation and impairment of non-current assets	892	1,432				(2,324)
Movements in the market value of Investment Properties	242					(242)
Amortisation of intangible assets	195					(195)
Capital grants and contributions applied	(1,171)					1,171
Revenue expenditure funded from capital under statute	593	56,673				(57,266)
Amounts of non-current assets written off on disposal or sale as part of the gain/loss to the Comprehensive Income and Expenditure Statement	69	285				(354)

Note 9. TRANSFERS TO/FROM EARMARKED RESERVES

This note sets out the amounts set aside from the General Fund Balance in earmarked reserves to provide financing for future expenditure plans and the amounts posted back from earmarked reserves to meet General Fund expenditure in 2011/12.

Earmarked General Fund Reserve (purpose of reserve)	Balance at 1 April 2010 £000	Transfers Out 2010/11 £000	Transfers In 2010/11 £000	Balance at 31 March 2011 £000	Transfers Out 2011/12 £000	Transfers In 2011/12 £000	Balance at 31 March 2012 £000
Budget Carry Forward <i>(Where a project or service, which was to have been funded from a revenue budget, has not been completed at the year end, the unspent budget can, if required, be carried forward to fund that project or service in the following year)</i>	335	(335)	317	317	(317)	124	124
Building Control Charging Scheme <i>(Regulations require defined elements of building control function to break-even over time. A trading account is prepared to cover these items, with the annual surplus/(deficit) added to or funded from this reserve)</i>	45	0	9	54	0	41	95
Service Priority <i>(Two elements: to support the Council's flexible retirement policy and assist with the budget realignment exercise, and to support Programme Nexus)</i>	1,903	(205)	290	1,988	(426)	358	1,920
Clean and Green <i>(Supports the Council's 'clean and green' initiatives)</i>	118	(49)	0	69	(36)	22	55

Notes to the Financial Statements

Transfers to/from earmarked reserves (continued)	Balance at 1 April 2010 £000	Transfers Out 2010/11 £000	Transfers In 2010/11 £000	Balance at 31 March 2011 £000	Transfers Out 2011/12 £000	Transfers In 2011/12 £000	Balance at 31 March 2012 £000
Concessionary Travel <i>(For the settlement of any claims for additional operator reimbursement as provided for in legislation)</i>	266	(291)	80	55	(8)	0	47
Corporate Building Repairs <i>(Supports the repairs programme for Council buildings)</i>	159	(50)	50	159	(52)	50	157
Financial Systems <i>(Supports the replacement or upgrade of financial systems)</i>	9	(9)	0	0	0	0	0
Housing Benefits Standards and Improvements <i>(Supports improvements to the quality of the Benefits service)</i>	407	(128)	119	398	(45)	147	500
Housing Development <i>(Supports the costs of a housing transfer if that were to be the choice of tenants' in any future housing options appraisal)</i>	195	0	0	195	0	0	195
IT Replacement Equipment <i>(Supports the IT replacement programme)</i>	24	(85)	62	1	0	62	63

Notes to the Financial Statements

Transfers to/from earmarked reserves (continued)	Balance at 1 April 2010 £000	Transfers Out 2010/11 £000	Transfers In 2010/11 £000	Balance at 31 March 2011 £000	Transfers Out 2011/12 £000	Transfers In 2011/12 £000	Balance at 31 March 2012 £000
Insurance <i>(Meets the excess element of insurance claims and provides for the settlement of any liability arising from an insolvent run-off of Municipal Mutual Insurance)</i>	140	(37)	28	131	(17)	36	150
Leisure Buildings Repairs <i>(Supports works to Council operated parks, leisure and open space facilities)</i>	113	(63)	67	117	(41)	50	126
Leisure Trust <i>(Supports future obligations under the operational arrangement with Wave Leisure Trust)</i>	160	(30)	80	210	(53)	50	207
All Weather Pitch <i>(Supports future replacement)</i>	41	0	20	61	0	20	81
Leisure Trust Buildings Maintenance <i>(Supports the Council's maintenance obligations with Wave Leisure Trust)</i>	34	(47)	120	107	(58)	80	129
Newhaven Enterprise Centre <i>(Supports the future replacement of equipment)</i>	27	0	13	40	0	13	53
Community Safety Partnership Fund <i>(Supports projects where the Council is lead partner and/or for working with external agencies, community organisations, etc)</i>	13	(5)	0	8	(5)	67	70

Notes to the Financial Statements

Transfers to/from earmarked reserves (continued)	Balance at 1 April 2010 £000	Transfers Out 2010/11 £000	Transfers In 2010/11 £000	Balance at 31 March 2011 £000	Transfers Out 2011/12 £000	Transfers In 2011/12 £000	Balance at 31 March 2012 £000
Housing and Planning Delivery Grant <i>(Supports specific Planning service initiatives over a number of years)</i>	244	(140)	0	104	(33)	0	71
Major Planning Applications <i>(Supports the processing of any major planning applications as and when they arise)</i>	56	0	0	56	0	0	56
Private Sector Leasing and Homelessness Initiatives <i>(Supports repairs to properties prior to return at the end of the lease period and homelessness initiatives throughout Lewes district)</i>	8	(40)	46	14	(25)	34	23
Recycling <i>(Supports the expansion of the recycling service and to smooth out any fluctuations in recycling income within the annual budget)</i>	319	(18)	126	427	(47)	0	380
Southover Grange Improvements <i>(Supports future improvement works)</i>	41	0	0	41	0	0	41
Vehicle Replacement <i>(Supports the vehicle replacement programme)</i>	1,324	(66)	311	1,569	(100)	311	1,780

Notes to the Financial Statements

----------------	---------------	--------------	--------------	--------------	----------------

Notes to the Financial Statements

Net book value of Property, Plant and Equipment analysed between the Housing Revenue Account (HRA) and the General Fund

Net book value at 31 March 2012

- property, plant and equipment held by the HRA
- property, plant and equipment held by the General Fund

	Council Dwellings £000	Other Land and Buildings £000	Vehicles, Plant, Furniture, Equipment £000	Infrastructure Assets £000	Community Assets £000	Total Property, Plant and Equipment £000
- property, plant and equipment held by the HRA	154,846	8,921	514	974	34	165,289
- property, plant and equipment held by the General Fund	672	32,334	2,280	1,011	1,501	37,798
	155,518	41,255	2,794	1,985	1,535	203,087

Net book value at 31 March 2011

- property, plant and equipment held by the HRA
- property, plant and equipment held by the General Fund

- property, plant and equipment held by the HRA	153,230	8,881	314	1,076	34	163,535
- property, plant and equipment held by the General Fund	679	29,798	2,345	551	1,425	34,798
	153,909	38,679	2,659	1,627	1,459	198,333

Depreciation - the following useful lives have been used in the calculation of depreciation

- Council Dwellings:
 - Land - not depreciated
 - Building main structure - 100 years
 - Building components (e.g. kitchen, bathroom, windows, roof) - 15-60 years
- Vehicles, Plant, Furniture & Equipment:
 - Small and medium vehicles - 5-7 years
 - Large and heavy vehicles - 10 years
 - General equipment - 5-15 years
 - Computer equipment - 5 years
- Other Land and Buildings:
 - Land - not depreciated
 - Buildings - individual asset lives determined as part of an independent valuation exercise
 - Fixtures and fittings - 10 years
- Infrastructure:
 - Coast defences - 20 years
 - Car parks - 20 years

Capital Commitments - at 31 March 2012, the Council has entered into two contracts for the construction or enhancement of Property, Plant and Equipment in future years budgeted to cost £70,000 (commitments at 31 March 2011 were £800,000).

Notes to the Financial Statements

Effects of Changes in Estimates – at 31 March 2012 the Council changed its accounting estimates for the Lewes and Meridian Leisure Centres from historic cost to fair value based on depreciated replacement cost. These two Leisure Centres are dual use facilities shared with East Sussex County Council (ESCC) and the basis of the new valuation is consistent with that employed by ESCC. The net book values held at 31 March 2012 reflect the appropriate share of each facility used by the Council.

Revaluations

The Council carries out a rolling programme that ensures that all Property, Plant and Equipment required to be measured at fair value is revalued at least every five years. Valuations of land and buildings were carried out by an independent valuer (DVS - the commercial arm of the Government's Valuation Office Agency) in accordance with the methodologies and bases for estimation set out in the professional standards of the Royal Institution of Chartered Surveyors. Council dwellings were revalued by DVS on 1 April 2010 and are subject to annual desktop revaluation reviews as at 31 March each year until the next full valuation review due by 1 April 2015. Other Land and Buildings and Investment Properties were revalued by DVS on 1 April 2009 and fall due again by 1 April 2014. Valuations of vehicles, plant, furniture and equipment are based on using depreciated replacement cost (DRC) as an estimate of fair value.

The significant assumptions applied in estimating the fair values are:

- that the properties are not subject to any unusual or especially onerous restrictions, encumbrances or outgoings and that good titles can be shown
- that the properties and their values are unaffected by any matters which would be revealed by a local search or inspection of any register and that the use and occupation are both legal
- that the land and properties are not contaminated nor adversely affected by radon
- that inspection of those parts which have not been inspected would not cause the valuer to alter his opinion

	Council Dwellings £000	Other Land and Buildings £000	Total £000
Carried at historical cost	-	1,239	1,239
Valued at fair value as at:			
- 31 March 2012	154,846	18,403	173,249
- 31 March 2011	-	1,379	1,379
- 31 March 2010	672	20,234	20,906
Total Cost or Valuation	155,518	41,255	196,773

Notes to the Financial Statements

Land and buildings comprises three properties - Southover Grange, Market Tower and Newhaven Fort – which are included in the Balance Sheet at market value as assessed by the Council's external valuer. Depreciation is based on a straight-line allocation over the lives of the properties as estimated by the valuer, except for Market Tower which has an indeterminate life.

Civic regalia are carried in the Balance Sheet at insurance valuation which is reviewed annually. Since these items are deemed to have indeterminate lives no depreciation is charged.

Works of art and museum exhibits are carried in the Balance Sheet at insurance valuation which is reviewed annually. Since these items are deemed to have indeterminate lives no depreciation is charged.

The Council has no intangible heritage assets.

Five-year summary of transactions

During the five year period from 1 April 2007 to 31 March 2012 there were no material additions to the Council's stock of heritage assets, either through acquisition or donation, nor were there any disposals. In addition, no heritage assets were impaired during this period.

Further information on Works of Art and Museum Exhibits

The bulk of the Council's collection of works of art and museum exhibits are housed at Newhaven Fort. At any time, given the volume of exhibits, only 10 per cent of the collection is on display to the public but each season the display is refreshed so that each exhibit is shown at least once every ten years. The remaining pieces of the collection are held in storage but access is permitted to scholars and others for research purposes on request. An admission charge to Newhaven Fort is payable in order to view the collection.

Notes to the Financial Statements

Note 15. INVESTMENT PROPERTIES

The following items of income and expense have been accounted for in the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement (Note 11 p57):

	2010/11 £000	2011/12 £000
Rental income from investment property	(122)	(127)
Direct operating expenses arising from investment property	0	37
Net gains or (losses) from fair value changes	35	242
Net (gain)/loss	(87)	152

There are no restrictions on the Council's ability to realise the value inherent in its investment property or on the Council's right to the remittance of income and the proceeds of disposal.

The Council has no contractual obligations to purchase, construct or develop investment property or carry out repairs, maintenance or enhancement.

Summary of the movement in the fair value of investment properties over the year:

	2010/11 £000	2011/12 £000
Balance at 1 April	3,252	3,252
Additions - capitalised refurbishment expenditure	35	3
Disposals	0	0
Net gains or (losses) from fair value changes	(35)	(242)
Balance at 31 March	3,252	3,013

The fair value of investment properties held at 31 March comprises:

	2010/11 £000	2011/12 £000
18 sites of land and buildings held to earn rental income	1,452	1,513
Land at rear of Lewes House held for capital appreciation	1,800	1,500
	3,252	3,013

The Council has reached an agreement with a developer for the sale of the land at the rear of Lewes House, dependent upon the market value of the land reaching a certain level.

Notes to the Financial Statements

Note 16. INTANGIBLE ASSETS

The Council accounts for its software as intangible assets, to the extent that the software is not an integral part of a particular IT system (when it is accounted for along with the hardware within Property, Plant and Equipment). The intangible assets include purchased software licenses and associated costs only. The Council does not include as Intangible Assets any internally generated software like web development, the costs of which are charged to the Comprehensive Income and Expenditure Statement in the year incurred. All software is given a finite useful life, based on assessments of the period that it is expected to be of use to the Council. The useful lives assigned to the major software suites used by the Council are 7 years but where appropriate a lesser period is used. The carrying amount of intangible assets is amortised on a straight-line basis.

Amortisation of £195,000 was charged to revenue in 2011/12. £26,000 was charged direct to service lines within Cost of Services in the Comprehensive Income and Expenditure Statement as set out in the table below, whereas £169,000 was charged to the Information Technology section and then absorbed as an overhead across all the service headings within Cost of Services in the Comprehensive Income and Expenditure Statement.

	£000
Central services to the public	2
Cultural and related services	2
Environmental and regulatory services	8
Planning services	2
Local authority housing	1
Other housing services	5
Corporate and democratic core	6
Charged direct to services	<u>26</u>
Charged indirectly to services as an Information technology overhead	<u>169</u>
	<u>195</u>

The Council previously accounted for the treatment of contaminated land, the marketing of the Lewes House site and certain other costs as intangible assets, but because no useful lives were assigned the costs were amortised in full to revenue in the year that the expenditure was incurred. In effect, this expenditure was treated as revenue expenditure financed from capital under statute (REFCUS) and no value was held on the Balance Sheet. In 2011/12 the gross carrying amounts and amortisation balances for this expenditure shown within 'Other Assets' in the table below has been derecognised as it has been fully consumed. Since no values were held as net carrying amounts at any time previously there has been, and is, no effect on the Council's Balance Sheet and no restatements are required.

Notes to the Financial Statements

The movement on Intangible Asset balances during the year is as follows:

Gross carrying amounts at 1 April 2011

Additions

Reclassification from Property, Plant and Equipment

Derecognition - assets fully consumed

Gross carrying amounts at 31 March 2012

Amortisation balance at 1 April 2011

Charge for year

Reclassification from Property, Plant and Equipment

Derecognition - assets fully consumed

Amortisation balance at 31 March 2012

Net carrying amount at 31 March 2012

Software Licences £000	Wave Leisure £000	Sea Defences £000	Other Assets £000	Total 2011/12 £000
1,412	55	110	943	2,520
75	0	0	0	75
33	0	0	0	33

Fair Values of Assets and Liabilities

Financial liabilities, financial assets represented by loans and receivables and long-term debtors, and long-term creditors are carried in the Balance Sheet at amortised cost. Their fair value can be assessed by calculating the present value of the cash flows that will take place over the remaining term of the instruments, using the following assumptions:

- estimated fair values have been calculated using the equivalent market interest rates at 31 March 2012
- no early repayment or impairment is recognised
- fair values are based on the comparable new borrowing/deposit rate for the same financial instrument from a comparable lender. A consistent approach has been applied to assets and liabilities.
- where an instrument will mature in the next 12 months, carrying amount is assumed to approximate to fair value
- the fair value of trade and other receivables is taken to be the invoiced or billed amount.

Notes to the Financial Statements

The fair values calculated are as follows:

	31 March 2011		31 March 2012	
	Carrying amount	Fair value	Carrying amount	Fair value
	£000	£000	£000	£000
Investments	7,898	7,898	4,798	4,799
Long-term Debtors	121	121	91	91
Cash and Cash Equivalents	2,872	2,872	0	0
Total Financial Assets	10,891	10,891	4,889	4,890
Borrowings – market loan	5,109	5,564	5,109	6,522
Borrowings – Public Works Loan Board (PWLb)	0	0	51,690	53,524
Other Long-term Liabilities – finance leases	286	286	112	112
Total Financial Liabilities	5,395	5,850	56,911	60,158

The fair value of the Council's long-term borrowings is higher than the carrying amount because the interest rates payable are more than the rates available for similar loans at the Balance Sheet date. This shows a notional future loss (based on economic conditions at 31 March 2012) from a commitment to pay interest to the lender above current market rates. The fair value on the market loan has been calculated with reference to the nearest equivalent SWAP rate (source Bloomberg) based on the mid rate for 31 March - the lender was unable to provide a fair value directly. The fair value on the PWLB loans has been provided directly by the PWLB and is based on the equivalent interest rates in place on 30 March 2012.

Short term debtors and creditors are carried at cost as this is a fair approximation of their value and they are therefore excluded from the tables above.

NATURE AND EXTENT OF RISKS ARISING FROM FINANCIAL INSTRUMENTS

The Council's activities expose it to a variety of financial risks:

- Credit risk – the possibility that other parties might fail to pay amounts due to the Council.
- Liquidity risk – the possibility that the Council might not have funds available to meet its payment commitments.
- Market risk – the possibility that a financial loss might arise for the Council as a result of movements in interest rates.

Notes to the Financial Statements

The Council's annual Treasury Management Strategy (last updated in February 2012) focuses on these risks and seeks to minimise potential adverse effects on the resources available to fund services. The Council provides written principles for overall risk management as well as written statements within its treasury management strategy covering interest rate risk, security of capital, and liquidity of investments.

Credit Risk

Credit Risk arises from deposits with banks and other financial institutions, as well as credit exposure to the Council's customers.

Investments are not placed with credit rated banks and other financial institutions unless certain criteria are met at the time that the deposit is made. During 2011/12 deposits in banks and building societies were limited to UK banks and building societies that had minimum Fitch (or equivalent) credit ratings of 'A+' long term and 'F1' short term. Deposits are allowed for periods up to 3 years' duration with a £3m exposure limit per institutional group.

The following table lists outstanding fixed term deposits and investments at 31 March 2012. The table excludes the Council's deposit with Landsbanki Islands hf, an Icelandic bank which entered administration in October 2008. For an explanation of this deposit see Note 38 p99.

Local authorities as sovereign bodies are underwritten by the UK Government(*) and as such individual local authorities are not required to undergo credit rating.

	Hinkley & Bosworth Borough Council	West Yorkshire Fire & Rescue Authority	UK Government Debt Management Office	Total
Credit rating:				
- Country	UK	UK	UK	
- Long-term rating	*	*	*	
- Short-term rating	*	*	*	
Maturity period:	£000	£000	£000	£000
- 0 to 3 months	2,600	1,000	600	4,200
- 3 to 6 months				0
- 6 to 12 months				0
- over 12 months				0
Total invested	2,600	1,000	600	4,200

Notes to the Financial Statements

By following the ongoing investment strategy outlined above, the maximum exposure to default in respect of bank deposits is estimated to be minimal. In respect of amounts receivable from our customers, the Council's collection performance is extremely high (98.4% for council tax collection, for example). Each year an assessment is made of the potential maximum level of default against the amount owed for each class of debt (council tax, business rates, rents, sundry debtors). This assessment takes into account both age and value of individual debts. Note 19 p73 shows the total value of customer debt at the year end, along with the allowance for non-collection. The aggregate of investments, mortgages, debtors and cash shown above represents the Council's maximum exposure to default.

Liquidity Risk

As the Council has ready access to borrowings from the Public Works Loans Board (PWLB), there is no significant risk that it will be unable to raise finance to meet its commitments under financial instruments. Instead, the risk is that the Council may be required to replenish a significant proportion of its borrowings at a time of unfavourable interest rates. The maturity analysis of financial liabilities at 31 March is as follows:

	2011 £000	2012 £000	Interest rate range
Less than one year	0	0	-
Between one and two years	0	0	-
Between two and five years	0	0	-
Between five and ten years	0	5,000	variable rate loan
Between ten and fifteen years	0	18,000	2.63% - 3.01%
Between fifteen and twenty years	0	12,000	3.05% - 3.30%
Between twenty and twenty five years	0	10,000	3.43% - 3.44%
Between twenty five and thirty years	0	6,673	3.5%
More than thirty years	5,000	5,000	4.5%
	5,000	56,673	

The liabilities shown as maturing between 5 and 30 years consist of 12 separate loans totalling £51.673m taken from the PWLB on 28 March 2012, each of which has a different maturity date and carries a different interest rate. These loans were used towards financing the payment of £56.673m to the Secretary of State on the same date in order to exit the HRA subsidy system (see Note 6 to the HRA on p115).

Notes to the Financial Statements

The liability which is shown as maturing after 30 years is a single loan. This is a Lenders Option Borrowers Option loan, which has a final maturity date in April 2054. The rate of this loan is currently 4.5% and the lender has the option to review and increase the loan rate every four years from 2012. If, at a review date, the lender proposes to increase the rate, then the Council can exercise its option to repay the loan. The Council would either take a replacement loan from the PWLB or bank or reduce the money available for investment at that time. (After the end of 2011/12 at the review date of 5 April 2012 the Lender did not exercise the option to vary the interest rate and the loan will continue at 4.5% until the next review date in 2016).

All trade and other payables are due to be paid in less than one year.

Market Risk

Interest rate risk

The Council is exposed to some risk in terms of its exposure to interest rate movements on its borrowings and investments.

Movements in interest rates have a complex impact on the Council. A rise in interest rates would have the following effects:

- borrowings at fixed rates – the fair value of the liabilities will fall
- borrowings at variable rates – the fair value of the liabilities will rise
- investments at fixed rates – the fair value of the assets will fall.

Borrowings are not carried at fair value, so nominal gains and losses would not impact on the Comprehensive Income and Expenditure Statement.

The Council carries out its borrowing and investment activity within parameters set out in its Treasury and Investment Strategies, which assess interest rate exposure to feed into the annual budget process. The Council assumed an interest rate of 0.5% for new deposits within its base budget and holds an Interest Equalisation Reserve to smooth out fluctuations in the rate achieved. In this way, the funding of core services is less exposed to interest rate risk. Interest rate and investment income forecasts are updated regularly throughout the year, allowing significant changes to be reflected in updated budget projections. Some new long-term borrowing may take place in 2012/13 to finance capital projects, although the total will be small compared with the value of loans outstanding at 31 March 2012.

Price and foreign exchange risk

The Council does not invest in equities and is not, therefore, exposed to losses arising from movements in share prices. Other than the outstanding investment in Landsbanki (Note 38 p99) where a sum of £8,000 is held in Icelandic krona, the Council has no financial assets or liabilities denominated in foreign currencies, and therefore has little exposure to loss arising from movements in exchange rates.

Notes to the Financial Statements

Notes to the Financial Statements

Note 22. USABLE RESERVES

Movements in the Council's usable reserves are detailed in the Movement in Reserves Statement (page 13).

Note 23. UNUSABLE RESERVES

The Council's unusable reserves consist of:

	31 March 2011	31 March 2012
	£000	£000
Revaluation Reserve	8,411	11,172
Capital Adjustment Account	183,041	128,367
Financial Instruments Adjustment Account	(256)	(43)
Pension Reserve	(9,601)	(13,929)
Deferred Capital Receipts	1	0
Collection Fund Adjustment Account	160	81
Accumulated Absences Account	(112)	(117)
Total Unusable Reserves	181,644	125,531

A description of the nature and purpose of each unusable reserve, the movement in the reserve during the financial year, and the balance at the year end is detailed below as follows:

Revaluation Reserve

The Revaluation Reserve contains the gains made by the Council arising from increases in the value of its Property, Plant and Equipment.

The balance is reduced when assets with accumulated gains are:

- revalued downwards or impaired and the gains are lost
- used in the provision of services and the gains are consumed through depreciation, or
- disposed of and the gains are realised.

The Reserve contains only revaluation gains accumulated since 1 April 2007, the date that the Reserve was created. Accumulated gains arising before that date are consolidated into the balance on the Capital Adjustment Account.

Notes to the Financial Statements

Revaluation Reserve

	2010/11 £000	2011/12 £000	£000
Balance at 1 April	7,669		8,411
Upward revaluation of assets	3,751	3,191	
Downward revaluation of assets and impairment losses not charged to the Surplus/Deficit on the Provision of Services	(2,805)	(102)	
Surplus on the revaluation of non-current assets not posted to the Surplus/Deficit on the Provision of Services	946		3,089
Difference between fair value depreciation and historical cost depreciation	(204)	(200)	
Accumulated gains on assets sold or scrapped	0	(14)	
Accumulated gains on Investment Properties	0	(114)	
Amount written off to the Capital Adjustment Account	(204)		(328)
Balance at 31 March	8,411		11,172

Capital Adjustment Account

The Capital Adjustment Account absorbs the timing differences arising from the different arrangements for accounting for the consumption of non-current assets and for financing the acquisition, construction or enhancement of those assets under statutory provisions. The Account is debited with the cost of acquisition, construction or enhancement only because depreciation, impairment losses and amortisations are charged to the Comprehensive Income and Expenditure Statement (with reconciling postings from the Revaluation Reserve to convert fair value figures to a historical cost basis). The Account is credited with the amounts set aside by the Council as finance for the costs of acquisition, construction and enhancement. The Account also contains revaluation gains accumulated on Property, Plant and Equipment before 1 April 2007, the date that the Revaluation Reserve was created to hold such gains.

Notes to the Financial Statements

Capital Adjustment Account

	2010/11 £000	2011/12 £000
Balance at 1 April	231,617	183,041
Reversal of items relating to capital expenditure debited or credited to the Comprehensive Income and Expenditure Statement:		
• Charges for depreciation and impairment/(reversals) of non-current assets	(52,337)	(2,324)
• Amortisation of Intangible Assets	(333)	(195)
• Revenue expenditure funded from capital under statute (REFCUS)	(1,012)	(57,266)
• Amounts of non-current assets written off on disposal or sale as part of the gain/loss on disposal to the Comprehensive Income and Expenditure Statement	(281)	(354)
	<u>(53,963)</u>	<u>(60,139)</u>
Adjusting amounts written out of the Revaluation Reserve	204	328
Net written out amount of the cost of non-current assets consumed in the year	<u>(53,759)</u>	<u>(59,811)</u>
Capital financing applied in the year:		
• Use of the Capital Receipts Reserve to finance new capital expenditure	495	641
• Use of the Major Repairs Reserve to finance new capital expenditure	2,233	2,167
• Capital grants and contributions credited to the Comprehensive Income and Expenditure Statement that have been applied to capital financing	1,302	1,171
• Application of grants to capital financing from the Capital Grants Unapplied Account	207	153
• Statutory provision for the financing of capital investment charged against the General Fund and Housing Revenue Account balances	166	154
• Capital expenditure charged against the General Fund and Housing Revenue Account balances	815	1,093
	<u>5,218</u>	<u>5,379</u>
Movements in the market value of Investment Properties (debited) or credited to the Comprehensive Income and Expenditure Statement	(35)	(242)
Balance at 31 March	<u>183,041</u>	<u>128,367</u>

Notes to the Financial Statements

Financial Instruments Adjustment Account

The Financial Instruments Adjustment Account (FIAA) absorbs the timing differences arising from the different arrangements for accounting for income and expenses relating to certain financial instruments and for bearing losses or benefiting from gains per statutory provisions.

The Council uses the Account to manage premiums paid and discounts received on the early redemption of loans, and, in 2010/11, to manage its investment with Landsbanki Islands hf.

Premiums and discounts are taken to the Comprehensive Income and Expenditure Statement when they are incurred, but are reversed out of the General Fund Balance to this Account in the Movement in Reserves Statement. Over time, the income and/or expense is posted back to the General Fund Balance in accordance with statutory arrangements for spreading the burden over more than one financial year. In the Council's case, this period is the unexpired term that was outstanding on the loans when they were redeemed.

The impairment of the Council's investment with Landsbanki Islands hf was charged to the FIAA in accordance with regulations until 31 March 2011, at which date the balance was transferred to the General Fund.

Financial Instruments Adjustment Account	2010/11	2011/12
	£000	£000
Balance at 1 April	(732)	(256)
Proportion of premiums and discounts incurred in previous financial years to be charged against the General Fund Balance in accordance with statutory requirements	211	213
Impaired investment with Landsbanki Islands hf charged against the General Fund Balance in accordance with statutory requirements	265	0
	476	213
Amount by which finance costs charged to the Comprehensive Income and Expenditure Statement are different from finance costs chargeable in the year in accordance with statutory requirements	0	
Balance at 31 March	(256)	(43)

Notes to the Financial Statements

Pensions Reserve

The Pensions Reserve absorbs the timing differences arising from the different arrangements for accounting for post employment benefits and for funding benefits in accordance with statutory provisions. The Council accounts for post employment benefits in the Comprehensive Income and Expenditure Statement as the benefits are earned by employees accruing years of service, updating the liabilities recognised to reflect inflation, changing assumptions and investment returns on any resources set aside to meet the costs. However, statutory arrangements require benefits earned to be financed as the Council makes employer's contributions to the pension fund or eventually pays any pensions for which it is directly responsible. The debit balance on the Pensions Reserve therefore shows a substantial shortfall in the benefits earned by past and current employees and the resources the Council has set aside to meet them. The statutory arrangements will ensure that funding will have been set aside by the time the benefits come to be paid.

More detailed pension information is included within Note 39, Post Employment Benefits.

	2010/11 £000	2011/12 £000
Balance at 1 April	(33,615)	(9,601)
Actuarial gains or (losses) on pensions assets and liabilities	16,667	(4,722)
Reversal of items relating to retirement benefits debited or credited to the Surplus or Deficit on the Provision of Services in the Comprehensive Income and Expenditure Statement	5,395	(1,561)
Employer's pension contributions payable in the year	1,952	1,955
Balance at 31 March	(9,601)	(13,929)

Deferred Capital Receipts Reserve

The Deferred Capital Receipts Reserve holds the gains recognised on the disposal of non-current assets but for which cash settlement has yet to take place. Under statutory arrangements, the Council does not treat these gains as usable for financing new capital expenditure until they are backed by cash receipts. When the deferred cash settlement eventually takes place, amounts are transferred to the Capital Receipts Reserve.

	2010/11 £000	2011/12 £000
Balance at 1 April	4	1
Transfer to Capital Receipts Reserve upon receipt of cash	(3)	(1)
Balance at 31 March	1	0

Notes to the Financial Statements

Collection Fund Adjustment Account

The Collection Fund Adjustment Account manages the differences arising from the recognition of council tax income in the Comprehensive Income and Expenditure Statement as it falls due from council tax payers compared with the statutory arrangements for paying across amounts to the General Fund from the Collection Fund.

	2010/11 £000	2011/12 £000
Balance at 1 April	147	160
Amount by which council tax income credited to the Comprehensive Income and Expenditure Statement is different from council tax income calculated for the year in accordance with statutory requirements	13	(79)
Balance at 31 March	160	81

Accumulated Absences Account

The Accumulated Absences Account absorbs the differences that would otherwise arise on the General Fund Balance from accruing for compensated absences earned but not taken in the year, e.g. annual leave entitlement carried forward at 31 March. Statutory arrangements require that the impact on the General Fund Balance is neutralised by transfers to or from this account.

	2010/11 £000	2011/12 £000
Balance at 1 April	(123)	(112)
Settlement or cancellation of accrual made at the end of the preceding financial year	123	112
Amounts accrued at the end of the current financial year	<u>(112)</u>	<u>(117)</u>
Amount by which officer remuneration charged to the Comprehensive Income and Expenditure Statement on an accruals basis is different from remuneration chargeable in accordance with statutory requirements	11	(5)
Balance at 31 March	<u>(112)</u>	<u>(117)</u>

Adjustments for non-cash movements	47,742	(1,424)

Note 25. CASH FLOW STATEMENT – ADJUSTMENTS FOR ITEMS THAT ARE INVESTING AND FINANCING ACTIVITIES

	2010/11 restated £000	2011/12 £000
Proceeds from sales of property, plant & equipment, investment property and intangible assets	(742)	(658)
Capital grants	(1,362)	(1,388)
Reduction of outstanding liabilities relating to finance leases	95	85
Other items for which the cash effects are investing or financing cash flows	217	212
Adjustments for items that are investing and financing activities	(1,792)	(1,749)

Notes to the Financial Statements

Note 26. CASH FLOW STATEMENT - INVESTING ACTIVITIES

	2010/11 £000	2011/12 £000
Purchase of property, plant and equipment, investment property and intangible assets	(4,452)	(4,327)
Purchase of short-term and long-term investments	(123,625)	(157,400)
Proceeds from the sale of property, plant and equipment, investment property and intangible assets	759	658
Proceeds from short-term and long-term investments	121,525	160,605
Other receipts from investing activities	1,234	1,637
Net cash out flows from investing activities	(4,559)	1,173

Note 27. CASH FLOW STATEMENT - FINANCING ACTIVITIES

	2010/11 £000	2011/12 £000
Other receipts from financing activities – increase/(decrease) in preceptors' share of council tax cash collected net of precepts and surpluses paid	(435)	136
Cash payments for the reduction of the outstanding liabilities relating to finance leases	(95)	(85)
Other payments for financing activities - increase in cash paid into the NNDR pool net of cash collected from non-domestic ratepayers	(128)	(176)
Cash receipts of short and long-term borrowing	0	51,673
Net cash out flows from financing activities	(658)	51,548

Notes to the Financial Statements

Note 28. AMOUNTS REPORTED FOR RESOURCE ALLOCATION DECISIONS

The analysis of income and expenditure by service on the face of the Comprehensive Income and Expenditure Statement is that specified by the CIPFA *Service Reporting Code of Practice*.

However, decisions about resource allocation are taken by the Council's Cabinet on the basis of budget reports analysed across portfolios. These reports are prepared on a different basis from the accounting policies used in the Financial Statements.

In particular:

- no charges are made in relation to capital expenditure (whereas depreciation, revaluation and impairment losses in excess of the balance on the Revaluation Reserve and amortisations are charged to services in the Comprehensive Income and Expenditure Statement)
- the cost of retirement benefits is based on the employer's pensions contributions due for the year rather than current service cost of benefits accrued in the year

The income and expenditure of the Council's six General Fund portfolios and the separate Housing Revenue Account portfolio recorded in the budget reports presented to the Council's Cabinet during 2011/12 is analysed below. The allocation of services by portfolio differs from those reported in 2010/11 because of new reporting arrangements introduced by the new Council elected in May 2011.

Portfolio Income and Expenditure for 2011/12	Finance and Resources	Health and Environment	Housing	Leader of the Council	Planning	Waste and Recycling	Housing Revenue Account	Total 2011/12
	£000	£000	£000	£000	£000	£000	£000	£000
Fees, charges and other service income	(1,229)	(1,104)	(466)	(2,649)	(1,253)	(2,125)	(14,390)	(23,216)

Notes to the Financial Statements

Note 29. TRADING OPERATIONS

The Council operates six Industrial Estates with 97 individual plots in Lewes, Newhaven and Seaford. In addition, the Newhaven Business Centre has 46 units for start-up and small businesses.

The financial performance of these two operations is as follows:

	2010/11			2011/12		
	Turnover	Expenditure	(Surplus)/Deficit	Turnover	Expenditure	(Surplus)/Deficit
	£000	£000	£000	£000	£000	£000
Industrial Estates	639	96	(543)	639	94	(545)
Newhaven Business Centre	327	287	(40)	348	259	(89)
	966	383	(583)	987	353	(634)

Note 30. AGENCY SERVICES

The Council entered into an agency agreement under Section 101 of the Local Government Act 1972 on 1 April 2011 with the newly formed South Downs National Park (SDNP), to provide Development Management Services (i.e. the provision of planning services) for a period of 3 years. In 2011/12 costs of £517,000 were recharged to SDNP.

In addition to the agency agreement the Council and SDNP agreed to work in partnership on planning policy in order to complete the Local Development Framework (LDF) Core Strategy for Lewes District which includes areas for which the SDNP is now the planning authority. Under this separate partnership agency arrangement, costs of £83,000 were recharged to SDNP.

The Council has a contract with The Landscape Group to provide grounds maintenance services in parks, open spaces and recreation grounds throughout the District. Included within this contract are parks, open spaces and recreation grounds belonging to a number of town and parish councils where letting and managing individual small contracts directly would not be cost effective. The Council is therefore providing an agency service to the individual town and parish councils which are recharged for the costs relating to their particular shares of the overall contract. In 2011/12 costs of £281,000 were recharged (£261,000 in 2010/11).

In 2011/12 the Council spent £79,000 on facilitating the National Voting Referendum and £70,000 on Town and Parish Council elections, all of which was fully reimbursed.

In 2010/11 £143,000 was spent on Parliamentary, Town and Parish Council elections, all of which was fully reimbursed.

Expenditure and income relating to agency services is excluded from the Comprehensive Income and Expenditure Statement.

Notes to the Financial Statements

Note 31. MEMBERS' ALLOWANCES

The Council paid the following amounts to members of the Council (District Councillors) during the year, in line with the levels of allowances recommended by an Independent Remuneration Panel.

2010/11 Total Allowances £	Council Member	Basic Allowance £	Special Responsibility Allowance £	Travel and Subsistence Allowance £	2011/12 Total Allowances £

2,975	Bob Sinclair	280			280
3,191	Robert Worthington	280			280
193,483	Total	121,975	67,633	5,907	195,515

During 2011/12 the following District Councillor's listed in the table above also served as elected members of East Sussex County Council: Jon Freeman, Phillip Howson, Carolyn Lambert, David Rogers OBE

The cost of employer's national insurance totalling £2,468 in 2011/12 has been excluded from the table above (£4,010 in 2010/11).

The cost of Members' Allowances including employer's national insurance has been allocated as follows:

	2010/11 £000	2011/12 £000
Allowances - General Fund	153	154
Allowances - Housing Revenue Account	44	44
Total allowances including employer's national insurance	197	198

In addition to the above, total payments of £964 were made to co-opted members of the Standards Committee who were not District Councillors (£440 in 2010/11).

The total cost of all allowances, including employer's national insurance and co-opted members of the Standards Committee, is recorded within the Comprehensive Income and Expenditure Statement in the Corporate and Democratic Core service line.

Notes to the Financial Statements

Note 32. OFFICERS' REMUNERATION

The remuneration paid to the senior employees who form the Council's Corporate Management Team was as follows:

Post	Financial Year	Salary	Acting up Allowance	Expenses	Benefits in kind	Compensation for Loss of Office	Total excluding pension contribution	Pension contribution	Total including pension contribution
		£	£	£	£	£	£	£	£
Chief Executive	2011/12	100,395	0	547	3,110	0	104,052	20,882	124,934

Notes to the Financial Statements

The number of other employees receiving more than £50,000 remuneration for the year (excluding pension contributions but including termination benefits) was:

Remuneration band	2010/11 Number of employees	2011/12 Number of employees
£50,000 - £54,999	4	3
£55,000 - £59,999	2	2
£75,000 - £79,999	1	0
£100,000 - £104,999	1	0

The numbers of exit packages with total cost per band and total cost of the compulsory and other redundancies are set out in the table below:

	Number of compulsory redundancies		Number of other departures agreed		Total number of exit packages		Total cost of exit packages	
	2010/11	2011/12	2010/11	2011/12	2010/11	2011/12	2010/11	2011/12
	no.	no.	no.	no.	no.	no.	£	£
£0 - £20,000	3	0	0	0	3	0	34,618	0
£20,001 - £40,000	1	0	0	0	1	0	30,518	0
£40,001 - £60,000	1	0	0	0	1	0	52,928	0
£100,000 - £150,000	0	0	0	1	0	1	0	135,767
Total	5	0	0	1	5	1	118,064	135,767

Notes to the Financial Statements

Note 33. EXTERNAL AUDIT COSTS

The Council incurred the following costs in relation to the audit of the Financial Statements and the certification of grant claims undertaken by the Council's external auditor, PKF (UK) LLP and statutory inspections undertaken by the Audit Commission:

	2010/11	2011/12
	£000	£000
Fees payable to PKF with regard to external audit services carried out by the appointed auditor for the year	107	106
Fees payable to PKF for the certification of grant claims and returns for the year	30	32
Fees payable to the Audit Commission in respect of statutory inspections	2	0
	139	138

Note 34. GRANT INCOME

The Council credited the following grants and contributions to the Comprehensive Income and Expenditure Statement:

	2010/11	2011/12
	£000	£000
Non-ringfenced Government Grants:		
- Revenue Support Grant	817	1,005
- Council Tax Freeze Grant	0	185
- New Homes Bonus Grant	0	253
- Local Authority Business Growth Incentive Scheme	57	0
	874	1,443
Capital Grants and Contributions:		
- grants and contributions towards capital expenditure	601	949
Total credited to Taxation and Non-specific Grant Income	1,475	2,392

Government Grants credited to Services:

- Housing and Council Tax Benefit subsidy	38,482	40,479
- Housing and Council Tax Benefit Administration subsidy	719	674
- Government Grants towards capital expenditure	896	439
- Concessionary Travel	90	0
- Local Services Support Grant	61	113
- Other minor grants	269	85
	40,517	41,790

Notes to the Financial Statements

Other grants and contributions credited to Services:

- Supporting people (from East Sussex County Council)	242	193
- Recycling credits (from East Sussex County Council)	325	324
- East Sussex Air Monitoring Consortium (from other East Sussex Councils)	130	137
- Non Lewes District Council election expenses (from principal bodies)	147	149
- National Non-Domestic Rates Cost of Collection Allowance (from Government)	129	126
- Other minor grants and contributions of less than £100,000 each	255	248
	1,228	1,177

Total credited to Cost of Services

41,745	42,967
---------------	---------------

The Council has received three Government grants together with a number of contributions under Section 106 planning agreements that have yet to be recognised as income. This is because the grants and contributions have conditions attached to them that will require the monies to be returned to the giver if the Council does not satisfy those conditions. It is the Council's intention to satisfy the conditions so that no monies are returned.

The balances held as Capital Grants Receipts in Advance at 31 March were as follows:

	2011 £000	2012 £000
Held as Current Liabilities		
8 Section 106 agreements where each financial contribution is less than £100,000	0	141
Held as Long Term Liabilities		
Section 106 agreement - to provide sports and recreation facilities in Peacehaven	0	836
Section 106 agreement - to acquire land for the provision of open/outdoor play space in Peacehaven	685	618
Section 106 agreement - to provide a sports pitch and pavilion within open space land in Peacehaven	498	500
14 other Section 106 agreements where each financial contribution is less than £100,000	510	310
Government grant (DEFRA) - contaminated land	0	205
Government grant (DEFRA) - air quality	0	185
Government grant (DEFRA) - coast protection	0	143
	1,693	2,797
Total value of balances held as Capital Grants Receipts in Advance at 31 March	1,693	2,938

Notes to the Financial Statements

Note 35. RELATED PARTIES

The Council is required to disclose material transactions with related parties – bodies or individuals that have the potential to control or influence the Council or to be controlled or influenced by the Council. Disclosure of these transactions allows readers to assess the extent to which the Council might have been constrained in its ability to operate independently or might have secured the ability to limit another party's ability to bargain freely with the Council.

Central Government

Central government has effective control over the general operations of the Council – it is responsible for providing the statutory framework within which the Council operates, provides the majority of its funding in the form of grants and prescribes the terms of many of the transactions that the Council has with other parties (e.g. council tax bills, housing benefits). Grants received from government departments are set out in the subjective analysis in Note 28 p83 on reporting for resources allocation decisions and in Note 34 p93 Grant Income.

Members

Members of the Council (District Councillors) have direct control over the Council's financial and operating policies. The total of members' allowances paid in 2011/12 is shown in Note 31 p88. Councillors are obliged by the Council's Constitution to record in a Register of Interests of Members any personal interest, financial and/or otherwise, in any business of the Council. The Register of Interests of Members, which is maintained by the Monitoring Officer, is open to public inspection at Lewes House, 32 High Street, Lewes during office hours. Councillors have confirmed that neither they, nor any close members of their family, have any relationships which would have given rise to a related party transaction in 2011/12.

The Council pays grants and awards discretionary rate relief to a number of organisations, e.g. Lewes and Seaford Citizen's Advice Bureau, in which Councillors have an interest. The relevant Councillors did not take part in any discussion or decision relating to the award of financial support which was made with proper declarations of interest.

Officers

Senior Officers have confirmed that, individually, neither they nor any close members of their family have any relationships which would have given rise to a related party transaction in 2011/12.

Wave Leisure Trust (trading as Wave Leisure Ltd)

The Council has a close relationship with Wave Leisure Ltd, a charitable company established to operate the Council's indoor leisure facilities from 1 April 2006. A Funding and Management Agreement between the two organisations sets out the terms of this relationship. In 2011/12 the Council paid Wave Leisure Ltd a service fee of £780,000 (2010/11 £851,000).

Notes to the Financial Statements

Note 36. CAPITAL EXPENDITURE AND CAPITAL FINANCING

The total amount of capital expenditure incurred in the year is shown in the table below (including the value of assets acquired under finance leases), together with the resources that have been used to finance it. Where capital expenditure is to be financed in future years by charges to revenue as assets are used by the Council, the expenditure results in an increase in the Capital Financing Requirement, which is the measure of the capital expenditure incurred historically by the Council that has yet to be financed.

	2010/11 £000	2011/12 £000
Opening Capital Financing Requirement	13,730	13,902
Capital Investment		
- property, plant and equipment	4,140	4,521
- heritage assets	0	33
- investment properties	35	3
- intangible assets	202	75
- revenue expenditure funded from capital under statute (REFCUS)	1,012	57,266
Sources of Finance		
- capital receipts	(495)	(641)
- government grants and other contributions	(3,741)	(3,491)
- sums set aside from revenue	(166)	(154)
- direct revenue contributions	(815)	(1,093)
Closing Capital Financing Requirement	13,902	70,421
Increase in Capital Financing Requirement	172	56,519
Explanation of movements in year:		
- increase in underlying need to borrow	188	56,604
- decrease in finance lease liability	(95)	(85)
- assets acquired under finance leases	79	0
Increase in Capital Financing Requirement	172	56,519

Notes to the Financial Statements

Note 37. LEASES

Council as Lessee

Finance Leases

The Council has acquired vehicles, plant and equipment, parking meters, and printers and photocopiers under finance leases. The assets acquired under these leases are carried as Property, Plant and Equipment in the Balance Sheet at the following net values:

	31 March 2011	31 March 2012
	£000	£000
Vehicles, plant and equipment	141	99
Parking meters (fully depreciated but still operational)	0	0
Printers and photocopiers	125	87
Total held as Vehicles, Plant, Furniture and Equipment	266	186

The Council is committed to making minimum payments under these leases comprising settlement of the long-term liability for the interest in the property acquired by the Council and finance costs that will be payable by the Council in future years while the liability remains outstanding.

	31 March 2011	31 March 2012
	£000	£000
The minimum lease payments are made up of the following amounts		
- finance lease liabilities (net present value of minimum lease payments)	286	201
- finance costs payable in future years	18	8
Minimum lease payments	304	209

The minimum lease payments will be payable over the following periods:

	Minimum lease payments		Finance lease liabilities	
	31 March 2011	31 March 2012	31 March 2011	31 March 2012
	£000	£000	£000	£000
Not later than one year	96	96	82	89
Later than one year and not later than five years	208	113	204	112
Later than five years	0	0	0	0
Total	304	209	286	201

Notes to the Financial Statements

Operating leases

The Council has acquired the use of contract cars, private properties and land and buildings by entering into operating leases.

The future minimum lease payments due under non-cancellable leases in future years are:

	31 March 2011	31 March 2012
	£000	£000
Not later than one year	239	299
Later than one year and not later than five years	318	449
Later than five years	6	62
Total	563	810

Minimum lease payments recognised as an expense in 2011/12 amounted to £259,000 (£234,000 in 2010/11).

Council as Lessor

Finance Leases

The Council has not leased any items of Property, Plant and Equipment under a finance lease.

Operating leases

The Council lets under operating leases some of the land and buildings held as Property, Plant and Equipment for purposes such as economic development, housing, leisure and recreation. It also lets under operating leases some of the land and buildings held as Investment Property assets solely to earn income from rentals.

The future minimum lease payments receivable under non-cancellable leases in future years are:

	31 March 2011	31 March 2012
	£000	£000
Not later than one year	853	864
Later than one year and not later than five years	2,847	3,007
Later than five years	31,000	30,210
Total	34,700	34,081

The minimum lease payments receivable do not include contingent rents. In 2011/12 the Council recognised a contingent rent of £44,000 as income in respect of its interest in Newhaven Town Centre Property Management (£44,000 in 2010/11).

Notes to the Financial Statements

Note 38. IMPAIRMENT LOSSES

In October 2008, the Icelandic banks Landsbanki, Kaupthing and Glitnir collapsed and their UK subsidiaries entered administration. The Council is one of 127 local authorities (LAs) that have funds deposited with one or more of these banks having made a fixed term deposit of £1m for the period 12 August 2008 to 11 August 2009 at an interest rate of 6.28%.

All monies within these institutions are currently subject to the respective administration and receivership processes. The amounts and timing of payments to depositors such as the Council will be determined by the administrators/receivers, and in the case of Landsbanki was subject to Icelandic court action which came to a close in February 2012.

Based on the latest information available the Council considers that it is appropriate to consider an impairment adjustment for its deposit, and has taken the action outlined below. As the available information is not definitive as to the amounts and timings of payments to be received, it is likely that further adjustments will be made to the Financial Statements in future years.

Landsbanki Islands hf is an Icelandic entity. Following steps taken by the Icelandic Government in early October 2008 its domestic assets and liabilities were transferred to a new bank (new Landsbanki) with the management of the affairs of Old Landsbanki being placed in the hands of a resolution committee and administered under Icelandic law. The resolution committee announced on 9 March 2012 that it anticipated that recoveries would exceed the book value of recognised priority claims. The Icelandic Supreme Court has determined that all LA deposits have priority status. The Council has therefore decided to recognise an impairment based on full recovery.

The bank made one payment to depositors in February 2012 with a further payment expected in May 2012. No announcements have been made as to the timing of future payments but settlement in a further single sum is unlikely. In calculating the impairment, the Council has assumed annual payments running from May 2012 to December 2019.

Recoveries are expressed as a percentage of the Council's claim in the administration and include interest accrued up to 22 April 2009, the date agreed by the bank's winding-up board.

Impairment losses of £202,000, £158,000 and £9,000 had been recognised in the Comprehensive Income and Expenditure Statements in 2008/09, 2009/10 and 2010/11 respectively, determined with reference to the anticipated recovery rate (94.85% in 2010/11). With the anticipated recovery rate now being 100%, it has been necessary to reverse the previous impairment losses and a credit of £78,000 has consequently been recognised in 2011/12. This has been calculated by discounting the assumed cash flows at the effective interest rate of the original deposit in order to recognise the Council's anticipated loss of interest until monies are recovered.

Notes to the Financial Statements

Adjustments to the assumptions will be made in future Financial Statements as more information becomes available.

A summary of the treatment in these Financial Statements of the Council's deposit with Landsbanki hf is as follows:

<u>Date Invested</u>	<u>Maturity Date</u>	<u>Amount Invested</u>	<u>Interest Rate</u>	<u>Carrying Amount</u>	<u>Impairment</u>
12 August 2008	11 August 2009	£1,000,000	6.28%	£1,192,000	£290,000

The expected repayments have been estimated as follows:

May 2012	£127,300	December 2012	£73,100
December 2013	£ 73,100	December 2014	£73,100
December 2015	£ 73,100	December 2016	£73,100
December 2017	£ 73,100	December 2018	£73,100
December 2019	£ 91,800		

Interest credited to the Comprehensive Income and Expenditure Account in 2011/12 was £50,000 (2010/11 £47,000).

Note 39. POST EMPLOYMENT BENEFITS

Participation in Pension Schemes

As part of the terms and conditions of employment of its staff, the Council makes contributions towards the cost of post employment benefits. Although these benefits will not actually be payable until employees retire, the Council has a commitment to make the payments that need to be disclosed at the time the employees earn their future entitlement.

The Council participates in the Local Government Pension Scheme, administered by East Sussex County Council. It is a funded defined benefit final salary scheme, meaning that the Council and employees pay contributions into a fund, calculated at a level intended to balance the pension liabilities with investments and assets.

Transactions Relating to Post-employment Benefits

The Council recognises the cost of retirement benefits in the Cost of Services when they are earned by employees, rather than when the benefits are eventually paid as pensions. However, the charge required by statutory regulation to be made against council tax is based on the cash payable in the year, so the real cost of post employment benefits is reversed out of the Comprehensive Income and Expenditure Statement through the Movement in Reserves Statement.

Notes to the Financial Statements

	2010/11 £000	2011/12 £000
The following transactions have been made in the Comprehensive Income and Expenditure Statement:		
Cost of Services		
- current service cost	2,034	1,772
- past service (gain)	(7,987)	0
- curtailment losses	0	144
Financing and Investment Income and Expenditure		
- interest cost	4,793	3,982
- expected return on pension scheme assets	(4,235)	(4,337)
Total Post Employment Benefit charged/(credited) to the (Surplus) or deficit on the provision of services	(5,395)	1,561
Other Post Employment Benefit charged/(credited) to the Comprehensive Income and Expenditure Statement - actuarial (gains) and losses	(16,667)	4,722
Total Post Employment Benefit charged/(credited) to the Comprehensive Income and Expenditure Statement	(22,062)	6,283

	2010/11 £000	2011/12 £000
The following transactions have been made in the Movement in Reserves Statement:		
Reversal of net charges made to the (Surplus) or deficit on the provision of services for post employment benefits	5,395	(1,561)
Actual amount charged against the General Fund Balance and the Housing Revenue Account Balance for pensions in the year		
- employer's contributions payable to pension scheme	1,861	1,862
- discretionary benefits arrangements (unfunded pensions)	91	93

The cumulative amount of actuarial gains and losses since 2005/06 recognised in the Comprehensive Income and Expenditure Statement to 31 March 2012 is a loss of £14,262,000 (loss of £9,543,000 to 31 March 2011).

Notes to the Financial Statements

Assets and Liabilities in relation to Post-employment Benefits

	2010/11 £000	2011/12 £000
Reconciliation of fair value of the employer's assets		
Opening balance at 1 April	60,103	63,233
Expected rate of return	4,235	4,337
Actuarial gains/(losses)	(271)	(2,327)
Employer contributions	1,861	1,862
Contributions in respect of unfunded benefits	91	93
Contributions by pension scheme members	604	590
Benefits paid	(3,299)	(3,206)
Unfunded benefits paid	(91)	(93)
Closing balance at 31 March	63,233	64,489
	2010/11 £000	2011/12 £000
Reconciliation of present value of the employer's liabilities (defined benefit obligation)		
Opening balance at 1 April	93,718	72,834
Current service cost	2,034	1,772
Interest cost	4,793	3,982
Contributions by pension scheme members	604	590
Actuarial (gains)/losses	(16,938)	2,395
Past service (gain)	(7,987)	0
Losses on curtailments	0	144
Estimated benefits paid	(3,299)	(3,206)
Estimated unfunded benefits paid	(91)	(93)
Closing balance at 31 March	72,834	78,418
Present value of the employer's liabilities	72,834	78,418
Less - Fair value of the employer's assets	63,233	64,489
Defined Pension Scheme Liability (as shown in the Balance sheet)	9,601	13,929

Notes to the Financial Statements

The expected return on scheme assets is determined by considering the expected returns available on the assets underlying the current investment policy. Expected yields on fixed interest investments are based on gross redemption yields as at the Balance Sheet date. Expected returns on equity investments reflect long-term real rates of return experienced in the respective markets.

The actual return on pension scheme assets in 2011/12 was £2,021,000 (£4,128,000 in 2010/11).

Pension Scheme History

	2007/08 £000	2008/09 £000	2009/10 £000	2010/11 £000	2011/12 £000
Present value of liabilities					
- Local government pension scheme (funded)	(59,794)	(58,739)	(92,395)	(71,724)	(77,278)
- Discretionary benefits (unfunded)	(1,155)	(1,106)	(1,323)	(1,110)	(1,140)
	(60,949)	(59,845)	(93,718)	(72,834)	(78,418)
Fair value of assets in the local government pension scheme	54,148	44,379	60,103	63,233	64,489
(Deficit) in the pension scheme	(6,801)	(15,466)	(33,615)	(9,601)	(13,929)
Local government pension scheme	(5,646)	(14,360)	(32,292)	(8,491)	(12,789)
Discretionary benefits	(1,155)	(1,106)	(1,323)	(1,110)	(1,140)
	(6,801)	(15,466)	(33,615)	(9,601)	(13,929)

The liabilities show the underlying commitments that the Council has in the long run to pay post employment (retirement) benefits. The total liability of £78,418,000 has a substantial impact on the net worth of the Council as recorded in the Balance Sheet, resulting in a negative overall balance of £13,929,000.

However, statutory arrangements for funding the deficit mean that the financial position of the Council remains healthy because:

- the deficit on the local government pension scheme will be made good by increased contributions over the remaining working life of employees (i.e. before payments fall due), as assessed by the scheme actuary
- finance is only required to be raised to cover discretionary benefits when the pensions are actually paid.

The total contributions expected to be made to the Local Government Pension Scheme by the Council as employer in the year to 31 March 2013 is £1,793,000. Expected contributions for the Discretionary Benefits scheme in the year to 31 March 2013 are £90,000.

Notes to the Financial Statements

Basis for Estimating Assets and Liabilities

Using data provided by the pension scheme administrators (East Sussex County Council) and assumptions determined by the Council in conjunction with them, Hymans Robertson LLP, an independent firm of actuaries, has provided the data included within this note.

The expected return on assets is based on the long-term future expected investment return for each asset class as at the beginning of the accounting period i.e. as at 1 April 2011.

Liabilities have been assessed on an actuarial basis using the projected unit credit method, an estimate of the pensions that will be payable in future years dependent on assumptions about mortality rates, salary levels, etc. Both the Local Government Pension Scheme and Discretionary Benefits liabilities have been assessed by Hymans Robertson LLP, with estimates for the East Sussex County Council pension fund being based on the latest full valuation of the scheme as at 31 March 2012.

The principal assumptions used by the actuary have been:

	2010/11	2011/12
Long-term expected rate of return on assets in the pension scheme:		
- Equities	7.5%	6.3%
- Bonds	4.9%	4.4%
- Property	5.5%	4.4%
- Cash	4.6%	3.5%
Mortality assumptions:		
- longevity at 65 for current pensioners - men	21.3yrs	21.3yrs
- longevity at 65 for current pensioners - women	23.4yrs	23.4yrs
- longevity at 65 for future pensioners - men	23.3yrs	23.3yrs
- longevity at 65 for future pensioners - women	25.7yrs	25.7yrs
Rate of inflation	2.8%	2.5%
Rate of increase in salaries	5.1%	4.8%
Rate of increase in pensions	2.8%	2.5%
Rate for discounting scheme liabilities	5.5%	4.8%
Rate of return on assets	6.9%	5.9%

Notes to the Financial Statements

The fair value of the employer's assets in the local government pension scheme are analysed into the following categories:

	31 March 2011	31 March 2012
	£000	£000
Equities	49,321	51,591
Bonds	5,059	5,804
Property	5,059	5,804
Cash	3,794	1,290
	63,233	64,489

Discretionary benefits arrangements have no assets to cover its liabilities.

Sensitivity Analysis

The sensitivities regarding the principal assumptions used to measure the scheme liabilities are set out below:

Change in assumption at year ended 31 March 2012	Approximate percentage increase to Employer Obligation	Approximate monetary amount £000
0.5% decrease in Real Discount Rate	8%	6,842
1 year increase in member life expectancy	3%	2,350
0.5% increase in Salary Increase Rate	2%	1,576
0.5% increase in Pension Increase rate	6%	5,244

History of Experience Gains and Losses

The actuarial gains identified as movements on the Pensions Reserve can be analysed into the following categories, measured as a percentage of assets or liabilities at 31 March:

	2007/08	2008/09	2009/10	2010/11	2011/12
	%	%	%	%	%
Experience gains and (losses) on assets	(13)	(30)	22	0	(4)
Experience gains and (losses) on liabilities	1	0	0	11	(1)

Notes to the Financial Statements

Note 40. CONTINGENT LIABILITIES

At 31 March 2012 the Council had three material contingent liabilities:

- The Council's former insurer, Municipal Mutual Insurance Limited, ceased to provide new cover from 1994. A scheme of arrangement was set up with the aim of funding any claims that were outstanding at that time. The scheme allows for a claw back of payments already made under the scheme if the outstanding claims cannot be fully funded by the company. The maximum claw back for the Council is set at £270,000 but no provision for this has been made in the Council's Financial Statements. As a result of a judgement reached by the Supreme Court on 28 March 2012 which found against the company, the Chairman of the company has stated that, in all probability, a solvent run-off could not be achieved. The Board of Directors is now seeking legal, financial and actuarial advice from its professional advisors in order to determine the full implications of the judgement and the most appropriate way forward for the company. Once this complex process has been completed the company will provide the Council with further information on the next steps that it is proposing to take.
- The Council has given a legal undertaking guaranteeing that it will make good any deficit owing to the East Sussex Pension Scheme by Wave Leisure Ltd, the charitable company established to operate the Council's indoor leisure facilities from 1 April 2006. The terms of this undertaking are set out in the pension agreement between the two organisations. As at 31 March 2012 the pension liability of Wave Leisure Ltd was £236,000 (£94,000 as at 31 March 2011).
- On 27 July 2010 the Ministry of Justice and the Department for Communities and Local Government informed all Councils in England responsible for the provision of Land Searches that charging a fee for a personal search of the local land charges register was incompatible with the Environmental Information Regulations 2004 and the underlying 2003 EU Directive. The Government revoked the search fee of £22 from 17 August 2010. This opened the door for individuals and property search companies potentially to seek refunds although the Government has indicated that it is acceptable for Councils to consider the cost of administering the reimbursement of fees and should avoid unjustly enriching search agents. All Local Authorities have subsequently received requests for reimbursement of fees by personal search companies. On behalf of Councils the Local Government Association (LGA) continues to be in discussion with the Information Commissioner's Office (ICO) and Communities and Local Government (CLG) about the environmental information issue. Guidance issued by the ICO suggests that a significant proportion of property search data may well be environmental information. Until this issue is settled at a national level it is not currently possible for the Council to quantify the costs, if any, which it might incur.

Notes to the Financial Statements

Note 41. CONTINGENT ASSETS

At 31 March 2012 the Council had two material contingent assets:

- The Council has made a claim against HM Revenue and Customs (HMRC) that the payment of interest on overpaid VAT regarding charges for car parking be made on a compound basis. HMRC has settled three successful claims made by the Council for the repayment of overpaid VAT output tax and has paid interest on those claims without compounding the amount due. The Council has instigated legal proceedings against HMRC for the payment of interest on a compound basis.
- The Council has made a claim against HMRC for the repayment of VAT output tax regarding charges for the collection of trade waste. HMRC announced that with effect from 9 February 2011 local authorities trade waste services are now VAT exempt where previously they were charged at the standard rate. The Council's claim is for the repayment, with interest, of VAT paid to HMRC over the four years prior to 9 February 2011. HMRC is considering the Council's claim.

Note 42. LOCAL COUNCILS' PRECEPTS

Each year the 28 Town and Parish Councils in the District set their budgets. They then issue 'precepts' to this Council, which are formal requests to set and collect council tax from the taxpayers in their area at a level which is sufficient to pay for their budgets.

The precepts paid to Local Councils are recorded in the Other Operating Expenditure line of the Comprehensive Income and Expenditure Statement. The equivalent amount of council tax collectable from taxpayers in the respective local councils' areas is recorded within the total amount of council tax income shown in the Collection Fund.

Note 43. CHARITY ACCOUNTS

The Comprehensive Income and Expenditure Statement includes the following grants payable to two charities for which the Council's Members are trustees:

	2010/11 £000	2011/12 £000
Stanley Turner Recreation Ground	69	88
Mountfield Pleasure Ground Trust	42	34

Notes to the Financial Statements

Note 44. BUILDING REGULATIONS CHARGING ACCOUNT

The Local Authority Building Control regulations require the disclosure of information regarding the setting of charges for the administration of the building control function. However, certain activities performed by the Building Control Unit cannot be charged for, such as providing general advice and liaising with other statutory authorities.

The statement below shows the total cost of operating the Building Control Unit, as included in the Comprehensive Income and Expenditure Statement, divided between the chargeable and non-chargeable activities for the year 2011/12:

	Chargeable £000	Non-chargeable £000	Total £000
Expenditure			
- employee expenses	191	95	286
- transport	20	2	22
- supplies and services	11	3	14
- central and support services	77	71	148
	299	171	470
Income			
- building regulation charges	340	0	340
- miscellaneous income	0	2	2
	340	2	342
(Surplus)/deficit for 2011/12	(41)	169	128
Comparatives for 2010/11:			
Expenditure	304	133	437
Income	(314)	(3)	(317)
(Surplus)/deficit for 2010/11	(10)	130	120

Notes to the Financial Statements

Note 45. LAND CHARGES - PROPERTY SEARCHES

The Local Authorities (England) (Charges for Property Searches) Regulations 2008 provides discretion for the Council to set its own charges to recover its costs in granting access to property records or in answering enquiries about a property. Regulation 9 (Transparency in relation to setting of charges) requires the publication of summary financial and other information relating to 2011/12.

All property searches are administered by the Council's Land Charges unit which also administers the local land charges register. Official searches of the register are chargeable with fees set by the Council whereas personal searches are not chargeable.

The total cost, total income and net figures for official and personal searches are published with those for regulation 9(2) and 9(3) in the table below in order to arrive at the overall Land Charges unit figures that are included within the Central Services to the Public line in the Comprehensive Income and Expenditure Statement.

	Number of requests	Total cost £000	Total income £000	Net cost £000
Regulation 9(2) - granting access to property records	0	0	0	0
Regulation 9(3) - answering enquiries about a property	1,373	117	104	13
Local Land Charges register				
- official search and certificate	1,414	22	21	1
- personal search	625	26	0	26
Overall totals included in the Comprehensive Income and Expenditure Statement		165	125	40

The deficit of £13,000 published under Regulation 9(3) has been financed from a surplus of £12,000 generated in previous years and held in a specific reserve, and by £1,000 from the General Fund Balance which is repayable from any future surpluses.

Housing Revenue Account and supporting notes

The HRA Income and Expenditure Statement shows the economic cost in the year of providing a housing service set out in accordance with generally accepted accounting practices. Councils charge rents to cover expenditure in accordance with statutory regulations; this may be different from the accounting cost. The increase or decrease in the year, on the basis of which rents are raised, is shown in the Movement on the HRA Statement.

2010/11 £000	HRA INCOME AND EXPENDITURE STATEMENT	2011/12 £000	£000
	Income		
11,860	Dwelling rents	12,592	
397	Non-dwelling rents	417	
1,131	Charges for services and facilities	921	
436	Contributions towards expenditure	460	
13,824			14,390
	Expenditure		
3,675	Repairs and maintenance	3,785	
2,870	Supervision and management	2,698	
174	Rents, rates, taxes and other charges	182	
3,691	Negative HRA Subsidy payable (Note 9 p117)	3,715	
50,338	Depreciation and impairment/(reversals) of non-current assets (Note 3 and Note 4 p114)	1,432	
51	Debt management costs	63	
34	Movement in the allowance for impairment of debtors	32	
24	Supporting people transitional protection	32	
0	Payment to the Secretary of State (Note 6 p115)	56,673	
60,857			68,612
47,033	Net cost or (income) of HRA Services in the Comprehensive Income and Expenditure Statement		54,222
518	HRA services share of Corporate and Democratic Core		530
47,551	Net cost or (income) for HRA Services		54,752
(2,476)	Pension past service (gain)/Pension Curtailments	25	
(24)	Capital grants and contributions	0	
(452)	(Gain) or loss on sale of HRA non-current assets	(353)	
237	Interest payable and similar charges	264	
(23)	Interest and investment income	(18)	
65	Pensions interest cost and expected return on assets	(60)	(142)
44,878	(Surplus) or deficit for the year on HRA services		54,610

Housing Revenue Account and supporting notes

The Movement on the HRA Statement takes the surplus or deficit for the year on the HRA Income and Expenditure Statement and reconciles it to the surplus or deficit for the year on the HRA Balance, calculated in accordance with the requirements of the Local Government and Housing Act 1989.

2010/11 MOVEMENT ON THE HRA STATEMENT		2011/12	
£000		£000	£000
(2,475)	Balance on the HRA at 1 April		(2,576)
44,878	(Surplus) or deficit for the year on the HRA Income and Expenditure Statement		54,610
Adjustments between accounting basis and funding basis under statute:			
(46,633)	- reversal of depreciation, impairment and impairment reversals	2,277	
(1,631)	- transfer (from) Major Repairs Reserve	(1,270)	
0	- reversal of payment to the Secretary of State that is not revenue expenditure in accordance with the Code (Note 6 p115)	(56,673)	
213	- amortisation of premiums and discounts	213	
452	- reversal of gain on sale of HRA non-current assets	353	
206	- capital expenditure funded by the HRA	251	
2,151	- reversal of items relating to retirement benefits charged to the HRA Income and Expenditure Statement	(208)	
24	- reversal of capital grants and contributions	0	
239	- employer's pensions contributions payable in the year	285	
(44,979)			(54,772)
(101)	Net (increase) or decrease in year on the HRA		(162)
(2,576)	Balance on the HRA at 31 March		(2,738)

Housing Revenue Account and supporting notes

Note 1. STOCK OF SOCIAL HOUSING

The number and types of dwellings in the Council's housing stock at 31 March is as follows:

	2011	2012
Houses and Bungalows		
1 bedroom	213	212
2 bedroom	643	643
3 bedroom	904	901
4 bedroom	65	65
5 bedroom	3	3
6 bedroom	1	1
	1,829	1,825
Flats		
bedsits	134	134
1 bedroom	708	707
2 bedroom	525	524
3 bedroom	49	47
4 bedroom	4	4
	1,420	1,416
Total stock of social housing at 31 March	3,249	3,241

In addition the Council had at 31 March 2012 shared ownership arrangements covering 8 properties and 1 property (partly) sold under the Right to Buy scheme.

Housing Revenue Account and supporting notes

Note 2. VALUE OF HRA NON-CURRENT ASSETS

The value of HRA non-current assets shown in the table below is included within the balance sheet on page 17.

The change in the valuations of council dwellings arose following a desktop valuation review undertaken by the Council's appointed valuer, DVS, at 31 March 2012.

	2011 £000	2012 £000
Council Dwellings		
- houses, bungalows and flats	153,230	154,846
Other Land and Buildings		
- garages	6,392	6,392
- other land and buildings	2,489	2,529
Vehicles, Plant, Furniture and Equipment	314	514
Infrastructure Assets	1,076	974
Community Assets	34	34
Total Property, Plant and Equipment	163,535	165,289
Heritage Assets	0	0
Investment Property	0	0
Intangible Assets	0	0

The vacant possession value of council dwellings within the HRA at 1 April 2011 was £483.7 million as valued by DVS, compared with a value of £154.8 million for its existing use as social housing. The difference of £328.9 million represents the economic cost to Government of providing housing at less than open market rents. Use as social housing is valued at 32% of open market value as at 1 April 2010, the date of the last full valuation, which equates to a 68% reduction.

Housing Revenue Account and supporting notes

Note 3. DEPRECIATION

With the introduction of component accounting from 1 April 2010 by the Code, depreciation on council dwellings is based on the building value of an average dwelling as assessed by the Council's external valuer (DVS), which is then analysed into its significant components by council officers in line with Council's the housing investment capital strategy. The useful lives and replacement costs of each significant component within the average building value - e.g. roof, windows, bathroom, kitchen, walls and structure, etc - is calculated by officers to arrive at an annual sum which is multiplied by the number of dwellings to arrive at the depreciation charge.

Depreciation has also been calculated in respect of other HRA assets on a consistent year on year basis.

The amounts of depreciation charged to the HRA Income and Expenditure Statement are as follows:

	2010/11	2011/12
	£000	£000
Depreciation on council dwellings	3,258	3,252
Depreciation on other land and buildings	316	322
Depreciation on vehicles, plant, furniture and equipment	29	33
Depreciation on infrastructure assets	102	102
Total Depreciation charged to the HRA	3,705	3,709

Note 4. IMPAIRMENT

Impairment charges made to the HRA Income and Expenditure Statement are as follows:

	2010/11	2011/12
	£000	£000
Impairment resulting from a change in the percentage used to calculate Social Housing valuations	60,867	0
Impairment resulting from revaluation losses in excess of balances held in the Revaluation Reserve	(14,234)	2,230
Reversal of prior year impairment against revaluation gains recognised in the year	0	(4,507)
Total Impairment/(reversals) charged/(credited) to the HRA	46,633	(2,277)

Impairment charges have been recognised along with depreciation charges in the HRA Income and Expenditure Statement as follows:

	2010/11	2011/12
	£000	£000
Total Impairment/(reversals) charged/(credited) to the HRA	46,633	(2,277)
Total Depreciation charged to the HRA (note 3)	3,705	3,709
Depreciation and impairment/(reversals) of non-current assets	50,338	1,432

Housing Revenue Account and supporting notes

Note 5. FUNDING OF CAPITAL EXPENDITURE

The totals of HRA capital expenditure and capital funding during the year is summarised as follows:

	2011 £000	2012 £000
Capital expenditure		
- on council dwellings	2,518	2,040
- on other land and buildings	197	154
- on vehicles, plant, furniture and equipment	7	233
- on intangible assets (computer software)	0	12
- on revenue expenditure financed from capital under statute	0	56,673
	2,722	59,112
Sources of capital funding		
- from external borrowing (new loans from the Public Works Loan Board)	0	51,673
- from internal borrowing (using existing cash resources)	259	5,000
- from the major repairs reserve	2,233	2,167
- from HRA revenue contributions	206	251
- from the capital receipts reserve	0	3
- from leaseholders contributions	24	18
	2,722	59,112

Note 6. PAYMENT TO THE SECRETARY OF STATE

The Settlement Payments Determination 2012 made by the Secretary of State for the Department for Communities and Local Government under sections 168 to 170 and 173 of the Localism Act 2011 sets out the payment of £56.673 million required to be made by the Council to the Secretary of State on 28 March 2012 in order to exit the HRA subsidy system after 31 March 2012 and to implement self-financing of council housing with effect from 1 April 2012.

Section 170(6) of the Localism Act 2011 sets out that this payment of £56.673 million is deemed to be capital expenditure. Therefore, in accordance with the Code, this payment is recorded as revenue expenditure financed from capital under statute, as shown in note 5 above, but because it does not result in the creation of a non-current asset it has been charged as expenditure to the HRA Income and Expenditure Statement.

Housing Revenue Account and supporting notes

Because the Council has determined to meet the cost of this expenditure from new borrowing and existing capital resources a transfer is made from the Movement on the HRA Statement to the Capital Adjustment Account that reverses out the amounts charged so that there is no net impact on the level of the Housing Revenue Account balance.

Note 7. MAJOR REPAIRS RESERVE

The major repairs reserve was established by the Local Authorities (Capital Finance and Accounts) Regulations 2000 in order to channel the funds made available through the major repairs allowance into capital expenditure on HRA property. The movements on the reserve show that a balance has been retained to finance future capital expenditure.

	2011 £000	2012 £000
Balance at 1 April	(460)	(301)
Amounts transferred from the HRA		
- depreciation on council dwellings	(3,258)	(3,252)
- depreciation on other HRA non-current assets	(447)	(457)
Amounts transferred to the HRA		
- adjustment for the difference between depreciation charged and major repairs allowance receivable	1,631	1,270
Amounts used to finance HRA capital expenditure	2,233	2,167
Balance at 31 March	<u>(301)</u>	<u>(573)</u>

Note 8. CAPITAL RECEIPTS

The total of capital receipts generated from disposals of HRA land, houses, flats and other property during the year is summarised as follows:

	2011 £000	2012 £000
Sale of council dwellings (under the right to buy)	731	638
Repayment of right to buy discount	13	0
Repayment of HRA mortgages	15	0
	<u>759</u>	<u>638</u>

Housing Revenue Account and supporting notes

Note 9. ANALYSIS OF HRA SUBSIDY PAYABLE

The Government determines each year the value of allowances it will pay to each housing authority and the value of income it assumes each housing authority will raise from its own resources. The difference between the two is either the value of subsidy receivable from government or the value of subsidy payable to government by each housing authority.

The following table shows the calculation which determines that Lewes District Council is a net contributor to the national housing pot held and distributed by government.

	2010/11	2011/12
	£000	£000
Major repairs allowance	2,074	2,439
Management and maintenance allowance	5,267	5,316
Capital charges allowance	651	646
Total allowances	7,992	8,401
Assumed rent income	11,682	12,116
Other income	1	0
Total assumed income	11,683	12,116
Net HRA subsidy payable to Government	3,691	3,715

Under schedule 15 of section 167 of the Localism Act 2011 the Government has abolished Housing Revenue Account subsidy in England with effect from 1 April 2012. By way of replacement, and effective from the same date, the Government has implemented self-financing of council housing. This will mean that in the Council's next set of accounts for 2012/13 this note will not be relevant in its current format and will disappear completely from the accounts for 2013/14 onwards.

Housing Revenue Account and supporting notes

Note 10. PENSIONS RESERVE

In accordance with International Accounting Standard 19 and the requirements of the Code the cost of retirement benefits is recognised in the Net Cost of Services when they are earned by employees rather than when the benefits are eventually paid as pensions. However, the charge the Council is required to make to the Housing Revenue Account is based upon the cash payable into the pension fund for the year in accordance with the statutory requirements governing the Local Government Pension Scheme. The Movement on the Housing Revenue Account Balance reconciles these two different amounts under the heading of adjustments between accounting basis and funding basis under statute.

Note 11. RENT ARREARS

The following table provides information and an analysis on the values of rent arrears at 31 March, the provision made in respect of uncollectable debts at the same date, and the value of arrears written off during the year.

	2011 £000	2012 £000
Current tenants		
- dwellings	202	201
- garages	1	2
	<hr/> 203	<hr/> 203
Former tenants		
- dwellings	106	117
- garages	2	3
	<hr/> 108	<hr/> 120
Total rent arrears at 31 March	<hr/> 311	<hr/> 323
Allowance for impairment of debts	229	234
Value of write offs during the year	19	22

Collection Fund Statement and supporting notes

The Collection Fund is an agent's statement that reflects the statutory obligation for billing authorities to maintain a separate Collection Fund. The statement shows the transactions of the billing authority (Lewes District Council) in relation to the collection from taxpayers and distribution to local authorities and Government of council tax and non-domestic rates.

2010/11		2011/12	
£000		£000	£000
Income			
55,413	Council tax	55,697	
7,985	Council tax benefits transferred from the General Fund	8,014	
63,398			63,711
19,719	Non-domestic rates (Business rates)		21,015
83,117			84,726
Expenditure			
Precepts			
44,230	- East Sussex County Council	44,599	
3,126	- East Sussex Fire Authority	3,152	
10,091	- Lewes District Council	10,176	
5,286	- Sussex Police Authority	5,330	
62,733			63,257
19,590	Contributions to national non-domestic rates pool		20,889
129	Non-domestic rates cost of collection allowance		126
54	Provision for uncollectable amounts		101
Contribution towards previous year's estimated surplus

(81)	(Surplus)/Deficit for the year		497
(915)	Balance at 1 April		(996)
(996)	Balance at 31 March		(499)

Collection Fund Statement and supporting notes

Note 1. COUNCIL TAX

The average Band D council tax for the year was:

	2010/11	2011/12
	£	£
East Sussex County Council	1,158.30	1,158.30
East Sussex Fire Authority	81.86	81.86
Lewes District Council	192.48	192.48
Lewes District Town and Parish Councils	71.78	71.81
Sussex Police Authority	138.42	138.42
	1,642.84	1,642.87

The estimated tax base for the year expressed as Band D equivalent numbers was 38,504 (38,185 in 2010/11).

This is calculated based on the estimated number of chargeable dwellings in each council tax valuation band adjusted for applicable discounts, which is converted to an equivalent number of total Band D dwellings and then multiplied by the collection rate to allow for possible losses on collection. The calculation for 2011/12 was as follows:

	Estimated number of chargeable dwellings	Band D ratio	Band D equivalent dwellings
Band A	3,271	6/9	2,180
Band B	4,976	7/9	3,870
Band C	11,562	8/9	10,278
Band D	8,648	9/9	8,648
Band E	5,152	11/9	6,296
Band F	2,727	13/9	3,938
Band G	2,093	15/9	3,489
Band H	195	18/9	391
	38,624		39,090
	Collection rate for 2011/12		98.5%
	Tax Base for 2011/12		38,504

Actual council tax income receivable in the year of £63.7million was 0.7% above the estimate prepared in January 2011.

Collection Fund Statement and supporting notes

Note 2. NON-DOMESTIC RATES

Non-domestic rates (known as business rates) are organised on a national basis with the Council's role being to collect the rates due and pass them over to the Government's national pool.

The rate in the pound applied for 2011/12 was 43.3p, reduced to 42.6p for small businesses.

The total rateable value of all businesses in the District was £61.1 million at 31 March 2012 (£61.2 million at 31 March 2011).

The amount of reliefs granted in the year was:

	2010/11 £million	2011/12 £million
Mandatory rate relief	1.4	1.6
Small business rate relief	1.0	1.6
Partial and empty property relief	1.1	0.9

Note 3. COLLECTION FUND BALANCE

The Balance on the collection fund will be returned to taxpayers in future years by reducing the council tax amounts that each of the four precepting authorities would otherwise have demanded. The distribution of the balance will be as follows:

	2010/11 £000	2011/12 £000
East Sussex County Council	702	351
East Sussex Fire Authority	50	25
Lewes District Council	160	81
Sussex Police Authority	84	42
Collection Fund Balance at 31 March	996	499

Statement of Responsibilities

Authorisation of the Statement of Accounts

The Director of Finance released this Statement of Accounts to the Audit and Standards Committee for approval on 27 September 2012. Events between the balance sheet date and 27 September 2012 were considered before this Statement of Accounts was approved.

The Authority's Responsibilities - the Authority is required to:

- make arrangements for the proper administration of its financial affairs and to secure that one of its officers has the responsibility for the administration of those affairs. In this authority, that officer is the Director of Finance
- manage its affairs to secure economic, efficient and effective use of resources and safeguard its assets
- approve the Statement of Accounts

Signature of the Councillor presiding at the meeting at which the Statement of Accounts was approved

Chair of Audit and Standards Committee
27 September 2012

The Director of Finance's Responsibilities - the Director of Finance is responsible for the preparation of the authority's Statement of Accounts in accordance with proper practices as set out in the CIPFA/LASAAC Code of Practice on Local Authority Accounting in the United Kingdom (the Code).

In preparing this Statement of Accounts, the Director of Finance has:

- selected suitable accounting policies and then applied them consistently
- made judgements and estimates that were reasonable and prudent
- complied with the local authority Code.

The Director of Finance has also:

- kept proper accounting records which were up to date
- taken reasonable steps for the prevention and detection of fraud and other irregularities.

CHIEF FINANCIAL OFFICER'S CERTIFICATE - I certify that the Statement of Accounts set out in pages 13 to 121 provides a true and fair view of the financial position of the Council at 31 March 2012 and its income and expenditure for the year ended 31 March 2012.

..... John Magness, CPFA, Director of Finance, 27 September 2012

Independent Auditor's Report

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF LEWES DISTRICT COUNCIL

Opinion on the Authority financial statements

We have audited the financial statements of Lewes District Council (the Authority) for the year ended 31 March 2012 under the Audit Commission Act 1998. The financial statements comprise the Movement in Reserves Statement, the Comprehensive Income and Expenditure Statement, the Balance Sheet, the Cash Flow Statement, the Housing Revenue Account Income and Expenditure Statement, the Movement on the Housing Revenue Account Statement and Collection Fund and the related notes. The financial reporting framework that has been applied in their preparation is applicable law and the CIPFA/LASAAC Code of Practice on Local Authority Accounting in the United Kingdom 2011/12.

This report is made solely to the members of Lewes District Council in accordance with Part II of the Audit Commission Act 1998 and for no other purpose, as set out in paragraph 48 of the Statement of Responsibilities of Auditors and Audited Bodies published by the Audit Commission in March 2010.

Respective responsibilities of the Director of Finance and auditor

As explained more fully in the Statement of the Director of Finance's Responsibilities, the Director of Finance is responsible for the preparation of the Statement of Accounts, which includes the financial statements, in accordance with proper practices as set out in the CIPFA/LASAAC Code of Practice on Local Authority Accounting in the United Kingdom, and for being satisfied that they give a true and fair view. Our responsibility is to audit and express an opinion on the financial statements in accordance with applicable law and International Standards on Auditing (UK and Ireland). Those standards require us to comply with the Auditing Practices Board's Ethical Standards for Auditors.

Scope of the audit of the financial statements

An audit involves obtaining evidence about the amounts and disclosures in the financial statements sufficient to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or error. This includes an assessment of: whether the accounting policies are appropriate to the Authority's circumstances and have been consistently applied and adequately disclosed; the reasonableness of significant accounting estimates made by the Director of Finance; and the overall presentation of the financial statements. In addition, we read all the financial and non-financial information in the explanatory foreword to identify material inconsistencies with the audited financial statements. If we become aware of any apparent material misstatements or inconsistencies we consider the implications for our report.

Opinion on financial statements

In our opinion the financial statements:

- give a true and fair view of the financial position of Lewes District Council as at 31 March 2012 and of its expenditure and income for the year then ended; and
- have been prepared properly in accordance with the CIPFA/LASAAC Code of Practice on Local Authority Accounting in the United Kingdom 2011/12.

Opinion on other matters

In our opinion, the information given in the explanatory foreword for the financial year for which the financial statements are prepared is consistent with the financial statements.

Independent Auditor's Report

Matters on which we report by exception

We report to you if:

- in our opinion the annual governance statement does not reflect compliance with 'Delivering Good Governance in Local Government: a Framework' published by CIPFA/SOLACE in June 2007;
- we issue a report in the public interest under section 8 of the Audit Commission Act 1998;
- we designate under section 11 of the Audit Commission Act 1998 any recommendation as one that requires the Authority to consider it at a public meeting and to decide what action to take in response; or
- we exercise any other special powers of the auditor under the Audit Commission Act 1998.

We have nothing to report in these respects

Conclusion on Authority's arrangements for securing economy, efficiency and effectiveness in the use of resources

Respective responsibilities of the Authority and the auditor

The Authority is responsible for putting in place proper arrangements to secure economy, efficiency and effectiveness in its use of resources, to ensure proper stewardship and governance, and to review regularly the adequacy and effectiveness of these arrangements.

We are required under Section 5 of the Audit Commission Act 1998 to satisfy ourselves that the Authority has made proper arrangements for securing economy, efficiency and effectiveness in its use of resources. The Code of Audit Practice issued by the Audit Commission requires us to report to you our conclusion relating to proper arrangements, having regard to relevant criteria specified by the Audit Commission.

We report if significant matters have come to our attention which prevent us from concluding that the Authority has put in place proper arrangements for securing economy, efficiency and effectiveness in its use of resources. We are not required to consider, nor have we considered, whether all aspects of the Authority's arrangements for securing economy, efficiency and effectiveness in its use of resources are operating effectively.

Scope of the review of arrangements for securing economy, efficiency and effectiveness in the use of resources

We have undertaken our audit in accordance with the Code of Audit Practice, having regard to the guidance on the specified criteria, published by the Audit Commission in October 2011, as to whether the Authority has proper arrangements for:

- securing financial resilience; and
- challenging how it secures economy, efficiency and effectiveness.

Independent Auditor's Report

The Audit Commission has determined these two criteria as those necessary for us to consider under the Code of Audit Practice in satisfying ourselves whether the Authority put in place proper arrangements for securing economy, efficiency and effectiveness in its use of resources for the year ended 31 March 2012.

We planned our work in accordance with the Code of Audit Practice. Based on our risk assessment, we undertook such work as we considered necessary to form a view on whether, in all significant respects, the Authority had put in place proper arrangements to secure economy, efficiency and effectiveness in its use of resources.

Conclusion

On the basis of our work, having regard to the guidance on the specified criteria published by the Audit Commission in October 2011, we are satisfied that, in all significant respects, Lewes District Council put in place proper arrangements to secure economy, efficiency and effectiveness in its use of resources for the year ended 31 March 2012.

Certificate

We certify that we have completed the audit of the financial statements of Lewes District Council in accordance with the requirements of the Audit Commission Act 1998 and the Code of Audit Practice issued by the Audit Commission.

Signature:

Richard Bint
For and on behalf of PKF (UK) LLP
London, UK

Annual Governance Statement

Scope of Responsibility

The Council is responsible for ensuring that its business is conducted in accordance with the law and proper standards, and that public money is safeguarded and properly accounted for, and used economically, efficiently and effectively. The Council also has a duty under the Local Government Act 1999 to make arrangements to secure continuous improvement in the way in which its functions are exercised, having regard to a combination of economy, efficiency and effectiveness.

In discharging this overall responsibility, the Council is responsible for putting in place proper arrangements for the governance of its affairs, facilitating the effective exercise of its functions which includes arrangements for the management of risk.

The Council has approved and adopted a Local Code of Corporate Governance, which is consistent with the principles of the Chartered Institute of Public Finance/Society of Local Authority Chief Executives (CIPFA/SOLACE) Framework, Delivering Good Governance in Local Government. A copy of the code is on our website at <http://www.lewes.gov.uk/council/3748.asp> or can be obtained from the Head of Audit and Performance, Lewes House, 32 High Street, Lewes, East Sussex BN7 2LX. This Annual Governance Statement explains how the Council has complied with the Code and also meets the requirements of regulation 4(3) of the Accounts and Audit Regulations 2011.

The purpose of the Governance Framework

The Governance Framework comprises the systems and processes, and culture and values, by which the Council is directed and controlled, and the activities through which it accounts to, engages with and leads the community. It enables the authority to monitor the achievement of its strategic objectives and consider whether those objectives have led to the delivery of appropriate, cost effective services.

The system of internal control is a significant part of that framework and is designed to manage risk to a reasonable level. It cannot eliminate all risk of failure to achieve policies, aims and objectives and can therefore only provide reasonable and not absolute assurance of effectiveness. The system of internal control is based on an ongoing process designed to identify and prioritise the risks to the achievement of the Council's policies, aims and objectives, to evaluate the likelihood of those risks being realised and the impact should they be realised, and to manage them efficiently, effectively and economically.

The Governance Framework has been in place at the Council for the year ended 31 March 2012 and up to the date of approval of the Statement of Accounts.

Annual Governance Statement

The Governance Framework

The key elements of the systems and processes that comprise the Council's governance arrangements are described below.

The Council sets out its vision, priorities and planned actions for its stakeholders in the Council Plan. Underpinning this are a number of key strategies, projects and service delivery plans which provide detailed commitments in terms of the Council's services and activities. The Medium Term Finance Strategy looks ahead three years and sets out how the Council aims to balance its resources to meet statutory responsibilities and national and local priorities.

The Council Plan is reviewed annually by the Cabinet and Full Council. The Council's Governance Framework is drawn together in the local Code of Corporate Governance which meets national standards.

The Council has published a Performance Management Framework which is supported by its new project management and 'collaboration' software system, "pam" (platform for achieving more). The Council has a Data Quality Policy and Strategy, with systems in place to ensure that performance information and other data is valid, accurate, complete, timely and relevant. Performance information on progress on key Council Plan targets is reported to Cabinet each quarter. The Corporate Management Team monitors milestones in the Council Plan on a quarterly basis. The quality of services is reviewed through regular consultation with, and feedback from, service users in the form of survey research, comments and complaints. There is an annual report to Cabinet on complaints.

The Council's Constitution establishes clear arrangements for decision making and the delegation of powers to councillors and officers. It defines and documents the roles and responsibilities of the Council, Cabinet and Committees (including the Audit and Standards Committee and the Scrutiny Committee) as well as the roles and responsibilities of councillors and senior officers. The Council has adopted the Leader and Cabinet Model in accordance with the Local Government and Public Involvement in Health Act 2007. Full Council confirmed the merger of the Audit Committee and Standards Committee at its May 2012 meeting after a recommendation by the Standards Committee.

Communication between councillors and officers is governed by the Protocol on Member/Officer Relations. There is also a Councillor Protocol for Procurement.

The Council's Scrutiny Committee oversees the independent review of decisions of Cabinet and other activities and functions of the Council through appointed Scrutiny Panels and the Call In procedure. The Audit and Standards Committee role includes promoting and maintaining high standards of conduct of Councillors. In June 2012 the Council adopted the procedures for dealing with complaints about conduct of councillors as required by the Localism Act 2011.

Annual Governance Statement

Standards of behaviour and conduct of councillors and officers are governed by Member and Officer Codes of Conduct, the Anti Fraud and Corruption Strategy, Whistle Blowing Policy, Disciplinary and Grievance procedures and the Dignity at Work Policy. These guidance documents and procedures are the subject of training/awareness raising for staff and councillors. They are made available to staff and councillors via the Council's intranet.

The Council has an established framework for financial governance based on Contract and Financial Procedure Rules, with sound budgeting systems, clear budget guidance for managers and regular reporting of financial performance to councillors and officers.

The Council's risk management framework is outlined in its Risk Management Strategy, and it is fully established and embedded within the Council. There are robust systems for identifying and evaluating risk in the decision making and service planning processes. Strategic risks are updated and reported to Cabinet annually and operational risks are reviewed as part of service planning. Key staff are trained in the assessment, management and monitoring of risk.

As part of its Corporate Governance arrangements the Council has established an Audit and Standards Committee that is responsible, amongst other things, for keeping under review the probity and effectiveness of internal controls and the effectiveness of management arrangements to ensure legal and regulatory compliance. The Committee conforms to the best practice identified in CIPFA's "Audit Committees – Practical Guidance for Local Authorities", and reports to the Cabinet on the effectiveness of internal controls within the Council.

The Council has a documented Assurance Framework that sets out the sources of assurance within the Council's governance environment and provides the evidence to support the Annual Governance Statement.

The Council has an Internal Audit Section which is an independent assurance function that reports on the adequacy of the whole system of internal control as a contribution towards the proper economic, efficient and effective use of Council resources. The Section operates to the standards set out in the CIPFA Code of Practice for Internal Audit in Local Government in the UK and complies with the Council's Charter for Internal Audit, including a Code of Ethics, which has been formally adopted by the Audit and Standards Committee. The scope of Internal Audit work extends to services provided by partnerships in accordance with the CIPFA Code.

The Council has a strong anti fraud culture that is supported by councillors and officers. Proactive anti-fraud work is undertaken, particularly in the area of Benefit Fraud through the work of the Fraud Investigation Team. The outcome of this work informs the opinion on the internal control environment. The Council also has an Anti Money Laundering Policy.

Annual Governance Statement

The Council's Constitution sets out the roles of the Monitoring Officer and Chief Finance Officer (Section 151) - at Lewes District Council these roles are fulfilled by the Corporate Head - Legal and Democratic Services and the Director of Finance respectively. These roles include responsibility for ensuring that agreed procedures are followed and that applicable statutes, regulations and relevant statements of good practice are complied with.

The Council has a corporate complaints procedure with supporting systems to record, monitor, investigate and report complaints, which is kept under regular review by Cabinet.

A councillors' induction programme takes place every four years after a District Council Election. Individual Councillor training needs are reviewed annually, and specialist training on specific areas of activity are organised by officers as required e.g. IT, planning and scrutiny matters. Each year all Council committees are invited to identify training needs/issues arising from their work programme. Training needs for each member of staff are assessed as part of the annual appraisal process.

The Council has a variety of communication channels open to local residents and other stakeholders. In addition the Council actively engages with different sections of the community through focus groups, user groups, partnership meetings and networks. The Council's Consultation and Communication strategies set out the approach and specific consultations are planned and agreed in an annual programme. The Council has a Community Engagement Group which is led by the Director of Planning and Environmental Services.

The Council has put in place detailed best practice guidance for partnership working and has identified a small number of strategic partnerships which require comprehensive governance arrangements, including an annual review by lead officers. Good governance in partnerships is also reflected in the Council's Local Code of Corporate Governance.

The Council has a Project Management Framework that contains a set of principles and procedures for the planning, control and delivery of projects.

The Council has in place a number of quality systems to ensure compliance with the governance standards set by the accrediting bodies. These include Investors in People, EMAS and Lexcel.

The Council has a Business Continuity Plan, and will continue to develop its processes and safeguards in this area by having at least one test exercise per year to update our procedures where appropriate.

Annual Governance Statement

Review of effectiveness

The Council has responsibility for conducting, at least annually, a review of the effectiveness of its governance framework including the system of internal control. The review of effectiveness is informed by the work of senior officers within the Council who have responsibility for the governance environment, the annual report of the Head of Audit and Performance, and also the work of external auditors and other review agencies and inspectorates as outlined below.

The Head of Audit and Performance reports regularly to the Audit and Standards Committee on the work of Internal Audit and provides an annual report on the systems of internal control which includes an opinion on the internal control environment. For 2011/12, the overall standards of internal control were satisfactory. Whilst recommendations have been made to improve management controls, there were no instances in which internal control problems created significant risks for the Council.

In March 2008 the Audit Committee approved the local Code of Corporate Governance. The local Code is reviewed annually by the Head of Audit and Performance and senior officers taking into account the requirements of the CIPFA/SOLACE Framework, Delivering Good Governance in Local Government. The review for 2011/12 concluded that the Council continues to have satisfactory arrangements in place for corporate governance as reported at the June 2012 meeting of the Audit Committee.

The Annual Performance Report for 2011/12, presented to Cabinet at its July 2012, provided a high level summary report on the Council's performance and achievements for the year. The Council Plan setting out the Council's priorities for the medium term and a forward plan of activity for 2012/13 and beyond was considered by Cabinet at its April 2012 meeting and approved by Full Council in May 2012, subject to further consultation with councillors and sign off by the Leader of the Council.

In January 2012 the Council procured its new project management and collaboration software (pam). A feature of this system is the ability to create and manage a range of projects and, following the implementation of pam in early 2012, a number of the Council's key strategic and corporate projects are now recorded and managed on the system. The Council's Project Management Framework is being reviewed in light of the Council's move towards wider use of project management principles and the introduction of pam.

Cabinet received the Annual Report on Risk Management at its July 2012 meeting. The Audit and Standards Committee also received updates on risk management at every meeting. The reports during 2011/12 noted that most risks are mitigated by the effective operation of controls or other measures. Whilst there are some risks that are outside the Council's control, such as a major incident, flu pandemic, a downturn in the national economy or a major change in government policy or legislation, the Council has sound planning and response measures to mitigate the impact of such events and continues to monitor risks and the effectiveness of controls.

Annual Governance Statement

The Council's Business Continuity Plan (BCP) was updated and reissued in March 2011. There has been a programme of testing during the year and the BCP was reviewed by Internal Audit. The review noted that there is a risk that a loss of IT services would mean that the priorities for the restoration of services that are set out in the BCP may not be achieved in all circumstances. This risk is partially mitigated through preventative measures and more effective mitigation will be put in place with the significant updating of the Council's IT Infrastructure in 2013.

The Council, through the work of the Community Engagement Group, is developing a 'Democratic Conversation with Lewes District' to improve the interaction between the Council and its citizens. In May 2012 Cabinet approved an action plan to take forward this dialogue with the local community and to engender mutual trust and shared responsibility.

As part of the Council's internal assurance framework senior officers have confirmed the proper operation of internal controls including compliance with the Constitution in those service areas for which they are responsible. In addition they have confirmed that there are no cases reported under the Council's Whistleblowing Policy. A joint annual statement by the Monitoring Officer and Chief Finance Officer (Section 151) has confirmed that there have been no significant governance issues for the Council in 2011/12.

Under the Code of Practice for Local Authority Accounting 2011/12 the Council is required to confirm that its financial management arrangements conform with governance requirements of the CIPFA Statement on the Role of the Chief Finance Officer (2010). The Council's arrangements conform with the requirements of the Statement and this has been confirmed by the Director of Finance (Section 151).

There have been no cases of fraud or corruption during the year other than those benefit cases investigated by the Fraud Investigation Team. This was confirmed in the Annual Report on the Council's work to combat Fraud and Corruption for 2011/12 presented to the Audit and Standards Committee in September 2012.

There have been no cases where the Standards Committee has found a District Councillor to be in breach of the Council's Code of Conduct.

An annual review of the Council's strategic partnerships has been undertaken by lead officers as required by the Council's Guidance for Partnership Working. The results of this work were reported to the Audit Committee in June 2012.

In February 2012 the Council's Legal Service was accredited under the Law Society's Lexcel Practice Management Standard.

Annual Governance Statement

Corporate monitoring of complaints includes a quarterly report to the Corporate Management Team. The annual report for 2011/12 was presented to Cabinet in July 2012. Minor changes were approved to the Complaints Procedure to bring it in line with the Council's commitment to customers and equality issues. The Scrutiny Committee also received reports on complaints at its June and September 2012 meetings.

The Government relies on external auditors and inspectors to periodically review the work of the Council to make sure it is meeting its statutory obligations for its services. The results for 2011/12 are shown below:

Annual Audit Letter for 2010/11 (November 2011) – This report outlined the key findings from PKF's audit of 2010/11. PKF concluded that:

- the Council had effectively managed the transition to financial reporting under International Financial Reporting Standards (IFRS), and issued an unqualified opinion on the financial statements.
- the key financial systems are generally adequate as a basis for preparing the financial statements, although there are deficiencies in internal controls in some aspects of purchase ordering and the authorisation of manual journals.
- the AGS is not inconsistent or misleading with other information they are aware of from the audit of the financial statements.
- the Council has put in place proper arrangements to secure economy, efficiency and effectiveness in its use of resources, and issued an unqualified value for money opinion.
- the Council has continued to manage its finances well in the year, through robust budget monitoring and members and officer involvement in reviewing financial matters.
- the Council Plan and medium term financial strategy support continued delivery of the Council's core services and key priorities over this challenging period.

Annual Governance Report for 2010/11 (September 2011) – The key findings and conclusions from this report were summarised in the Annual Audit Letter (see above). In addition, PKF concluded that:

- Internal Audit has satisfactorily carried out a comprehensive programme of work on the key financial systems, and PKF were able to place reliance on this work for their testing of the effectiveness of specific controls.

Grant Claim Certification for 2010/11 (December 2011) was presented to the January 2011 meeting of the Audit Committee. PKF concluded that:

Annual Governance Statement

- the Council's arrangements for preparing grant claims and other returns to Government departments are generally operating adequately, and all final claims were fairly stated in the reports to Government departments.
- the Council should review the effectiveness of the procedures to address issues arising from its quality assurance checks on Housing and Council Tax Benefits claims.
- PKF were able to rely on the work of Internal Audit. and the workbooks were completed to a good standard.

Significant governance issues

We have been advised by the Audit and Standards Committee on the implications of the result of the review of the effectiveness of the Governance Framework.

There are no significant governance issues to report for the year ended 31 March 2012 and up to the date of approval of the Statement of Accounts.

Councillor James Page,
Leader of the Council.

Jenny Rowlands,
Chief Executive.

Glossary of Terms

Accounting code of practice

Although the preparation and control of accounting is regulated, there is no statutory basis for accounting entries. Instead, the accounting bodies have agreed a code of practice.

Accounting period

This is the length of time covered by the accounts. It is normally a period of twelve months commencing 1 April. The end of the accounting period is the balance sheet date.

Accrual

This is one of the main accounting concepts and ensures that income and expenditure are recognised in the accounting period as they are earned or incurred, not as money is received or paid.

Actuarial gains and losses

For the pension scheme, changes in pension liabilities since the previous year that have arisen because:

- a) events have not coincided with the actuarial assumptions made for the last valuation, or
- b) the actuarial assumptions have changed.

Actuary

An expert who puts a value to pension scheme assets and liabilities

Agency services

The provision of services by one local authority on behalf of, and reimbursed by, another authority, or by central Government.

Asset

This is something that the Council owns that has a monetary value. Assets are either 'current' or 'non-current'.

A current asset is one that will be used or cease to have material value by the end of the next financial year (e.g. debtors)

A non-current asset provides the Council with benefits for a period of more than one year (e.g. property, plant and equipment)

Audit of accounts

This is the examination by an independent expert (the Auditor) of the Council's financial affairs to check that the relevant legal obligations and accounting codes of practice have been followed.

Balance sheet

This is a financial statement summarising the Council's assets, liabilities and reserves at the end of each accounting period.

Glossary of Terms

Balances

Working balances are needed so that payments can be made before income is received, and to act as a cushion against unexpected expenditure during the year.

Budget

This is a financial statement that expresses the Council's service delivery plans and capital programmes in monetary terms.

Capital charges

This is a charge made to the Council's comprehensive income and expenditure statement to reflect the cost of utilising non-current assets in the provision of services.

Capital expenditure

This is expenditure on the acquisition of a non-current asset that will be used to provide services beyond the current accounting period, or expenditure that adds value to an existing non-current asset.

Also included in this definition is expenditure that does not add value to a council asset but which is permitted by Government regulation to be capitalised and is treated as revenue expenditure funded from capital under statute – see further definition below.

Capital financing

This term describes the various sources of money used to pay for capital expenditure. There are various options available, of which the Council uses borrowing, capital receipts, direct revenue financing, capital grants and contributions, and earmarked reserves.

Capital programme

This is a financial summary of the capital projects that the Council intends to carry out over a specified time period.

Capital receipts

This is the income received from the sale of non-current assets, like land or property. The Government decides the proportion of each capital receipt that can be used to finance new capital expenditure. Capital receipts cannot be used to finance revenue services.

Cash equivalents

This term includes short term highly liquid investments readily convertible into known amounts of cash.

Glossary of Terms

CIPFA

Abbreviation for the Chartered Institute of Public Finance and Accountancy – the accounting body that issues the Accounting Code of Practice.

Collection fund

A separate fund recording the expenditure and income relating to council tax and non-domestic rates.

Community assets

This is the land and property that the Council intends to own forever. They generally have no determinable useful life and there are often restrictions regarding their disposal. Examples include amenity land and open spaces.

Comprehensive income and expenditure statement

This is the Council's main revenue account. It brings together the income and expenditure of general fund services provided across the whole district, like refuse collection, benefits and the collection of council tax, with the income and expenditure of housing revenue account services provided specifically for local authority housing. It does not include the collection fund.

Consistency

This is one of the fundamental accounting concepts. It requires accountants to treat similar items of income and expenditure the same way, both within an accounting period and from one accounting period to the next.

Corporate and democratic core

This consists of two elements: the costs associated with Councillors, including support costs, and the costs of corporate management including the cost of the Chief Executive and a proportion of other chief officers as well as the costs of producing corporate information such as the statement of accounts.

Creditors

This is the amount of money the Council owes to others for goods and services supplied in the accounting period but not paid for.

Current service cost (pensions)

The increase in the present value of the defined benefit scheme liabilities expected to arise from employee service in the current accounting period.

Glossary of Terms

Debtors

This is the amount of money others owe to the Council for goods and services they have received but have not paid for by the end of the accounting period.

Defined benefit pension scheme

In this type of pension scheme benefits to employees in their retirement are based on their final salaries and the Council's contribution has to be adjusted to match estimates of future liabilities.

Depreciation

This is a charge made to the revenue account each year that reflects the reduction in the value of property, plant and equipment used to deliver services.

Expected rate of return on pensions assets

For the funded defined benefit scheme, the average rate of return, including both income and changes in fair value but net of scheme expenses, expected over the remaining life of the related obligation on the actual assets held by the scheme.

Financial instrument

A contract between two parties which gives rise to a financial asset for one and a financial liability for the other.

General fund

The main revenue fund of the Council into which is paid income from the council tax, government grants and charges for services, and from which the cost of providing services is met. It excludes items relating to the Council's housing stock.

Government grants

These are grants given by Government towards either revenue or capital expenditure to help with the cost of providing services and capital projects. Some grants have restrictions on how they may be used whilst others are general purpose.

Heritage assets

This is the assets that the Council holds principally for their contribution to knowledge and culture and which the Council intends to own forever. Examples include Newhaven Fort and works of art and museum exhibits.

Housing benefits

This is the national system for giving financial assistance to individuals towards certain housing costs. The Council administers the system locally, the cost of which is subsidised by Government.

Glossary of Terms

Housing revenue account (HRA)

The HRA is used to account separately for local authority housing provision, as required by Government regulation. It records the day to day costs of providing council housing, like repairs and maintenance, and the income from rents and other income that meets those costs.

Impairment

An asset is impaired when its value is reduced. Impairment may be physical in nature, such as damage by fire, or by a general or specific reduction in prices during the financial year. A financial asset is impaired if the debtor is unlikely to be able to make payment.

Income

This is the money the Council receives or expects to receive from any source including fees, charges, sales, grants and interest.

Infrastructure

This term covers capital investment on assets such as coast protection works.

Inventories

These are items of materials and stores that the Council has bought to use on a continuing basis but has not yet used.

Investment properties

These are the assets owned by the Council that it does not directly occupy or use in the provision of services. The main purpose of owning these assets is to earn rental income or to increase the capital value.

Liability

The Council must include a liability in its financial statements when it owes money to others.

There are several types of liability which are classified in the balance sheet as either:

- a current liability, where a sum of money will become payable during the next accounting period. Examples include short term borrowing and creditors
- a long term liability where a sum of money will become payable at some point after the next accounting period. Examples include long term borrowing and the defined pension scheme.

Loan premiums and discounts

Amounts payable or receivable where loans are repaid earlier than the originally agreed term. This permits the lender to receive compensation for forgone interest receipts which they would otherwise have received had the loan run to maturity.

Glossary of Terms

Materiality

This is one of the main accounting concepts. It ensures that the statement of accounts includes all the transactions that, if omitted, would lead to a significant distortion of the financial position at the end of the accounting period.

Minimum revenue provision

An amount, in accordance with a formula prescribed by Government, to be set aside from revenue for the redemption of debt.

Movement in reserves statement

This statement analyses the movements in the Council's usable and unusable reserves during the accounting period, including a reconciliation of the accounting surplus or deficit on the comprehensive income and expenditure statement with the statutory funding basis required by Government .

National non-domestic rates

This is a national scheme for collecting contributions from businesses towards the costs of local government services. Each business property is given a rateable value by the Valuation Office Agency. Each year Government determines a rate for how much a business has to pay based on per £ of rateable value. Billing authorities, like the Council, act as agents by collecting the money and paying it over to Government. The Government redistributes this money back to local authorities based on population.

Net Book Value (NBV)

The amount at which non-current assets are included in the Balance Sheet. The NBV is the historical cost or current value less any accumulated depreciation.

Outturn

The actual level of income and expenditure in a financial year.

Operating lease

This is a lease where the ownership of the non-current asset remains with the lessor and not with the user of the asset (the lessee). The user pays a rental over a specified period for the use of the asset. The Council uses some vehicles and properties that are held under operating leases.

Precept

The levy made by precepting authorities on billing authorities, requiring the latter to collect income from council taxpayers on their behalf. Lewes District Council is the billing authority for the Lewes district and collects on behalf of East Sussex County Council, East Sussex Fire Authority, Sussex Police Authority and the Town and Parish Councils.

Glossary of Terms

Property, plant and equipment

These are the non-current assets owned by the Council that it occupies and uses to deliver services. Examples include offices, car parks and refuse vehicles.

Provision

This is a sum of money that has been put aside in the accounts for liabilities or losses that are likely or certain to be incurred, but where the amount due or the timing of the payment is not known with any certainty.

Prudence

This is one of the main accounting concepts. It ensures, among other things, that the Council only includes income in its accounts if it is sure it will receive the money.

Public Works Loan Board (PWLb)

A Government agency which provides the main source of borrowing for local authorities.

Rateable value

A notional annual rental value of a property, as assessed by the Valuation Office Agency, and to which the rate poundage is applied to determine the rates payable for non-domestic property.

Rate poundage (or multiplier)

The amount of pence in the £ set nationally by Government which is applied to a rateable value to determine the rates payable.

Related parties

Two or more parties are related when at any time during the financial period:

- one party has direct or indirect control of the other party
- the parties are subject to common control from the same source
- one party has influence over the financial and operational policies of the other party to an extent that the other party might be inhibited from pursuing its own interests
- the parties, in entering a transaction, are subject to influence from the same source to such an extent that one of the parties to the transaction has subordinated its own interests

Glossary of Terms

The Council's related parties include:

- central government
- the local authorities, police authority and other bodies that precept or levy demands on the council tax
- its elected members
- its chief officers

For individuals identified as related parties the following are also presumed to be related parties:

- members of close family or household
- partnerships, companies, trusts or other entities in which the individual or a member of close family or household has a controlling interest

Related party transactions

A related party transaction is the transfer of assets, liabilities or services between the Council and its related party irrespective of whether a charge is made. Examples of related party transactions include:

- the purchase, sale, lease, rental or hire of assets between related parties
- the provision of a guarantee to a third party in relation to a liability or obligation of a related party
- the provision of services to a related party
- the transactions with individuals who are related parties of an authority, except those that are also made to other members of the community such as council tax, rents and payments of benefits

The materiality of related party transactions is judged both in terms of their significance to the Council and to its related parties.

Reserves

A reserve results from the accumulation of surpluses, deficits and appropriations over past years. The Council has set aside reserves to finance future expenditure for purposes falling outside the definition of provisions.

Residual value

This is the net realisable value of a non-current asset at the end of its useful life.

Revenue expenditure funded from capital under statute (REFCUS)

An example is a capital grant made to another organisation or person, like an improvement grant. This counts as capital expenditure but it doesn't create an asset that belongs to the Council. The expenditure is written off in full to the comprehensive income and expenditure statement (the revenue account) in the year in which it is incurred.

Glossary of Terms

Revenue expenditure

The day to day expenses associated with the provision of services. This will include pay, running costs of buildings, equipment and capital financing costs.

Revenue support grant (RSG)

A general grant paid by Government to local authorities as a contribution to the cost of providing services.

Unusable reserves

Reserves that cannot be used by the Council to fund expenditure or reduce council tax.

Usable reserves

Reserves that can be used by the Council to fund expenditure or reduce council tax.

Valuer

An expert who puts a value to the Council's land and buildings held as non-current assets.
