### **Annual Service Delivery Plan (2018/19)**

On an annual basis Lewes District Council (LDC) is required to furnish Wave Leisure Trust (Wave) with an "Annual Service Statement" that provides the Trust with a framework to produce an Annual Service Delivery Plan.

The Annual Service Delivery Plan that Wave produces complements and supports the Council's objective to promote healthy lifestyles by developing a district wide leisure strategy. The Council recognises that reducing hazards like cold houses and falls in homes could save the NHS over £1 million in treatment costs.

The Council have committed to improve the condition of both private and council homes to prevent accidents and ill health. They will continue to work with the NHS and other partners in the county to improve the health and wellbeing of Lewes District residents.

Besides the major contributions to ill-health prevention from housing programmes, LDC will work with local communities and companies to provide sport and recreation facilities where people need them. As a result, the Council has set the following objectives for Wave in relation to the Leisure contract.

The LDC Annual Service Statement framework focuses on three core outcomes, namely:

- 1. Increasing Participation and Reducing Health Inequality.
- 2. Improving Accessibility and Social Inclusion.
- 3. Reducing Environmental Impact.

Within each of the three core outcomes, LDC has provided a number of "Key Priorities" that define the requirements further.

Aligned to the LDC Outcomes and Key Priorities, Figures 3 to 5 presents Wave's response to the LDC Service Statement, presenting the specific actions to be implemented to ensure that the LDC's requirements are achieved. The Plan is also a demonstration of Wave's shared commitment to the priorities and the valuable partnership that exists between LDC and Wave.

At the end of 2018/19 the Annual Performance and Monitoring Report will provide Key Examples and Outcomes for each of the Wave Actions defining successful delivery.

## Figure 1: "Inspiring Active Lifestyles" Strategy Purpose

"Inspiring Active Lifestyles"

### **Vision**

"To be at the heart of the improvement of health and wellbeing in our communities."

### **Objectives**

"By engaging with partners Wave Leisure, an established charitable trust, will agree a shared programme of activities to deliver to the community. Wave aspires to achieve excellence in the delivery of services which will provide customers with choice and inspire active lifestyles. The ultimate objective is to create a sustainable business contributing towards the long term health and wellbeing of our community.

## **Achieving Excellence**

We will agree and deliver clear and specific outcomes, utilising independent audits, surveys and awards to measure our performance to ensure we provide a consistent service.

## Engaging with Staff & Partners

We appreciate the value of working in partnership - we cannot fulfil our purpose and achieve our vision alone. By understanding our partner's goals we can develop a joint vision and approach that makes effective use of our collective expertise in shaping a better future for our community.

## **Customer Choice**

Our customers are our business. We will consult our customers in a friendly, helpful and courteous way and provide them with a choice of ways to meet their needs.

## **Business Sustainability**

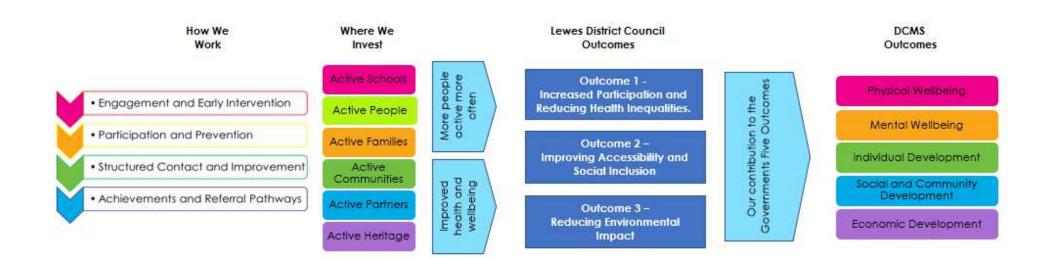

We recognise the need to invest in new opportunities that will ultimately generate additional resources that will enable future investment by the Trust. We will ensure our sustainability through our economic, environmental and ethical responsibilities.

## Delivering to our Community

We understand the importance of working in our wider community and will develop, manage and deliver a range of facility and outreach initiatives.

### Figure 2: Delivering to National Outcomes.

Wave recognises the influence of Government Outcomes on its "Delivering to our Community" objective and as such has developed a model of delivery which encompasses, not only the three core LDC Annual Service Statement outcomes but also, the five outcomes of the Department of Culture, Media and Sport, linking to improved public health and sustainable communities, as shown in Figure 2. With this approach, Wave is also addressing Public Health England's priorities of Improving health and wellbeing and reducing inequalities.
