

# Landport Bottom Public Consultation

Landport Bottom Management Committee is seeking the views of the public regarding recreational activities on this land known as Landport Bottom. Specifically we would like to know what people think about use of the land by walkers (with and without dogs), horse riders, cyclists, and family recreation. We are also interested in the public's views on the management of this site.

The public are invited to take part in this consultation in any of the following ways:

- Visit the LDC Web Site [www.lewes.gov.uk/council/landportbottomsurvey.asp](http://www.lewes.gov.uk/council/landportbottomsurvey.asp) where you can take part in the survey
- Send your comments directly to Lewes District Council via the Customer Services help desk either by phone – **01273 484999**, email [customer.services@lewes.gov.uk](mailto:customer.services@lewes.gov.uk), or by post **Lewes District Council Community Services, Southover House, Southover Road, Lewes, BN7 1AB.**

Consultation will take place throughout 2011 and publicity will accompany this signage. There will also be a public consultation event on site in the summer.

Please see LDC web site and local press for more details.
