Section 73a retrospective application for single storey side/rear extension, open sided glass roofed covered walkway to rear and gated parking area at

front of property with new vehicular access and alterations to first floor extension approved under ref: 180360 – **OLD TOWN**.

The Senior Specialist Advisor (Planning) presented the report. The application had been brought to the Committee following issues relating to the retrospective proposals and the number of objections received. It was noted the proposal description had been revised to take into account the works undertaken on the property.

The Committee was advised by way of an Addendum that no further representations had been received since the publication of the report. Paragraph 11.9 was amended to refer to condition 4, paragraph 11.5 instead of paragraph 11.6 (Programme of Works).

The Senior Specialist Advisor (Planning) advised verbally that Paragraph 11.5 (Programme of Works), would be brought forward from 3 months to 1 month of the date of permission.

Councillor Ungar, East Sussex Ward Councillor, addressed the Committee as a near neighbour and on behalf of the local residents in objection to the application. Councillor Ungar left the room after speaking as he had a prejudicial interest in the matter.

The Committee raised concerns regarding the unauthorised alterations and the visual impact, colour, windows, bulk, height and drainage. It was felt that further landscaping would soften the visual impact.

The Committee questioned the restriction of further development. Officers advised that the retrospective application was permissible and that enforcement measures would be applied if the conditions were breached.

Councillor Taylor proposed a motion to approve the application in line with the officer's recommendation. This was seconded by Councillor Miah and was carried.

RESOLVED: by (6 votes to 1 against) to delegate to the Head of Planning for Officers to negotiate improvements to the appearance of the building and then to grant planning permission, subject to the conditions set out in the officer's report (taking account of amended plans) and for the submission of the Programme of Works be brought forward to 1 month of the date of the permission.
