

Hello

I live at 1 Friars Walk with my children and we wish to object to the Sunday late licence application for the new business in the Premier Inn development.

There is already a considerable amount of noise due to the late drinking at Fuego, and sometimes drunk customers can be intimidating when we walk past: swearing and making comments and blowing smoke in our faces.

There would be considerable noise and other pollution as well as some anti-social behaviour on a Sunday as well, which would affect the residents of Friars Walk, if this additional licence is allowed to go ahead.

Kind regards

Deb Jones
