

2 Old Court House, Friars Walk Lewes

I live at 3 Friars walk. I have seen a notice on the the above premises notifying that the new tenants have applied for a licence until 11.30pm Monday to Friday. The neighbouring premises Fuego only have a late licence on Friday and Saturday evenings (as I believe was the case which the previous tenants of Aqua). Particularly in the summer months, there have been numerous problems with parties of drunk people fighting and causing problems in the street after late night drinking. These problems have been logged with the police who are aware of the issues. I strongly object to the new premises having a late licence every day of the week in what is effectively a residential area.
