

Appendix 4.2

I strongly object to the proposed licensing of the former Acqua restaurant in Friars Walk at 2 Oñd Courthouse, to include 11.30 closing on a Sunday. It is in a residential area which already suffers from high levels of late night noise and anti-social behaviour which causes absolute misery. I live on this benighted street, and have to get up [at 5.00 am on Monday](#) mornings to go to work. It will make life impossible for residents who have had enough already got in the form of late-night yelling and drunken behaviour on Fridays and Saturdays but also during the week.

It must NOT be granted. It is a wholly unreasonable and unnecessary request, incompatible with the area which has a high number of working people, small children and the elderly. To grant this license would be unreasonable according to Wednesbury principles.
