# **Background**

Between 30 October and 31 December 2019 Lewes District Council invited comments from residents, landlords, private and council tenants and other stakeholders over proposals to stop providing a 100% council tax discount for the first month that a home is empty and unfurnished. This is known as a 'Class C' discount. The changes would take effect from 1 April 2020.

The benefits of proposing this change were states as:

- property owners would be encouraged to bring empty homes back into use more quickly – the council can help owners find tenants if needed,
- income from council tax would increase,
- the administration costs of processing these discounts would be reduced.

# How we consulted

- We carried out a public consultation from 30 October to 31 December 2020.
- We published a page on the council website which included the proposals and rationale for these.
- We provided an online survey for respondents to structure their feedback and made the offer of providing paper copies of this on request.
- We also offered the consultation information in different languages and formats
- We publicised the consultation through the local media, our social media channels, via the council's website and by email to the council's consultation mailing list.

# **Key findings**

- 60% (103) of respondents agreed or strongly agreed with the proposals.
- 37.5% (65) of respondents disagreed or strongly disagreed with the proposals.

- Need to have a month to repair / refurbish a properties and find a new tenant – 15 comments
- I am supportive of the proposals 15 comments

Unfair or distressing in the case of a bereavement – 6

Discount should be offered to private owners (not landlords) - 6

Other comments - 19

# The following comment was also received from Wivelsfied parish Council:

"Wivelsfield Parish Council strongly objects to this proposal. Councillors noted that the policy makes no distinction between the reasons for which a property may be empty. It was felt that if the owner is making an effort to let the property, sell it, or if the owner has just died, you should not be forced to pay council tax. If the property is empty, no-one is using services to be charged council tax on, therefore it would be more appropriate to have a six month grace period in which no council tax is charged."
