

Item 16(b) – Motion – New Hospital for Eastbourne

Alternative Proposal to be moved by Councillor Smart

“This Council welcomes the Government’s commitment to provide a new hospital in Eastbourne and calls on East Sussex NHS Hospitals Trust to:

- Use this “once-in-a-lifetime opportunity” to design state-of-the-art facilities catering for all core services and,
- Share its “Building for our future” Strategic Outline Case for this new hospital with the “Save the DGH Campaign Group” (and other relevant bodies) for constructive scrutiny without delay.”
