

Part A

Corporate Performance Q3 2017/18

1.0 Introduction

- 1.1 The performance of the Council is of interest to the whole community. People expect high quality and good value for money services. Performance monitoring, and a strong performance culture helps us to ensure we continue to deliver excellent services and projects to our communities in line with planned targets.
- 1.2 This report sets out the Council's performance against its targets and projects for the third quarter of 2017/18 (October to December 2017).
- 1.3 The Council has an annual cycle for the preparation, delivery and monitoring of its corporate and service plans. This cycle enables us regularly to review the Council's work, and the targets it sets for performance, to ensure these continue to reflect customer needs and Council aspirations.

2.0 Themes and Priority Visions

- 2.1 The Corporate Plan was developed with four themes to focus delivery of improvement activity for the borough. Each of these themes had its own priority vision for how the authority and its stakeholders wanted Eastbourne to develop. Performance is measured against these themes and objectives.

3.0 2017/18 Q3 Performance Overview

- 3.1 Appendix 1 provides detailed information on progress and performance for Members' consideration, clearly setting out where performance and projects are 'on track/on target' and where there are areas of under-performance/concern. Where performance or projects have not achieved target, an explanation is provided, together with a summary of the management action that has been taken to address this. The Appendix is structured around the key theme areas.

- 3.2 The Council uses a Project and Performance Management System (Pentana - formerly known as Covalent) to record, monitor and report progress and performance. The system uses the following symbols to indicate the current status of projects and performance targets:

	Performance that is at or above target
	Project is on track
	<ul style="list-style-type: none">• Performance that is slightly below target but is within an agreed (usually +/- 5%) tolerance• Projects where there are issues causing significant delay or change to planned activities
	<ul style="list-style-type: none">• Performance that is below target• Projects that are not expected to be completed in time or within requirements
	Project has completed, been discontinued or is on hold
