

<b>Body:</b>	<b>Cabinet</b>
<b>Date:</b>	<b>6 February 2019</b>
<b>Title:</b>	<b>General Fund Revenue Budget 2019/20 and Capital Programme 2018/19- 2022/23</b>
<b>Report Of:</b>	<b>Chief Finance Officer</b>
<b>Ward(s)</b>	All
<b>Purpose of Report:</b>	To agree the detailed General Fund budget proposals for 2019/20 and Capital Programme 2018/22.
<b>Decision Type:</b>	Key Decisions requiring approval of Full Council.
<b>Officer Recommendation:</b>	Members are asked to recommend the following proposals to Full Council: <ul style="list-style-type: none"> <li>(i) General Fund budget for 2018/19 (Revised) and 2019/20 (original) <b>Appendix 1</b> including growth and savings proposals for 2019/20 as set out in <b>Appendix 2</b>.</li> <li>(ii) An increase in the Council Tax for Eastbourne Borough Council of 2.99% resulting in a Band D charge of £246.77 for 2019/20.</li> <li>(iii) Revised General Fund capital programme 2018/22 as set out in <b>Appendix 3</b>.</li> <li>(iv) Notes the section s151 Officers sign off as outlined in 1.6.</li> </ul>
<b>Reason for recommendations:</b>	The Cabinet has to recommend to Full Council the setting of a revenue budget and associated council tax for the forthcoming financial year by law.
<b>Contact Officer(s):</b>	Homira Javadi, Chief Finance Officer E-mail address: Homira.Javadi@lewes-eastbourne.gov.uk

## **1.0 Introduction**

1.1 This report sets out the general fund revenue budget proposals for 2019/20 and a rolling medium term capital programme for 2018/22.

1.2 The Housing Revenue Account 2019/20 and associated capital programme, together with rent setting for 2019/20 is subject of a separate report elsewhere on this agenda.

1.3 The Council revised its Medium Term Financial Strategy (MTFS) in July 2018 and the Cabinet recommended a resulting draft 2019/20 budget proposal in December 2018 following the service and financial planning process in the autumn.

1.4 The MTFS and the draft budget have been subject to consultation as reported to Cabinet and Scrutiny since December.

1.5 The budget is the product of various plans and strategies as part of an integrated and corporate planning process and is linked principally to:

- The MTFS
- Asset Management Plans
- The Corporate Plan
- Workforce Strategy
- Treasury Management Strategy
- Service Plans
- HRA business plan
- Joint transformation programme with Lewes DC

1.6 The Chief Finance Officer has a specific legal responsibility to give positive assurances on:

- The robustness of the estimates used in the budget
- The level of reserves

If the recommendations of this report are agreed, then these assurances will prevail.

## **2.0 Summary of recommended budget proposals**

2.1 The budget proposals include:

- An increase in the Council Tax in 2019/20 of 2.99%.
- Dealing with further reductions in Government funding of £0.445m.
- Overall savings/new income totalling £1.7m (13% of the net budget).
- Efficiency savings of £0.6m (2% of the net budget).
- New and increased income £1.1m (8% of the net budget).
- Inflation and unavoidable costs of £0.6m (2% of the net budget).
- Other recurring service growth of £1.1m.

- Non recurring service investments met from general reserves of £0.5m.
- Non recurring investment from Devonshire Park reserve £0.7m.
- General Reserves averaging at £4m (against the existing minimum recommended of £2m).

2.2 The budget represents continued management of financial risks by:

- Building on a balanced outturn position.
- Balancing the base budget requirement without needing to use reserves for recurring expenditure.
- Managing the new and increased demand on services, such as homelessness.
- Identifiable and deliverable savings with accountability and no general unidentified targets.
- Reserves above the minimum level.
- Providing the funding required for the Joint Transformation Programme to deliver the future savings required by the MTFS as well as capital investments in revenue generating assets.

### 3.0 2019/20 General Fund Resources

#### Government Funding

3.1 The underlying methods of Local Government financing have changed significantly in recent years including the wrapping up of grants in the base “Standard Funding Assessment” notably:

- The council tax freeze grants (2011-15)
- Some new burdens grants
- Homelessness grant
- Grant for Flood Defence Levy

3.2 For Eastbourne the Headline figures of the Government settlement are:

- A further reduction in revenue support grant of £0.445m to nil.
- Further reduction in new homes bonus of £0.156m from the 2018/19 level.
- A real reduction in resources from Government of over 40% over the period to 2016-2020.

3.3 The NNDR business rate base has remained volatile largely as a result of the economic uncertainty, continued provision for appeals and resulting collection fund deficit, despite an inflationary increase which is linked to the September 2018 CPI and a potential overall increase yet to be confirmed in the gross rateable values. The Government will reassess the “needs formula” to reflect demand for services and adjust redistribution accordingly from 2020 onwards.

Following the government’s invitation for authorities to submit an application for the 75% business rates retention pilot and success of East Sussex submission, the Council is likely to benefit from an additional £200k retained income.

- 3.4 The Government has announced that Eastbourne will receive just under £0.2m in total of new homes bonus due to the growth in housing in the area (a reduction of £0.2m on the projection) The settlement reduced the period from 6 to 4 years that NHB is payable as well as a minimum threshold of 0.4% increase in Band D equivalents before qualifying.
- 3.5 The Government approved the Council's joint efficiency statement and application for the 4-year settlement (to 2020). Over 97% of Councils have opted for the fixed settlement including all neighbouring authorities.

#### Council Tax

- 3.6 The proposal is for an increase in council tax of 2.99% for 2019/20 which results in a Band D rate of £246.77 for Council services.
- 3.7 The Council has to give an indication of likely future council tax rises, it is still expected that council tax will rise in line by inflation 2% to 3% per annum for each of the next three years. This is within the Government's target for inflation (1-3%) and also the current ceiling on rises that would otherwise require a referendum.
- 3.8 Within this context, for 2019/20, the Council will raise £8.6m from its share of the council tax. This is determined by multiplying the council tax base of Band D equivalent dwellings by the Band D tax rate of £246.77 per annum.
- 3.9 In addition, there is a distribution of £0.58m payable to EBC to the collection fund due to a collection fund surplus.

#### 3.10 Summary – 2018/19 Resources

A summary of the resources available is shown below:

<b>Source:</b>	<b><u>£'m</u></b>
Government formula grant	(0.0)
Other grants	(0.2)
Retained business rates	(4.4)*
New Homes Bonus	(0.2)
Contribution from East Sussex Business Rate Pool	(0.2)
Collection Fund Surplus	(0.1)
Council tax	<u>(8.6)</u>
<b>Total Resources Available</b>	<b><u>(13.7)</u></b>

*\*To be finalised*

- 3.11 In order to achieve a balanced budget without using reserves for recurring expenditure, the Council needs to set a net recurring budget for 2019/20 of £13.7m. In addition, the Council will fund non-recurring investments of £0.5m from reserves as well as £0.7m from the Specific Devonshire Park reserve.

## 4.0 Specific Grants

4.1 In addition to the general grant distributed through the new formula grant system, which is given towards financing the Council's net expenditure, the Government also provides some specific grants. These specific grants will fund in part or in full, service costs.

Grant	2019/20 £'m
Housing Benefit Subsidy	(50)*
H B Administration Grant	(0.4)
<i>* Approximate</i>	

### 4.2 Housing Benefit Subsidy:

As part of a national scheme delivered locally, this grant is intended to reimburse the Council for the awards of benefit it makes to eligible tenants in both the private and public rented sector. Not only is this by far the largest single specific grant that the Council receives, but it is performance related. The Council has maintained its good performance in recent years.

The system of universal credit (UC) is due to be completed in this parliament which will see the caseload moved to the Department for Work and Pensions. Currently only new applicants are put on universal credit. The main rollout of UC in Eastbourne started in 2017, in line with most of local authorities caseloads remain constant resulting in an increase in Housing Rent arrears, and the number of families presenting as homelessness with a reduction in the private sector rental market.

The Housing Benefit admin grant has been reduced by at least 5% per annum for the last 7 years from £0.8m to £0.4m. The caseload has reduced only marginally in that time, and additional complexity has been introduced as part of the welfare reform programme.

### 4.3 Homelessness:

This is intended to assist with prevention and to find alternative accommodation other than bed and breakfast. This grant has now been subsumed into the main grant system. The government did announce a special grant for homelessness prevention during 2019/20. The Council has adopted a affective homeless prevention model to reduce the cost of families put into temporary accommodation. Homelessness continues to present a significant financial risk to the Council as not all costs are funded by Housing Benefit.

### 4.4 New Homes Bonus:

This was introduced in 2011/12 (£187,000) and grew to £1.040m in 2016/17 awards are currently guaranteed for four years which is a change from the original scheme which was 6 years. The Government has top-sliced an amount

equivalent to 0.4% growth to divert resources to upper tier authorities for adult care services. Further reductions down to approximately £0.2m per annum are expected by 2020.

## 5.0 Budget movements 2017/18 to 2018/19

5.1 The detailed budget proposals are set out in **(Appendix 1)** show in detail the movement from the 2018/19 budget to the 2019/20 proposed budget. The movements are summarised below: -

5.2	<b>Movement from 2017/18 Base Budget:</b>	<b><u>£m</u> <u>Total</u></b>
	<b>Change in resources:</b>	
	Government grants	0.7
	Council Tax	(0.2)
	Business Rates	<u>(0.5)</u>
		0.0
	<b>Cost increases:</b>	
	Inflation and unavoidable costs	0.6
	Other growth and changes in income	<u>1.1</u>
		1.7
	<b>Savings:</b>	
	Efficiency savings	(0.6)
	Increased Income/other changes	<u>(1.1)</u>
		<u>(1.7)</u>
		<u>0</u>

5.3 If Cabinet approves the proposals set out in the report it will be able to recommend to Council on 20th February a balanced budget in line with available resources without the need to use reserves for recurring expenditure.

5.4 The Council now follows a rolling three-year financial planning cycle and the service and financial plans have been set out in detail for 2019/20. The next MTFS due in July will project forward a further three years and continue to provide the basis of service and financial planning for the medium term. It should be noted that at a significant level the savings required for the next MTFS have already been identified, further reports to Cabinet will detail the business plans under the Joint transformation programme and income generation initiatives.

5.5 The Government set out a revised four year programme of reductions in funding and the Council's current MTFS already takes account of this overall however the MTFS will be refreshed in July following the year-end outturn for 2018/19.

## 6.0 Risks, Contingencies and Reserves

6.1 All budgets contain an element of financial risk. The Council sets an operational budget with careful consideration of known risks, but accepts that this cannot cover every eventuality. As a consequence, the Council sets a contingency budget and holds a minimum level of general reserve as a hedge against

additional and significant financial turbulence.

## 6.2. Principal Risks

The key areas of financial risk that the Council faces in the operation of its 2019/20 budget are: -

- Economic uncertainty
- Housing Benefit Performance
- Welfare reform and Homelessness
- Inflation on goods and services
- Income from services linked to customer choice (theatres, tourism; sports centres, car parking)
- Legal challenges
- Savings or new income streams being delayed
- Excessive demand for services
- Failure to realise capital receipts to finance the capital programme

On an exception basis, information on each of the risk areas identified above, together with any new and significant risks that may emerge over the course of the year, will be included in each financial performance report to Cabinet and Scrutiny during 2019/20.

## 6.3 Contingencies

The 2019/20 budget includes appropriate levels of corporate contingency budget to allow for unexpected expenditure or reductions in income. This is in addition to the known inflation that has been built into the service budgets and reserves.

## 6.4 Reserves

Part 2 of the 2003 Local Government Act requires the Chief Finance Officer to report on the adequacy of the proposed financial reserves, and determine the minimum level required. There is no statutory minimum requirement, but reserves must be set at a prudent level given the activities of individual Councils and potential liabilities that they face or may face in the future i.e. a risk based approach. The Council's earmarked reserves are reviewed at least annually for adequacy. If at any time the adequacy is in doubt the Chief Finance Officer is required to report on the reasons, and the action, if any, that he considers appropriate.

The Council will always seek to contain any unforeseen additional costs within allocated annual budgets, including the contingency budget. However, it is proposed that in addition the minimum level of general reserves be set at £2m based on the following:

Risk	£m
Unexpected Events e.g. flooding, major storm in excess of Bellwin Scheme provision	0.2
Significant financial overruns e.g. prior year negative Housing Benefits subsidy adjustments/homelessness and costs of welfare reform.	0.7
Exceptional fluctuations in income that have a major corporate impact	0.7
Cost of providing priority services during an incident or emergency in excess of insurance cover	0.2
Cost of significant breach of legislation e.g. health and safety, human rights	<u>0.2</u>
<b>TOTAL</b>	<b><u>2.0</u></b>

The overall proposed minimum level of £2 million is the same as the current year albeit with some revision to the categories. It is the view of the Chief Finance Officer that this level of reserves remains adequate to meet the current commitments and proposals detailed within this report and any unforeseen expenditure that cannot be met by external resources.

Should the budget recommendations be followed, the level of general fund reserves is projected at over £4m by March 2019 (**Appendix 1**). In addition to acting as a potential buffer against future risks, this should create further opportunities for one off investments in the future.

#### 6.5 Other earmarked revenue reserves

The Council has been following a process of consolidating its reserves into the corporate reserves above. This better facilitates corporate priority planning. The only further reserves that the Council holds have other obligations attached (e.g. Section 106/partnership contributions).

#### 6.6 Chief Finance Officer sign off

The Chief Finance Officer is satisfied that the integrated budget and corporate planning process provides a robust basis for identifying appropriate budget estimates and appropriate level of reserves.

### 7.0 **Capital Programme 2018/2022**

7.1 The principles for formulating the capital programme were set out in the draft budget report submitted to Cabinet on 12th December 2018. All schemes have been agreed by the Council previously.

7.2 The Council has a policy of only using borrowing for schemes that are invest to

save and can generate enough savings or additional income to service the financing costs.

7.3 The Housing Revenue Account capital programme is set out in another report on the agenda and is financed entirely from HRA resources. Once approved it will be amalgamated with the general fund programme.

7.4 No future capital receipts have been factored into the available resource where there is not a significant chance of them materialising. There will be opportunities to supplement the programme as the three-year period progresses.

## **8.0 Consultation**

8.1 The Council's medium term financial strategy and the resulting draft budget proposal for 2019/20 as reported to Cabinet in December have been subject to wide and varied consultation. The Scrutiny Committee held a finance event in October and has been invited to comment on the budget proposals at its meetings in December and February.

## **9.0 Financial**

9.1 The financial implications of all budget proposals are set out throughout the report and/or within its Appendices.

## **10.0 Legal Implications**

10.1 Section 151 of the Local Government Act 1972 requires that every local authority make arrangements for the proper administration of their financial affairs and shall secure that one of their officers has responsibility for the administration of those affairs. .

10.2 Sections 32 and 43 of the Local Government Act 1992 require local authorities to have regard to the level of reserves needed for meeting estimated future expenditure when calculating their budget requirement.

10.3 The Chief Finance Officer, appointed under sec 151 mentioned above, has a duty to report on the robustness of estimates and adequacy of reserves under section 25 of the Local Government Act 2003.

## **11.0 Risk Management Implications**

11.1 A full risk assessment was provided as part of the MTFs approved by Cabinet in December 2018.

## **12.0 Conclusion**

The Council is reasonably placed financially to meet the demands on its services as well as the reductions in Government support. However, the challenge over the medium term is profound and more change is necessary to move to a sustainable position. The Council is more dependent on commercial activities than it has ever been and this requires a high level of monitoring and risk

management.

### **13.0 Appendices**

1. General Fund Revenue Budget 2018/19
2. Savings and Growth Items 2019/20
3. Revised General Fund Capital Programme 2018/22

### **14.0 Background Papers:**

The Background Papers used in compiling this report were as follows:

Cabinet reports

December 2018

- Council Tax Base for 2019/20
- Draft Budget Proposals 2019/20

July 2018 – Medium Term Financial Strategy
