The Committee was advised by way of an Addendum that no further representations had been received since the publication of the report. Amended drawings had been received for an additional window on the North Street elevation. Discussions had taken place regarding the S106 contributions. Although discussions were ongoing, the scheme was not viable for financial contributions outlined in the Financial Viability Statement, and through delegated authority, Officers would resolve the servicing arrangements with East Sussex County Council Highways (ESCC) relating to contributions; highways matters, and the legal position concerning the removal of parking permits.

The Committee welcomed the proposal and the collaborative approach between the developer, residents and the Eastbourne Society. The Committee sought clarification on various points: emissions; density, total number of units, scales, roof materials, disabled parking, staircases, practicality of the amenity space, enforcement of parking permits and provision of exterior railings. Officers responded to the matters raised.

Councillor Taylor proposed a motion to approve the application in line with the officer's recommendation. This was seconded by Councillor Miah and was carried.

 - a) any contributions that the scheme can financially sustain; and
 - b) a review mechanism to ensure any market changes affecting the scheme's viability will capture any contributions that become viable.
2. If no meaningful progress is made in the S106 within 6 months of the date of this approval, then the Head of Planning be authorised to refuse the application given that the development has failed to deliver sufficient infrastructure to mitigate the impacts of the development.
